THE HONOURABLE AND REVEREND H. J. CODY, M.A., D.D., LL.D.

## A MESSAGE FROM THE PRESIDENT

*To the Members of the Graduating Classes:*

TO you, the members of the graduating classes on the different faculties and departments of this large and varied university, I offer my hearty congratulations on your passing a notable milestone in your life's journey, and my best wishes for your future success. True success will be estimated in terms of your ability to make a good living, to build a good life, and to mould a better world.

You have come to your kingdom of opportunity at one of the great turning-points of human history. Last September the storm-clouds, long hanging over the world, broke and the tempest of war swept down upon us. Only gradually are we realizing that we are committed to a struggle that may be long, grim and costly. The military authorities desired that university students should finish their courses and be the better trained for the duties and sacrifices which would later confront them. Meanwhile the Officers' Training Corps enrolled about 1,800 men—graduates and

undergraduates. These have been tested, reduced in numbers, and are being trained as potential officers. Whether for industry in Canada or for the active service ranks overseas, the call for trained men will be urgent.

At the beginning of the term I put before you the supreme need of hard work and full preparation for whatever lay ahead. Seriousness and diligence and care for bodily as well as mental and moral fitness have been the background of our work, our games and our recreations. I would like to express my hearty thanks to the Editor and staff of *The Varsity* for the fine lead they have given to the whole student body. They have realized that we are living at a great time and must have some greatness of soul with which we may meet it.

As Canadians we have felt that in the passing of John Buchan, Lord Tweedsmuir, we have lost a good friend, a great and cultured scholar, and one who really understood our ambitions, our strivings and our ideals. Some of his words I would specially wish to emphasize. (1) In speaking in our own Convocation Hall when he received an honorary degree in 1935, he said: "If the main function of a university is, as I believe it to be, the guardianship of the central culture of mankind, the trusteeship of humane learning, then the *preservation of this spiritual democracy* must be a vital part of its purpose."

(2) At a famous Boys' School, he warned "You must often make the choice between two ways, right and wrong, the hard and the easy, the long game and the short, and you must *choose alone*. You will find plenty of arguments for the second best, for shirking, for slacking; but if you are wise you will be chary of listening to those soft and facile monitors."

(3) In bidding farewell as High Commissioner to the Church of Scotland he reminded his hearers: "It is on the spiritual greatness of men that the future depends; for if that spirit be weak, we may have a world without war, but also without peace; a world with a measure of prosperity but with no happiness. I want to see pride in the past, courage in the present, confidence and hope in the future—strong hands, and high hearts and humble minds."

(4) In addressing a group at Montreal not long before he died, he set forth the issues of the war. "We are not fighting for territory, or wealth or power. We are not even fighting for democracy as a mere system of government; but for those spiritual values that lie behind it and alone make life worth living."

Let us increasingly realize how fundamental—how vital—are the principles at stake in this War. It is verily a crusade. It has been well said that all that is best in our Western civilization is a combination of the *Christian Ethic* (which embraces the Jewish)—that the weak have rights as well as the strong and that the strong must set limitations upon their own power; the *scientific spirit*, whose search for truth transcends the State; and the *rule of law*, that contract is superior to arbitrary force. These, one and all, are imperilled or scorned or suppressed by the Nazi State. We are therefore, in the last resort, fighting to save the humane civilization, which we have so long and so slowly been striving to build up, from degradation and destruction. Never has a war been fought on a greater issue. May God defend the right and give it a speedy victory!

In conclusion I would add three remarks:

1. If the best contribution a university can make to its country is a due supply of well-trained, well-disciplined, well-balanced graduates, I trust that you will all devote your best and utmost to the great cause, as occasion may demand.

2. Take always an active and intelligent interest in the public affairs of our land. Unless there are enough citizens of character and knowledge, democracy will collapse.

3. A recent remark of the British Ambassador to the United States: "The root disease of modern society is its dethronement of religion as the governing motive in society."

My best wishes to each and all. Gratefully remember your *Alma Mater*, as she proudly and affectionately remembers you.

H. J. Body

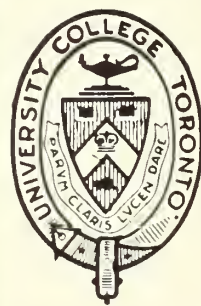

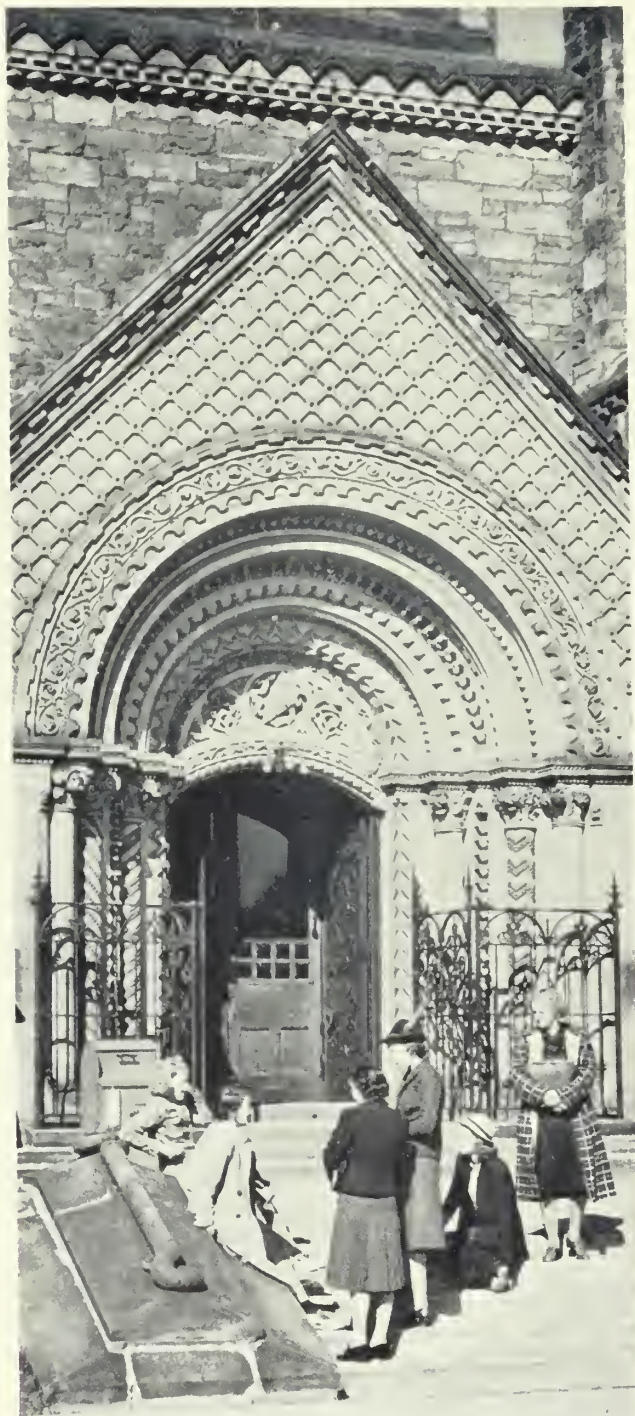

President.

# UNIVERSITY COLLEGE TO THE GRADUATING CLASS

by  
**Principal Malcolm W. Wallace,  
B.A., Ph.D.**

**Y**OU are graduating at a time when it would seem that the confusion of the world could hardly become greater. The almost incredible fact that we are once more at war after a respite of only twenty years bears eloquent testimony to the fact of men's inadequacy in dealing with their international relations. We hate war, but almost against our will we have been compelled again to take up arms. It was only when cynical injustice and cruelty threatened to swallow up every vestige of free government in Europe that the British Empire and France resolved to challenge the no longer tolerable German programme. And horrible as war is, with its indefinite commitments and its dislocation of all decent human enterprises, there are few Canadians who regret that we have taken our stand. We are making our contribution to the defeat of a power so alien from our way of life, so sinister in its all-devouring ambition, that if it succeeds in its purposes there can be no place left on this earth for democratic ideals. In a word, we are fighting for the survival of our own way of life, and for that of the small nations of Europe who prize their own culture and autonomy.

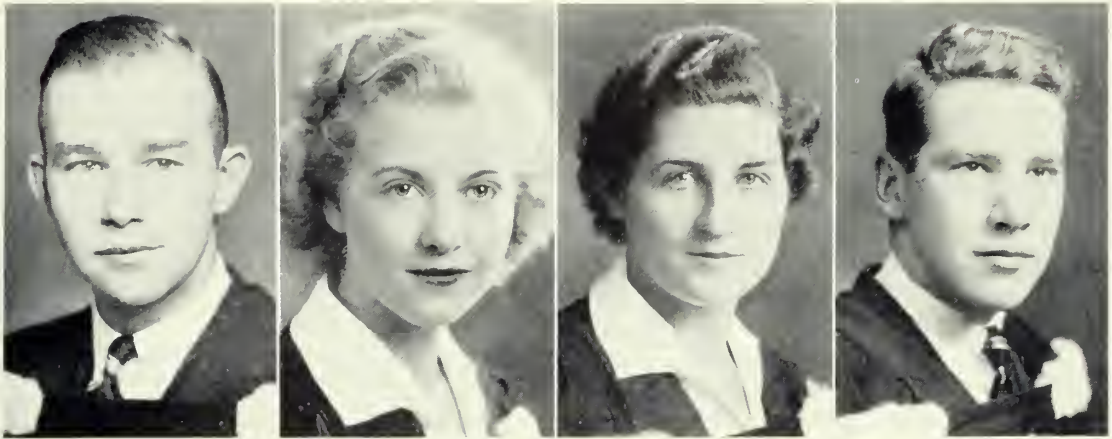

At the present moment we can make no reasonable guess as to where and how the war will end. We lack the wisdom to see clearly a new organization of the nations which will give us some assurance that the intolerable evil of our days will not be recurrent. We do not even know certainly who are or who may be our enemies in the struggle. Amid such confusions there is a danger that we cease to hold fast to any certainties, and without some clear-cut convictions regarding human values it is absurd to think that we may indulge in dreams of a better world in the future. We must believe in the beacon-lights that still shine in the darkness or we are lost indeed.

And what are these beacon-lights? It would be mechanical and futile merely to catalogue them. They may be perceived most truly in the illumination which they cast on all the great literatures of the world. It is not conceivable that men will ever fail to respond to the great ideals of justice, mercy, self-sacrifice, self-control, magnanimity. "The impossible ethics of Christianity" tell us all that we need to know to live wisely and to satisfy the deepest aspirations of our best selves.

I have been much impressed by a book which I read recently by a French aviator. He delights in danger and adventure, not for themselves but because they have revealed to him something of the fundamental nature of the human spirit, and I commend to you these sentences from his story:

"No man can draw a free breath who does not share with other men a common and disinterested ideal. Life has taught us that love does not consist in gazing at each other, but in looking outward together in the same direction. There is no comradeship except through union in the same high effort."

**UNIVERSITY COLLEGE 4T0 PERMANENT EXECUTIVE**

ERNEST SMITH, *President*; HELEN GARDINER, *Vice-President*; EVELYN BIXEL, *Secretary*; BILL FOULDS, *Treasurer*.

## Message From Class of 4T0

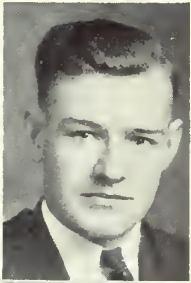

**F**OUR years! Four years since we defended our peppermint-coloured ties from the onslaughts of the big, bad Schoolmen; four years since the quaking freshettes walked the halls of U.C. with a black cowl over their heads, a different-coloured stocking on each leg, and wearing a paper apron containing essential information for the benefit of all males. How far off 4T0 seemed to us at that time and now, all too soon, we hope to hear *admitto te ad gradum* from the lips of our college's oldest graduate. It is impossible to express our feelings, as we leave the college which was part of our life for three, four or fi — (who said that?) years. It is still more impossible to attempt to chronicle individual achievements and disappointments over those periods. A few impressions and thoughts only, we leave to you.

We are proud to note that U.C. is today in an infinitely stronger position than when we entered. One need only to look at the intramural records to realize the enormously increased percentage of U.C. undergraduates who are taking part in intramural sport. We are winning championships too, both women and men. To scholarship, to entertainment, to dramatics, to debating, to journalism, to administrative positions, 4T0 has given her share. But best of all we feel as a part of us that intangible something without which no college fully exists, the "spirit" which has grown up in the past few years and will increase in the years to come.

We leave the safe walls of college life to meet the challenges of a turbulent world. Some of us will find time to return often to U.C., some of us may be far away and unable to do so, but for all of us, the friendships made at U.C. and their pleasant associations will always remain a part of us and to you who will carry on after us we say:

"Come! Let us drink to U.C.  
As she marches to victory!"

# *Victoria College*

## 1836      VICTORIA UNIVERSITY      1940

### On the Old Ontario Strand

FOR the first fifty-six years of its history Victoria University was located in Cobourg. The Upper Canada Academy was opened in 1836 and on October 12th of the same year the Royal Charter was granted by King William IV. In 1841 the Charter was extended to include degree-conferring powers and the name was changed to Victoria College. The first degree in Arts in Ontario was conferred by Victoria College in 1845 on Oliver Springer. A Faculty of Medicine was added in 1854; a Faculty of Law in 1860, and a Faculty of Theology in 1871. A department of Science was organized, and in 1877 Faraday Hall was opened and had the unique distinction of being the first building in the province erected and devoted exclusively to scientific work. In 1884 the name was changed to Victoria University. Egerton Ryerson was responsible for securing the Royal Charter and he was the first Principal of Victoria College in 1841. In 1850 Samuel S. Nelles took charge of the College. Under his wise and far-sighted guidance the work of Victoria grew and expanded as additional faculties were added.

## Federation With the University of Toronto

THE federation of Victoria University with the University of Toronto became an accomplished fact in 1892. Victoria was a pioneer in setting up the system of education by which the provincial university and three independent denominational universities and colleges have in the course of time through their federation agreements established the Faculty of Arts of the University of Toronto as it exists today. Victoria University retained the right to grant degrees only in Divinity and since 1892 Victoria's degree-conferring powers in Medicine, Law and Science have remained in abeyance. From 1892 to 1928 the organization of Victoria University consisted of two faculties, Arts and Divinity. The task of translating the federation agreement into practice was accomplished by Chancellor Nathanael Burwash, who had succeeded Dr. Nelles in 1887 and held office until 1913. During the difficult war years and during the period of expansion in 1920-30 Chancellor R. P. Bowles guided the destinies of the institution.

## The Residences of Victoria University

ALTHOUGH residence accommodation was provided in Cobourg, for the first eleven years of its existence in Toronto, Victoria had no residences for students. With the opening of Annesley Hall Women's Residence in 1903 there was a marked increase in the number of women students. Burwash Hall and the Victoria College Men's Residences consisting of four houses known as North, Middle, Gate and South, the gift of Mr. Chester D. Massey, were completed in 1913. During the Great War the Men's Residences were used almost exclusively for military purposes. In 1926 a splendid addition was made to the buildings of Victoria University with the opening of the Wymilwood Women Students' Union and Residence, the gift of Mrs. E. R. Wood and Lady Flavelle. The new Emmanuel College Men's Residences consisting of five separate houses known as Ryerson, Nelles, Caven, Gandier and Bowles, all constructed on the stair-case plan, were opened in 1931. At the present time Victoria has residence accommodation for 170 women students and for a total of 225 men students in Arts and Divinity. There are dining-rooms for women students in Annesley Hall and Wymilwood, and all men living in the Residences of Victoria University take their meals in Burwash Hall.

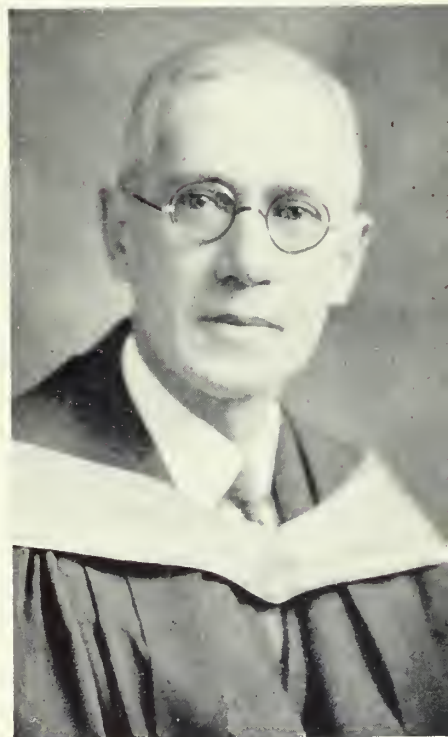

## Victoria College and Emmanuel College

THE consummation of Church Union in 1925 affected both the work and organization of Victoria University. There was a marked increase in the number of students enrolled in Victoria College. The amendment of the Charter contained in the Victoria University Act of 1928 provided for the organization of Victoria University with two colleges, Victoria College in Arts and Emmanuel College in Divinity. In 1929 and 1930 an appeal was made for funds to provide land and buildings for Emmanuel College and improved residential accommodation for the women students of Victoria College. A new academic building was opened in 1931 to provide for the work of Emmanuel College, thereby relieving the great congestion in the Victoria College building. During the session 1939-40 there are 870 students enrolled in Victoria College and 102 students in Emmanuel College. In January, 1930, Dr. Edward W. Wallace was installed as Chancellor and President of Victoria University, succeeding Dr. R. P. Bowles, who had resigned and was appointed Chancellor Emeritus.

## **VICTORIA COLLEGE**

### **TO THE GRADUATING CLASS**

*by*

### **Principal Walter T. Brown,**

**M.A., Ph.D.**

**A**S the recent graduating classes have gone out from these college halls into a world suffering from a serious economic depression, I have tried to peer into the future and find some omen of hope. This year, however, the world situation is darker than it has been for a long time. The poverty and unemployment of these latter years have been followed by an international conflict which threatens our nation and our empire, and at the present time no one can predict its duration nor the toll of young lives which it will exact.

And yet amidst the uncertainties of the present hour there is being born a new attitude and a new temper which is of special significance to college students. Unable to find security in the world, and realizing that civilization is in danger, our age is being driven to look within for those principles which will serve as a guide to life. It no longer takes kindly to those people who parade their disbeliefs and whose only freedom consists in their revolt from social conventions, but is demanding that its leaders have positive convictions. This is a challenge which all university people should willingly accept. College halls have provided you with leisure, the opportunity of reflection, and the guidance of trained minds, and their justification will be found in your ability to re-establish the foundations of civilization upon Christian principles.

## TRINITY COLLEGE TO THE GRADUATING CLASS

*by*

**The Rev. F. H. Cosgrave,**  
M.A., B.D., D.C.L., LL.D.

**T**HE Editor of *Torontonensis* has kindly allowed me to address a brief message to the members of the Graduating Class of 1940. They are going forth from the College and the University at a difficult and dangerous moment in history. Human society, which was so confident in itself a short time ago, is now seriously shaken. It seems to a great thinker like Nicholas Berdyaev that night and shadow are descending on the world as was the case at the beginning of the Middle Ages before the Mediaeval Renaissance. "But," he adds, "stars shine through the night and dawn is coming." That is the faith of most young men and women. They believe that these conditions will pass and that human society will be re-established on sounder foundations and for this end they are well content to toil and suffer. Many of us who are older share this faith. We believe that the restoration of civilization will come through men and women of high courage and sound ideals. The words of the great apostle come home to us with fresh meaning: Let us not be weary in well doing for in due season we shall reap if we faint not.

You and your children will live, I believe, in a world free from the haunting anxieties of the present, a world in which men and women will be more reasonable, a world in which truth and justice will have freer course in human affairs. That you may contribute to the making of such a world is my wish for you as you leave us. It will be so if you heed the exhortation of the same apostle, "Be ye steadfast, unmoveable, always abounding in the work of the Lord, for as much as ye know that your labour is not in vain in the Lord."

**ST. MICHAEL'S  
COLLEGE**  
**TO THE GRADUATING CLASS**  
*by*  
**Rev. E. J. McCorkell, B.A., M.A.**

**T**HE Class of 1940 goes forth under conditions of anxiety and distress in the world, perhaps unprecedented. What the future holds for each one of you in war or peace no one can predict, but I cherish the hope that you are not unprepared for any emergency. With a single aim to the glory of God, the welfare of your country, and your own ultimate happiness your college within the University has endeavoured to give you an intellectual training, as well as a spiritual and moral formation. You have cultivated under our guidance the intellectual and moral virtues, and have become, I trust, familiar with the most valuable ideas in the Christian tradition. If you are reasonably well grounded in these virtues, and have a sufficiently vital grasp of those ideas, you will be able to adorn the tradition which you have inherited whether the twilight in which our common culture is enveloped at the moment be that before the dark or before the dawn. Hold fast to this tradition in the changing world about you; it will save you and you will be the means of preserving it.

I urge you once again to be men and women of prayer. The world has come to such a sorry pass largely because it has forgotten the practice and even the meaning of prayer. It has lost touch with the supernatural. The wind was sown last century in the rejection of the supernatural, man progressively taking things into his own hands to the exclusion of God, and the whirlwind is now being reaped in the almost complete engulfing of man in the material world which he sought to dominate. The outlook would be entirely discouraging, were it not that here and there in unexpected places the mistake is being admitted, and a rare opportunity to reverse the trend of things through truly Christian thinking and living may well be at hand. If so the twilight in which we grope is a prelude not to a deeper darkness, but to the dawn. God grant that it may be so!

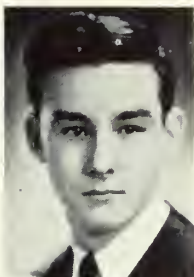

Prayer and the sacraments are your contacts with the supernatural, under the influence of which your heads will be clear and your hearts strong to see your task and to do it.

**John Milton Alger**  
Auburn, N.Y.

Pass Arts. A graduate of Holy Family Academy, John's activities embraced the Science Club and the Beagle and Quail Club I-III. Was a hot-shot with Junior Varsity quintet; Manager of the champion Mulock's III. His future includes the pursuit of happiness and medicine via Georgetown University.

**Gerald Lawrence Babcock**  
Toronto, Ont.

Pass Arts. "Jerry" matriculated from St. Michael's College School and since then has spent his winters playing softball and his summers at the Coniaurum mine. He remains an active member of the C.Y.O. and the C.O.T.C. and looks ahead to a business career.

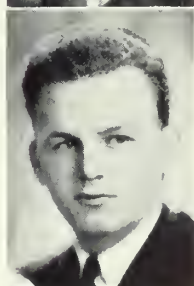

**Charles Daniel Barry**  
Pittsfield, Mass.

Pass Arts. Graduated from St. Joseph's High School. Was a member of S.A.C. III; Vice-President of Senior Class; on Mulock Team I-III; Interfaculty Basketball and Softball I-III. Was also technician of St. Mike's Dramatic Guild. Intends to help "Uncle Sam" run the United States.

**John Thomas Bryant**  
Saratoga Springs, N.Y.

Pass Arts. Raised in the shadow of the track, John arrived from St. Peter's Academy and has since busied himself with Interfaculty Basketball I-III, Volleyball I-II and Water Polo I-III. Was an active member of the Beagle and Quail, and his future will begin at Albany Law.

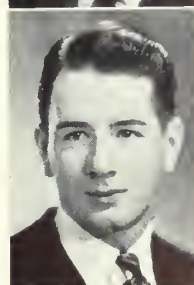

**Thomas L. M. Coleman (EAΣ)**  
Warsaw, N.Y.

Pass Arts. Back in Western they had a word for it, for his destiny was to become the boy in St. Michael's. A picturesque past written back in the Genessee, his present scrawled across St. Michael's, there remains Georgetown, Law and the future.

**Bernard Robertson Collins**  
Belleville, Ont.

Pass Arts. Graduated from St. Michael's Academy. Was a member of the Senate Club II, III, Secretary III; Oratorical Club III. Hart House snookerites know him as "Rob". Is one of St. Mike's better authorities on football and hockey. What Varsity loses, O.A.C. or Osgoode will gain.

**James Robert Costello**  
Troy, N.Y.

Pass Arts. Came to St. Michael's and Varsity from Catholic Central High School, Troy. Was active in Interfaculty Athletics and a member of St. Michael's Science Club. Ambition: teaching.

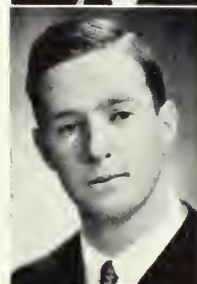

**James Joseph Cregg (EAΣ)**  
Syracuse, N.Y.

Pass Arts. Hailed from the Paduan Academy and as "Captain Jim" led the champion Basketball Intermediates II and was featured with *The Varsity* I-III. Was a member, too, of the Athletic Directorate; Italian Club I-II, Treasurer III; and the Senate Club III. Will spend the next three years in Syracuse College of Law.

**Robert Joseph Cronin**  
Glen Falls, N.Y.

Pass Arts. Came to Varsity from St. Mary's Academy, Glen Falls. Was member of Catholic Action Club I; Volleyball and Basketball Teams II. Took part in Dramatics at St. Mike's. Expects to enter teaching profession.

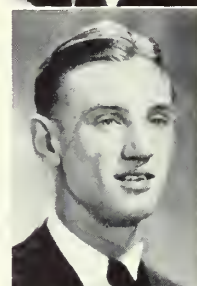

**William T. Cronin (IIKΣ)**  
Rochester, N.Y.

Pass Arts. Prepared for Varsity at Aquinas Institute. Active in Rugby and Water Polo. He has graced both the Hart House Glee Club and St. Michael's Choir I-III. Took part in St. Michael's Dramatics I-III; member of the Senate Club. Harvard and a law career lie ahead.

**John Leonard Cullen**  
Toronto, Ont.

Pass Arts. "Bud" made his debut at St. Mike's in '33 and entered Varsity in '37. Writes tolerable verse, is interested in light opera. Favourite pastimes are draining milk pitchers, and belting a handball around. "Morpheus" is his constant class companion.

**Peter De Andrea**  
Calgary, Alta.

Pass Arts. A stray from St. Mary's High. Was an active member of the Fratellanza I-III. Pet hobbies: bristling hockey, polemics and scintillating swing. Spent summers waiting on the "cream of society" at the swanky Banff Springs Hotel. Immediate future — graduate work at Columbia.

**Ferdinand P. D'Esopo**  
Utica, N.Y.

Pass Arts. Came to Varsity from Utica Free Academy. Was a member of Fratellanza I-III. Played Interfaculty Volleyball II and Softball II. Spent summers travelling. Is looking forward to a medical career.

**Walter Edwin Dyke**  
Buffalo, N.Y.

Pass Arts. Prepared for Varsity at St. Joseph's C.I. and has spent his three years here proving that a straight line is not the shortest distance between two points. He plans to do graduate work in education.

**William J. Eigo, Jr.** (EAS)  
Utica, N.Y.

Pass Arts. Came to Varsity from St. Francis De Sales High School. Played Junior Varsity Basketball I; Interfaculty Basketball II. Is interested in the Terpsichorean art in Canada. Spent summers as life guard. Future plans are indefinite as yet, but include travel.

**Robert Edward Engel**  
Syracuse, N.Y.

Pass Arts. Graduated from the Christian Brothers' Academy in Syracuse. Was active in College Choir and Dramatics. Intends to: (1) be a homo sapien (tissimus); or (2) a member of the intelligentia, thereby, somehow, earning his annual stipend.

**Patrick J. G. Fitzgerald**  
Greenview, Ont.

Philosophy (English or History). Came to Varsity *via* St. Michael's College School. Best known in boxing and turf circles. Dislikes the great middle class and all that it suggests. Thinks that a farm and good stretch runners are conducive to man's happiness.

**Anthony Charles Gagliano**  
Valley Stream, N.Y.

Pass Arts. Came to Varsity from Valley Stream Central High and the Western Course at St. Michael's. Between lectures, played Interfaculty Water Polo I-III. Was a member of St. Michael's Science Club I-III, Vice-President II. Plans to follow medicine as a career and philosophy as a hobby.

**Samuel Michael Gottry** (HKΣ)  
Rochester, N.Y.

Pass Arts. Entered St. Michael's College on Scholarship from Rochester's Aquinas Institute and thence to Varsity. Was in St. Michael's Dramatic Club I-III; Science Club I, II, Representative II; St. Michael's Baseball I-III. Generally inclined to swing, golf and "cokes". Holds high hopes for a medical career.

**Francis J. Grescoviak**  
Toronto, Ont.

Pass Arts. General consensus of opinion abridged the elongated name of our long Pole to 'Gus'. He agrees with Aristophanes, Plautus and other greats that puns are definitely not the lowest form of humour. Likes Gilbert and Sullivan, angling, and ping-pong.

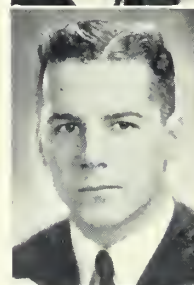

**T. Paul Guest** (HKΣ)  
Rochester, N.Y.

Pass Arts. Matriculated into Varsity *via* the Western Course at St. Michael's College. Previously educated at St. Andrew's Seminary and Aquinas Institute. Played Football I, II; member of Sodality I-III; Dramatic Club I; Science Club I-III, Representative III. Has hopes of medical career.

**Charles Harvey Holmes**  
Rochester, N.Y.

Philosophy. Charley arrived at Varsity from Aquinas aboard a four-year scholarship. Fond of music, has participated actively in College, University, and Hart House musical organizations. Spent his summers bolstering the Rochester shoe industry. Envisages teaching—*via* Institute of Medieval Studies.

**Gerald Stanislaus Horgan**  
Valleyfield, Ont.

Pass Arts. Came here *via* St. Michael's College School to feature in Interfaculty Rugby, Lacrosse and Hockey. Interested in the Oratorical Club, construction work and books, after the manner of P. G. Wodehouse. Future: law student.

**George Edwin Irwin**  
Temiskaming, Que.

Pass Arts. George entered Varsity after a year in St. Michael's College School and since then has been cultivating the arts of pitch, ping-pong and the Parkway. Was a member of the Science Club I-III, and the Sifton Cup Team II. Intends to pursue a medical career.

**James Joseph Kavanaugh**  
Bancroft, Ont.

Pass Arts. Came to Varsity by way of St. Michael's College School and took a place with the Interfaculty Baseball Team I-III. Was a member of Newman Club, he is an ardent sports fan and especially interested in amateur photography.

**Francis J. Keehan (EAS)**  
Saratoga Springs, N.Y.

Pass Arts. Prepared at Saint Peter's Academy. Was a member of Senate Club III; Intermediate Track III; St. Mike's Football II, III. Interested objectively in the theatre, subjectively in tennis. Future plans are Albany Law and eventual perfection in the four realms of being.

**Arthur J. Lyden (EAS)**  
Susquehanna, Pa.

Pass Arts. Came to Varsity from Laurel Hill Academy and Western Course at St. Michael's. Was on St. Michael's Water Polo Team I-II, Manager III; Basketball Team II-III; Science Club I-III; Oratorical Club III. Takes great interest in Science and would like to do graduate work in this field.

**Edward Bernard McCabe**  
Carbondale, Pa. (EAS)

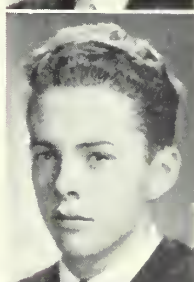

Pass Arts. Arrived from Carbondale H.S., to participate in the College orchestra and choir. Was prominent in the Science Club and around about Newman Club. Counts bridge among his accomplishments. Future: medicine.

**Frank Wilfred McGarry**  
Toronto, Ont.

Pass Arts. Prepared for Varsity at De La Salle "Oaklands". Here busied himself with Interfaculty Softball II, III and Catholic Youth circles about the city. Passes the summer as a drug clerk and looks forward to a business career and the promotion of social justice.

**Robert King McKay**  
Syracuse, N.Y.

Pass Arts. Entered Varsity from St. Patrick's High to participate in the Catholic Club I, Baseball and Volleyball II and St. Michael's Dramatics II, III; Grand Exalted Beagle III. Hopes to continue in the field of education.

**John Redmond McLaughlin**  
Toronto, Ont.

Pass Arts. "*Di magni! salaputium disertum.*" A gentleman of gargantuan proportions in everything but stature, "Shorty" has written his name on the hearts of St. Michael's men with the indelible ink of friendship.

**Leo Francis McLean**  
Toronto, Ont.

Pass Arts. Entered Varsity from St. Michael's College School and was featured on the Interfaculty Football Team I, II; Hockey I-III; Lacrosse II, III. Though he dropped Latin in favour of Military Studies, Osgoode Hall will be his future address.

**John Joseph McMahon**  
Belleville, Ont.

Pass Arts. Hailed from St. Michael's Academy. Was an eminent authority on all sport, especially the supposed superiority of the east over the west. Believes everyone should cultivate a more intimate friendship with his bed. O.A.C. is calling.

**Donald Joseph McNeil**  
Toronto, Ont.

Classics. "Don" passed through St. Mike's every day and could be tracked down at St. Joe's or Loretto. When "Don" finishes Classics he will have weary students tripping up to his class. He is a Basilian and the future promises him the priesthood.

**John A. MacVicar**  
Priceville, Ont.

Pass Arts. Matriculated from Flesherton C.I. Was a member of the Oratorical Club, the House Committee of Hart House, and Newman Club Membership Committee. Was prominent in semi-pro hockey circles. He intends, however, to make law his career.

**Justin Joseph Mahoney**  
Troy, N.Y.

Pass Arts. A protégé of Catholic Central High. "Chick" has added much to the local colour on the campus. Played Varsity Basketball I-III; was acclaimed President of the Basketball Club I-II; and featured in Mulock competition. Spent summers at fashionable Saratoga. The future vaguely suggests Harvard and a doctorate.

**Arthur E. Maloney**  
Eganville, Ont.

Pass Arts. High School education received at Eganville Roman Catholic Continuation School and Lisgar C.I., Ottawa. Was President of S.A.C. and Commissioner of Debates III. Hopes for success in law and politics.

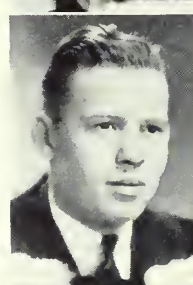

**John Joseph Patrick Maloney**  
Kenmore, N.Y.

Pass Arts. Arrived here from Kenmore H.S. on a Paternal scholarship. Was a member of the Science Club I-III; Golf Club II, III and Interfaculty Basketball Team I-III. Was Secretary - Treasurer of the graduating class and Medical Manager for the Mulock's III. Will continue in medicine at the University of Buffalo.

**Frank Thomas Minchan**  
Troy, N.Y.

Pass Arts. A Capitol District boy and graduate of Catholic Central, Frank has been a pivot with the Mulocks I-III and with the Varsity Basketball Seniors; Vice-President of the Basketball Club and Third Year Athletic Director. He now looks to the tropics and new worlds to conquer.

**Peter Joseph O'Hara**  
Toronto, Ont.

Pass Arts. Matriculated from De La Salle "Oaklands". "Peter" is to be seen round about the University Library quietly preparing for English, and round about the Chemistry Building laying the groundwork for a medical career.

**James Francis O'Neill**  
Toronto, Ont.

Pass Arts. From Assumption College he went to St. Basil's Novitiate, then to St. Michael's College. Between lectures he has busied himself with handball and dramatics. Has no dread of things to come—except O.C.E.

**Francis A. Orsini**  
Toronto, Ont.

Latin (French or Greek). Frank, because he takes Latin and Greek, is seldom seen around Teeffy, but he made up for this during the High School days by fitting himself within the frames of several S.M.C. hockey and football 'photos. As a Cassock-clothed Basilian the class room door beckons Frank. *intruire et laborare.*

**William Fredrick Quigley**  
Oswego, N.Y.

Pass Arts. Entered the Western Course at St. Michael's from Oswego High. Was in University Band I-II; College Orchestra I-III; Interfaculty Boxing I-III. Spent the summer resting up for the winter labours which next year will see graduate work in the direction of an M.D.

**Leonard Clarence Quinlan**

## COMMERCE AND FINANCE TO THE GRADUATING CLASS

by  
**Professor C. A. Ashley,**  
B.Com., C.A.

**T**HE difficulty of avoiding platitudes in a message of this kind is this year even greater than usual. Whatever may be the immediate outcome of the war, the future is dark and uncertain; anyone whose ambition it is to make the world a better place has an easy job, while anyone who has a vision of an ideal world has a limitless field of activity before him. Throughout the world the generations which will in time hand over control to your generation have little cause for pride.

Graduates of this course have, I believe, acquired a technique of analysis and a command over facts which should be of great public use. They have also been trained to recognize prejudice, self-interest and clap-trap when they meet them; and a great deal depends on the maintenance and expansion of this faculty. The path between naive credulity and dark suspicion is narrow, but not particularly crowded; you should be able to keep to it and aid others to follow it.

After four years' acquaintanceship, the graduating year and the staff of the department have mutual feelings of friendliness. We wish you happiness and success, and we shall follow your progress with interest.

## UNIVERSITY EXTENSION TO THE GRADUATING CLASSES

*by*

**W. J. Dunlop,**

B.A., B.Paed., Director, University Extension and  
Publicity

**P**ERHAPS the spring of eternal youth is to be found in participating, year after year, in the graduation of classes of young men and women who, having probably been taught how to study and how to attack some of the problems of life, go forth with high optimism to seek an opportunity to put into practice what they have learned. The Department of University Extension is peculiarly privileged in sending out each year members of graduating classes in widely differing courses. In June of this year the graduates in the Pass Course for Teachers are awarded the degree of Bachelor of Arts. From the class in Occupational Therapy more than twenty young women obtain diplomas and to a similar number of young women the diploma of the Course in Physiotherapy is awarded. This year the first graduating class goes out from the Course in Aerial Navigation and their diplomas entitle these young men to an opportunity to serve their country in peace or in war in the newest and most rapidly developing means of transportation.

The members of these four graduating classes I am delighted to congratulate on the ability and the persistence they have shown in carrying on their Courses to a successful completion. And with my felicitations go my best wishes for their success in the varied fields of endeavour in which they may find themselves engaged.

May I remind these graduates that the accumulation of money is not a worthwhile objective but that the true aim in life is happiness? May I also suggest that real happiness results from undertaking difficult tasks and bringing them to a successful conclusion? There is no joy which exceeds the satisfaction resulting from achievement. Nor is there any substitute for hard work.

**Alexander Donald Aird**

## TO THE GRADUATING CLASS

*by*

**Dean W. E. Gallie,**  
M.D., F.R.C.S.Eng., F.R.C.S. (C.)

**L**IKE those who graduated from this School in 1914, the class of 1940 will always remember that their final year at school was the year that the second great war began. Whether this will last for one year or twenty, no man can tell, but as one who was convinced in 1914 that the war could not go on for more than a few months, and yet saw it continue on a colossal scale for four long years, with steadily increasing calls for qualified medical officers and with profound disorganization of our medical services at home, I strongly approve the plans already adopted by the Department of Defence and the Canadian Medical Association to prepare us for a long war. This time we should plan our contribution far ahead so that not only our soldiers may have the best medical care but also our civilian population, for the general morale of a country at war depends so much on public health.

As the Spring of 1940 advances each member of the graduating class must be asking himself what he should do about enlistment. The answer must depend as in 1914 on the military situation and on the requirements of the armies in regard to medical personnel. At present there are few casualties and the supply of thoroughly qualified medical officers is ample. This may change at any time, however, and may well be expected to change when the armies reach their full strength. It behooves us, therefore, to build up as rapidly as possible a large body of well trained young men, capable of giving our soldiers the same high class medical care that they would receive in civilian life. This means that unless the military situation becomes exceedingly urgent, all members of the graduating year should complete at least one year of internship. This year of practical hospital experience will make young medical officers infinitely more valuable to the Service and more capable of taking proper care of our soldiers.

It is futile at this time to attempt to look far into the future. Without a doubt the war will have far reaching effects on us all. Our experience the last time, however, showed that in the case of young officers it more often brought opportunity than otherwise and led to the laying of foundations upon which subsequent careers were built. Under any circumstances, we should hold ourselves ready to respond to the call of our Country whenever it may come. Whatever the future holds, be it in peace or in war, this University has the welfare of its graduates at heart and wishes them the best that life can give.

# APPLIED SCIENCE AND ENGINEERING TO THE GRADUATING CLASS

by

**Dean C. H. Mitchell,**  
C.B., C.M.G., D.S.O., C.E., LL.D., D.Eng.

**Y**OU go out this year to a world that is in a turmoil, due not alone to the war in which we are engaged, but in which all other nations are concerned. Indeed the great principles of civilization, for which we stand, are at stake.

You as engineers must take your places in this agitated world; you will take a place different from that of your recent predecessors. You will be engineering just the same, but on a quite different basis and with a different viewpoint. Your work, wherever you may be called, will be more strenuous and with a quicker tempo.

There is no fear that you will not quickly be absorbed into useful and interesting work—there is much awaiting you, either here at home or overseas. It will be work that will tax your energies, your endurance and your ingenuity, and for these reasons it will be full of interest.

It is in difficult times like this that we most need and most value all there can be of the spirit of sturdy reliance and loyalty. We are people of a class by ourselves, as is now everywhere admitted and by some certain qualities we already have earned a distinctive place among nations.

I have often tried to visualize what these qualities mostly are. Whatever they may be, you successful graduates of this great University surely have your share of them and you certainly will need them.

This famous "School", as all love to call it, prides itself upon making men, real men, who lead, who do things, who will always carry a heavy load in building up Canada. It is now for you to pick up the load. You are going out to take your places in Canada's rapidly changing future. This year of 1940 may be kaleidoscopic—who knows?

Let me offer to you a suggestion of these men's qualities which make our Canadian spirit and life. You yourselves will have to make your own and pronounce them CAN ADA and you will have it. When you think of the qualities which will do it, you have:—

- |   |                   |   |              |
|---|-------------------|---|--------------|
| C | Conscientiousness | A | Adaptability |
| A | Activity          | D | Decision     |
| N | Nerve (Courage)   | A | Achievement  |

With best wishes for your success and for your service for Canada and the Empire.

## Permanent Executive 4T0

WITH the acrid smoke of the examination battle still in our nostrils, the Class of 4T0 has rather suddenly and sorrowfully awakened to the startling conclusion that School days are over,—that several hundred striving and struggling students, eager to get ahead, have pushed us out into the allegedly cold, cold world. Our own warning to the aggressive Juniors is that one day, they, too, will find themselves in the same predicament as we,—graduated. Seriously, though, it is hard to realize that the four years we have put in at School are over, that we must leave for ever, a way of living that only a Schoolman can know. Although “tradition” and “spirit” may seem hackneyed, overworked words, and we hesitate to use them, yet how better may the intangible bond between 4T0 and the School be expressed? We are a part of the “School Spirit” for the present. We shall be a part of “School Tradition” in the future.

From initiated to initiating, on through the Junior and Senior years, we have all made many close friends by working together, living together, playing on the same teams and entering into the same social activities. In addition, there belongs to us, one and all, the common heritage of graduating with the Class of 4T0. In electing the Permanent Executive, we have placed upon them the responsibility of cementing and strengthening the friendship and spirit fostered in our undergraduate days.

## **D E N T I S T R Y TO THE GRADUATING CLASS**

*by*

**Dean Arnold D. Mason,  
D.D.S.**

**A**S in 1914 Canada is once more at war. Democracy in general and the British Empire in particular is fighting for its existence and we as Britishers intend that our Commonwealth shall prevail with its liberal institutions and ideals.

You are entering on the practice of Dentistry in this epoch-making period when it seems that you will be needed not only to serve the people at home but possibly to take your place in the ranks of the Expeditionary Forces.

This class represents not only Canada but our sister Dominion—Australia, as well as the Motherland. The inter-course thus afforded should have broadened your viewpoint on life and you should return to your homes with a more tolerant and sympathetic outlook. I feel assured that your judgment will be enriched, preparing you to solve the problems in which sound leadership is necessary.

You have attained your manhood at a time when people are saying that the old order of things is passing. It is essential that you avoid revolutionary tendencies and demand that evolutionary principles are maintained if solutions of social problems are to be found which will make this a happier world in which to live.

To the graduates in Dental Nursing may I extend my congratulations and express the hope that you may find enjoyment in the services which you are prepared to render.

Lasting friendships have been made during your college courses. Hold fast to these relations and carry the principles of co-operation and mutual benefit into your professional life, so that Dentistry may maintain its honourable place in society. To those institutions which have moulded your lives may you always show a sincere loyalty.

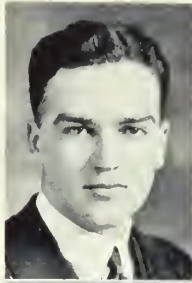

The Staff will follow your careers with the deepest interest and I hope that you may have a staunch and kindly feeling of loyalty to your Alma Mater, the University of Toronto.

I wish you all success beyond your fondest hope and the best of health in the years to come.

**Colin E. M. Anderson**

# Wycliffe College

## WYCLIFFE COLLEGE TO THE GRADUATING CLASS

*by*

**W. E. Taylor, M.A., Ph.D.**

Chairman of the College Staff

**G**RADUATION marks the completion of one stage and the beginning of another in life's journey of high adventure. It is fitting, therefore, that at such a time the Council and Staff of Wycliffe College extend to each member of the Class heartiest congratulations and best wishes for the future. You will carry with you many memories of University and College life—the Lecture rooms, the Campus, Hart House, the Athletic Association, the Literary Society with its famous "Pit" debates, the Student Christian Association, and perhaps deepest and best of all the College Chapel and its Services. These will remain treasured possessions throughout your ministry.

And now you go forth into a world confused and torn, groping its way through, let us hope, temporary "black-outs" to the dawn of a better day. To none more than to the graduates of our Colleges and Universities does the challenge come to provide the necessary leadership. St. Paul said "a great door and an effectual is open unto me *AND* there are many adversaries". Let us too make the difficulties which face us constitute the open door. To give the type of leadership which will be required for the reconstruction which is to come will demand clear thinking based on continuous study, and a strong religious and Christian faith. May the ideal of a Christian ministry more fully Christian in all its individual and social implications become for you a realized fact in growing experience, in loyal witness and in consecrated service.

**The Rev. Principal Thomas Eakin**  
M.A., Ph.D., D.D.

**Y**OU are beginning your life work in the most critical period of the world's history. The things which have been regarded as most vital for the freedom, advancement and happiness of mankind are being trampled under foot with cynical contempt; hence the necessity for vigilance and the maintenance of idealism, so that what is left of civilization may not perish from the earth. In an interdependent world or society men must be actuated by one supreme loyalty, which will not only satisfy their essential being but which will provide a motive for a worthy life, and this means God and his ineluctable demands. In the clash of selfish interests there can only be chaos. The world is witnessing horrific examples of lesser loyalties such as the state, the class or the individual ambition, and our only hope lies in pressing upon men the sanctions of the eternal God. It is yours as churchmen and exponents of the religion of Christ to uphold those spiritual values which have given us the things we hold most precious. The church, as the sphere in which you have chosen to serve, deserves and demands your best. Give it your best, and do not allow yourselves to forget that it has been the saving salt of civilization. You will hear ignorant and reckless criticism of the church, and perhaps one of the best answers is that of Newman, "There is not a man in Europe today who talks loudly against the church but owes it to the church that he can talk at all."

**Ronald Alex. Davidson**

**The Rev. Principal R. Davidson,  
M.A., Ph.D., D.D.**

**Y**OU are going out to do your share of the Church's work in a time of perplexity and great need. There are forces at work among men bent on changing the face of the world, and the issue is probably far in the future. The situation is so complex, and the factors involved so numerous, and many of them so obscure, that the wise will refuse to predict what form our institutions will take before your work is done. But you know that the Church, taught by her Lord, has learned through the changing years what the moral elements are in a man's right relations with his brother-man; and you know also with what effect the Gospel of the Living God has worked, mediating to men in this world of material things the potencies of that world where the will of the Highest is done, unmarred by greed and passion and ambition.

Three years of study and play together, of living and praying together, have knit you and your professors in an intimate friendship, a friendship of confidence and high hope. We are sorry to see you go from us, but we look for the day of rejoicing when you have proved yourselves effective teachers of man's duty to man, and worthy stewards of the potencies that in Christ break through from heaven to earth.

**Dean C. D. Howe,**  
B.A., M.S., Ph.D.

**I**N the past the parting messages of the Dean to the graduating classes have emphasized the fact that in carrying on their profession, foresters were performing a patriotic duty of great importance in protecting and providing future supplies for the wood using industries of the country. This year, you as graduates are confronted by a patriotic duty of supreme importance. In the preceding war many of the forestry men enlisted in the Forestry Corps. As yet no official intimation is forthcoming that such a body of men would be needed in the present struggle. Even if an opportunity of this kind does not present itself, you can still perform a patriotic duty in the forests at home. The last war made a great drain upon our forests. The government of the day ruled that forestry was an essential home service and many men were maintained in it to compensate for losses of excessive exploitation by organizing better fire protection and increasing the planted areas. The need for such service undoubtedly will be as great if not greater in this war. Notwithstanding all the modern mechanical devices for carrying on war, Canada's wooden walls—her forests—still remain a very effective and important weapon not only in the direct contribution of supplies but also in maintaining foreign credits. The value of forest products annually exported to the United States, for example, is about equivalent to the originally stated amount of the first war loan.

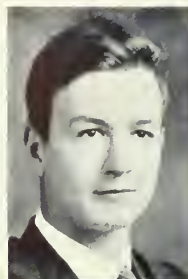

Whether your war effort be expended at home or overseas, you will give your very best service.

**Principal C. D. McGilvray,**  
M.D.V., D.V.Sc.

**A**T this time when you are approaching your future life work may I extend to you the sincere hope and wish that you may enjoy both happiness and success. While wishing you prosperity I would, nevertheless, urge you to be guided by the impulses of a generous and robust character. By so doing your outlook on life will be enriched, your influence strengthened, and your opportunities enlarged. The old saying is still true, that we cannot continue doing wrong to others intentionally without suffering wrong ourselves. Likewise, nothing can be gained or expected from others if we receive a hundred favours and render nothing in return. A wise man always extends these simple truths to his everyday life.

In charting one's career in life there is, generally speaking, no short cut to success. We should expect to meet and strive to overcome discouragement and disappointment. It is becoming increasingly noticeable that a large measure of consistent application, combined with stability of purpose, is necessary in making for success. Sooner or later recognition and advancement are most apt to come to those who are most diligent and work the hardest.

May I conclude this brief message with hearty greetings, and to wish you "a calm sea and a prosperous voyage" throughout life.

## **P H A R M A C Y TO THE GRADUATING CLASS**

*by*

**R. O. Hurst, Dean**

**I**T now comes time for good friends to part. I trust that your sojourn with us has been pleasant and profitable; pleasant in the sense that each one of you has been enriched by a host of loyal friends who will be interested and helpful in your accomplishments, and helpful in the sense that you now go forth to the task of your life with a knowledge and determination to make your personal contribution to pharmacy.

We intend that the College should be more than an instrument for providing students with a technical education. It should be the means of providing the student with a deep and lasting interest in pharmacy. The future of pharmacy depends very largely on the student and young pharmacists of to-day and I express my unbounded confidence in you.

Every person has two educations, one which is given to him, and the other which he acquires himself. Of the two kinds the latter is by far the more profitable. Indeed all that is worthy in a man, he must work out and conquer for himself. It is that which constitutes our real and best nourishment. That which we are merely taught seldom nourishes the mind like that which we teach ourselves. More than ever before your faculty has tried to show you the importance of teaching yourself. During your short visit with us, we were able to lay the foundation only and point the way to the real opportunity for you to continue building. So go forth and be ever mindful of your influence.

## Class of 4T0

WE approach our imminent Graduation with considerable regret. Let us for a few moments pause in retrospect on the events of the past two years, events which will live in our memories as we embark on our respective careers.

To all of us the most enjoyable experience we have had, is the establishment of friendships, which will endure for life. Since the Graduating Class of 4T0 is one of the largest in the history of the School, the opportunities to fraternize with our colleagues have been frequent.

The initial highlight of the Junior year was the Initiation, the experiences of which will be remembered for years to come. The hardships we endured culminated in that well known affair, the Junior-Senior Banquet. Secondly came the Junior Dance held in the Roof Gardens of the Royal York Hotel, a spirited occasion which seemed to bring us even closer together as one happy family.

We returned the second year to complete our qualifications. With the world crisis predominant in our minds and our studies intensified by the addition of a new subject, "Bio-Products", we found it necessary to curtail somewhat on our social activities.

Other events of equal importance can readily be mentioned. We have been active in athletics; we have had four representatives on various Hart House Committees, and we have done our utmost to cope with the ever increasing standards of our profession.

The changing art of the Apothecary offers to one and all many excellent opportunities. We are confident that the knowledge gained during our scholastic career, will tend to make us better citizens, as well as increase our desire to improve our profession.

**James Maxwell Anderson**  
St. Mary's, Ont.  
Max calls both London and St. Mary's "home". High School days at London South C.I. and apprenticeship with Crossthaite's of St. Mary's. Was a member of the Varsity Band, and leader of the class's own orchestra. Future plans include travel.

**William Lynn Barkey**  
Tillsonburg, Ont.  
Bill is one of our sporting members. He is Athletic Representative of the School and plays lacrosse, soccer, hockey and basketball. In future hopes to "roll out" on the road for some drug firm, with a little sailing and riding on the side.

**Charles Ortie Barrett**  
Point Edward, Ont.  
Ortie—a graduate of Sarnia Collegiate, was R. A. Ingersoll's most dynamic apprentice. As an election campaigner has no equal. Deservedly popular and with dark wavy hair, he is the girls' favourite demonstrator (Chemistry). Likes to swing the "Rose of Tralee". Was on Executive I.

**Herman Bergson**  
Toronto, Ont.  
Is a hard worker and has two little problems at home besides his regular college work. Likes sports and Materia Medica.

**Arthur Hill Bogardus**  
Guelph, Ont.  
One of the quiet lads of the class, "Art" is nevertheless popular with all who know him. Matriculated from Guelph C.I. Summer occupation was "pill-rolling", and future plans comprise pharmacy and more pharmacy, which speaks well for his career.

**William Edward Boggs**  
Orton, Ont.  
Came to O.C.P. by way of Fergus High School. Besides pharmacy, "Bill" is interested in sports generally and photography. Was a member of the Lacrosse Team for both years.

**Irving Stephen Brody** (ΠΙΦ)  
Toronto, Ont.  
Affectionately called "Steve". Besides wrestling likes literature and billiards, and spends his summers doing road-work in Northern Ontario.

**Donald Henry Burgess**  
Kirkland Lake, Ont.  
A graduate of Tilbury Continuation School, also spent some time in the North, serving apprenticeship with L. E. Hornick of Kirkland Lake. "Don" drug-clerked through the summer and future plans include more of the same. Has already embarked on the matrimonial sea.

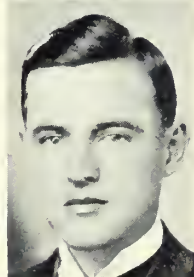

**William Ellsworth Burgis**  
Cannington, Ont.  
Hails from Lindsay H.S. Was a member of Art Committee, Hart House II. Is commonly known as "Witty Will". Worked for Louis K. the past summer and consequently future plans include avoiding chain stores and dividing his time between his own store, his wife, and children.

**W. Ronald Burns**  
Peterborough, Ont.  
A member of the Bladderwrack Club and the official mouth-piece of Pharmacy, being *The Varsity Representative*, "Ronnie" hopes to get married soon, and to have some one to provide for him, so he can carry out his high ambition of an eight-hour sleep between three meals a day.

**Thora Phyllis Buswell**  
Cardinal, Ont.  
The "Cardinal Kid" came here by way of Prescott H.S. Served with two preceptors in her home town and has great plans for the rounding out of her education, through the medium of a world cruise.

**Frank Gerard Callaghan**  
Napanee, Ont.  
A product of Napanee Collegiate by way of Corbeyville. Frank was elected most popular man of 4T0 and Athletic Representative to Hart House. Was also a member of the Interfaculty Basketball, Soccer and Baseball Teams. Frank hopes to enjoy life in which plans the fair sex have no place—of course.

**Enid Priscilla Carr**  
Barrie, Ont.

Graduated from Barrie C.I. Served her apprenticeship with L. C. Whitty, Allandale. "Peggy" will be what is termed a "pharmasister". Her chief ambitions are: To dispense in a hospital; to fry chicken properly, and to make tea to suit the Dean.

**Robert Andrew Colquhoun**  
Port Arthur, Ont.

Bob swung a pestle in Port Arthur, after graduating from Kennedy C.I., Windsor. A member of the Hart House Committee '40 and the Pharmacy Soccer Team '40, he would rather ski than eat, and wants to see the Philippines.

**Herbert S. Chapman**  
Collingwood, Ont.

Came to O.C.P. as a graduate of Collingwood C.I. Served his apprenticeship with A. J. Chapman. Intends to co-operate with Aub. Collins along the Maginot Line, and to sell nitrogen tri-iodide under a false name, to the German Army.

**Douglas Haig Cone**  
Pembroke, Ont.

Came to Pharmacy as a graduate of Pembroke C.I. Served his apprenticeship with A. H. Box. Always first to leave the lab., he intends to establish a drug store on some South Sea island with Thomas Hess as Manager.

**Arthur Deziel Charlton**  
Windsor, Ont.

Came to College following three years' apprenticeship in a drug store in Windsor. Belongs to an aviation club and Assumption Tennis Club. Ambition is to own and fly his own aeroplane and to travel.

**Morley A. Cook**  
St. Thomas, Ont.

Morley is a "natural" for Pharmacy, since his father and brother preceded him here. We know him as a versatile violinist who loves music. He is quiet but has many friends. Expects to return to his home town and take over Dad's business.

**Wilford Maitland Chelew**  
London, Ont.

A graduate of London South C.I. Served his apprenticeship with P. Magee. His chief ambitions are: to keep his drug business "in the groove" and to induce Artie Shaw to take up pharmacy.

**William Arthur Corley**  
Mount Forest, Ont.

Came to O.C.P. as a graduate of Mount Forest H.S. Served his apprenticeship with H. E. Yeomans. He is noted for his soap-box speeches, and intends to have O.C.P. moved to Mount Forest.

**Kassy Clodman (PIIΦ)**  
Toronto, Ont.

Studied at Harbord C.I. and was apprenticed with Sacklin's Pharmacy. Was winner of the George R. Parke Scholarship. Admires the arts and will probably spend the rest of his days doing laboratory research work.

**Arthur J. Côté**  
Sudbury, Ont.

Graduated from North Bay C.I. Apprenticed with A. H. Michaud, in Sudbury. Relinquishes all outside pleasures for his work. Intends to do research on taking the burning qualities out of sulphuric acid and to reveal Pharmacy to the natives in Sudbury.

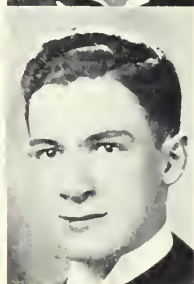

**James Aubrey Collins**  
Collingwood, Ont.

Came to Pharmacy as a graduate of Collingwood C.I. Served his apprenticeship with W. R. Hammond. In his first year he obtained the Joseph Senelnick Rho Pi Phi Memorial Scholarship. His ambition is to own a drug store adjacent to the Maginot Line.

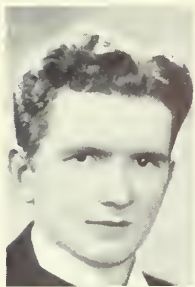

**Earl Garfield Coulson**  
London, Ont.

Came to O.C.P. as a graduate of Sir Adam Beck C.I., London. Served his apprenticeship with R. A. Muir. Intends to do researches on balancing equations and to manage the "Tam-blyn Chain".

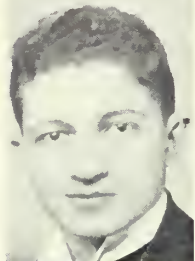

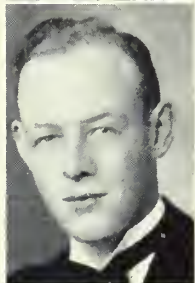

**Jack Wilson Crosby**  
Windsor, Ont.

Graduated from Patterson C.I., Windsor. Served apprenticeship with J. M. Wylie. Played hockey on the Interfaculty Team. Tried to convince the team that to win they must score more goals than the opposition. Ambition is to take out a girl with red hair.

**Samuel P. Dime**  
Oshawa, Ont.

Believed to be a distant offshoot of the Rockefellers. Likes golf and tennis. Oshawa Junior tennis Champion '35.

**Robert Carleton Donihee**  
Cornwall, Ont.

Graduated from Regiopolis College, Kingston. Sold perfume for W. C. Burns, Cornwall, for three years. Vice is arguing. Likes dancing, Louise King and St. Joe's. An inspiration in the chemistry lab, we both get nowhere. Was on Executive II Committee, Opfer House I, II.

**Maurice Keith Douglass**  
Toronto, Ont.

A graduate of the Dominion Business College, Toronto, he served his apprenticeship with H. L. Douglass. Intends to obtain a position selling *The British Pharmacopoeia*. Can converse intelligently on drugs with Hindus. Also intends to own a drug store in Timbuctoo.

**Francis Bertram Duquette**  
North Bay, Ont.

Bert managed the Baseball Team and upheld his end on the Soccer Team. Graduating from North Bay, he is not sure of returning there owing to the proximity of Callander.

**John Walter Easton**  
Mimico, Ont.

He credits Fraser Stewart of New Toronto for his training, excels in swimming and tennis. Weakness—horses. Ambition—lab. work.

**Henry Milburn English**  
Windsor, Ont.

Coming from Windsor, Mel spent his first year managing the Softball Team. Summered at Tamblin's and started his senior year with one thought in mind—to locate a life partner no taller than five foot two.

**F. Everson**  
Lindsay, Ont.

A graduate of Lindsay C.I., "Luffey" hopes to carry on the traditions of that popular centre. Argos and Goodyears are his special delight, always willing to back it up. On graduating he is sure to be an I.D.A. man.

**Charles Joseph Fairfield**  
Hamilton, Ont.

Coming from Hamilton via Delta C.I., "Joe" has lent much dignity to the class. Not only has he been a member of the Hart House Music Committee, but he is an outstanding debater on such important subjects as "Why — and — Who Cares."

**Walter Carl Famme**  
Stratford, Ont.

"Walt" is striving to be not only a top-notch pharmacist, but a good will ambassador. Coming from Stratford he has been the College Reporter to *Drug Merchandising*. His ambition is to be able to take pictures with a "Brownie".

**Norman Charles Finch**  
London, Ont.

Norm came to us from London, where he had been a leader in boys' work. Takes an active part in sports and studies. All these things make good pharmacists—Norm will be no exception.

**Foster Wm. Fox**  
Hamilton, Ont.

Graduating from Delta C.I., "Fos" worked for O. W. Stewart. His version of "Little Albert" is amusing, but not nearly as amusing as "Fos". We have always enjoyed his company. He spends his time keeping Fairfield from going too slow.

**Frank Samuel Foyster**  
Hamilton, Ont.

Another Delta C.I. graduate, Frank has not only proven a good student, but has displayed considerable talent at creative work. Ambition—to be a model druggist.

**Douglas Haig Frink**  
Belleville, Ont.

Doug came to O.C.P. via Belleville. Served on Senior Executive as Treasurer and was an ardent supporter of all class activities.

**Joseph Fromstein (PIIΦ)**  
Toronto, Ont.

"Joe" likes indoor sports, especially of the Hart House variety. Excels in chemistry. Secretly desires to become world famous.

**Alvin Bennett Fry**  
Bracebridge, Ont.

Coming down from Bracebridge, "Al" has kept the College to the front with his fine lacrosse playing. Weakness is skiing.

**Paul Cyril Gilbert (PIIΦ)**  
Toronto, Ont.

Matriculated at Harbord C.I. and apprenticed with I. Rothbart, in Toronto. Self-conscious of a receding hair line, he loves and admires music, favouring Debussy and the Moderns. Desires research work, and is an assiduous worker.

**Leonard Charles Goulah**  
Peterborough, Ont.

A little man with a big sense of humour. Was a purveyor of all latest jokes. A member of local Bladderwrack Club and an enthusiastic grand stand umpire at all sporting events. Main ambition is to travel and see what's left of Europe.

**John Reginald Grainger**  
Stratford, Ont.

One of the big men of Pharmacy, whose good looks are exceeded only by his ability at smashing par. A member of the Senior Executive, we look for big things from Jack in the future.

**Lyndon Henry Gray**  
Perth, Ont.

Known to all the boys as "Lyn". An all-round good fellow of quiet disposition, he would give you his shirt. Is a product of Napanee High School. Main ambition is to be his own boss.

**William Church Griffis**  
Colborne, Ont.

A likeable chap of quiet personality, who has developed a host of friends in Pharmacy. Makes up in good-naturedness what he lacks in stature. Future plans are all Pharmacy and intends returning to home town of Colborne.

**Irvine Grossman**  
Toronto, Ont.

Matriculated from Harbord C.I. and apprenticed with Feld's Pharmacy. Has more face to wash, and less hair to comb, than any other member of the class. Revels in marshmallow roasts. Is Representative to the Jewish Students' Society.

**Grant Orlan Hall**  
Ottawa, Ont.

Grant comes from the Capital City, where he apprenticed with Coulter's, after matriculating from Glebe C.I. Of sound business ability, we expect to see Grant head of his own business a few years from now.

**John Henry Hanke**  
Hamilton, Ont.

Matriculated from Central C.I. and apprenticed with C. D. McGregor. Chief ambition is to work in a pharmaceutical laboratory, or dispense in a hospital. Would like to own a Chevrolet some day. Week-ends are his chief interest.

**Godfrey Raymond J. Hardisty**  
Toronto, Ont.

Matriculated from Guelph Collegiate and is looking forward to becoming executive of one of the prominent drug chains. A member of the Basketball Team, "Ray" has made many friends at Pharmacy who all wish him well.

**Edward J. Harwood**  
Pembroke, Ont.

From Pembroke, where he apprenticed with A. H. Box, is a member of O.C.P. Orchestra, and really swings a mean violin. Likes music and the Toronto General Hospital to the tune of "seeing Gwennie home".

**Stuart George Haslam**  
Toronto, Ont.

A Toronto product, "Stu" came to Pharmacy from Riverdale C.I. Has directed a boys' camp for two years. Has to climb to read a burette. He is good-natured and should go far in his profession.

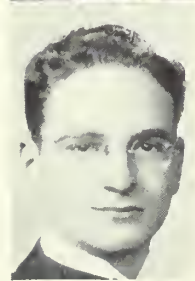

**Thomas V. J. Hess**  
Oshawa, Ont.

"Tommy" matriculated from Oshawa Collegiate. Apprenticed in drug store of E. A. Lovell. Interested in salesmanship and all sports. Plans ultimately to own a store, after travelling as drug salesman and detail man. Believes in individual expression of personality.

**E. J. Ted Hicks**  
Sault Ste. Marie, Ont.

Ted comes to Pharmacy from Sault Ste. Marie. He is a quiet chap with a lot of personality. Has made many friends for himself who wish him well.

**Gregory A. Hogan**  
St. Thomas, Ont.

"Greg" was apprenticed with J. A. Cairncross in London. He played in Interfaculty Athletics. Whether at work or play, "Greg" works hard. Aspires to be a detail man and some day give orders in his own store.

**Leo Bertram Holmes**  
Toronto, Ont.

A Toronto boy who matriculated from De La Salle and apprenticed with A. H. Metcalfe of the same city. Aspires to own his own business; an ambition we are certain he will realize.

**Frank Gilbert Hopson**  
Ottawa, Ont.

Matriculated from Lisgar C.I. and apprenticed with R. A. Hermiston. Was Head of the Banquet Committee this year and did a splendid job. Chief interest is a nurse's uniform, well filled. Hopes some day to open the ideal pharmacy—burettes and everything.

**William Hultay**  
Toronto, Ont.

*Gutta cavat lapidem non vi set saepe cadendo*—is his motto. Was born in Ukraine. Went to College at Stanislav, took part in Eastern Front War 1915-20, then University at Lwiv (M.A.). Apprenticed with A. C. Marshall, Toronto.

**Edwin Norcross Isard**  
Oakville, Ont.

"Ted" served apprenticeship with J. R. Dunn. Is right at home in the Lab., and will make a good analytical chemist. Chief ambition is to walk from Toronto to Hamilton and back some week-end.

**Albert Joseph Jeffery**  
Toronto, Ont.

A graduate of Riverdale C.I., apprenticed with R. J. Coffey. Main ambition is to be the star of the Maple Leaf Hockey Team. Chief interests are: Pharmacy, and afternoons off. Is much in demand as an after-dinner speaker.

**Harry Kazdan**  
Toronto, Ont.

Harry plans to be a successful druggist of the old school. Decides on a toss between 437.5 or 480 grains per ounce. Life-long ambition is to hold dictatorial powers in some establishment.

**Stanley Douglas Kennedy**  
Lindsay, Ont.

"Stan" attended Fenelon Falls High School, and crazy about all-night sessions of Pharmacy. Mysterious part about "Stan" is the satchel he carries with him all the time. Thinks Lindsay should have another store.

**Frank Albert C. Kentner**  
Georgetown, Ont.

"Bud" hails from Georgetown High. Is interested in rose garden. Chief hobby is Organic Chemistry. Hopes to succeed in splitting the atom. If he fails, would like to see China. Was a member of Hockey and Lacrosse Teams.

**Francis Edward Kosnick**  
Hamilton, Ont.

Matriculated from Cathedral High School. Apprenticed with H. Finkelman. Was a member of Newman Club. Would like to discover a new vitamin and operate his own drug store on the side of the Hamilton Hill.

**Barney Levine**  
Toronto, Ont.

Barney's pride and joy is "Liza", an 1899 model of transportation. Favourite occupation is experimenting on subjects beyond the scope of most men. Spends his chemistry periods glass-blowing. Is good at it, too.

**Albert Levitt**  
Toronto, Ont.

Came to Varsity after apprenticeship at Hashmall Drugs. Graduated from Jarvis C.I. Participated in ping-pong, basketball, volleyball and baseball. Interested in pharmacological studies and research. Ambition is to operate a modern, well-equipped, scientific pharmacy with spare time for travel, adventure and hobbies.

**Irving E. Lieberman**  
Toronto, Ont.

Came to O.C.P. after five hectic years at Harbord C.I., and spent three more hectic years with Perry's Pharmacy. Summer occupation is nature study (botany shark). Plans to marry and become an itinerant pharmacist—"Hajj Baba à la mode".

**Louis Lipton (PII Φ)**  
Toronto, Ont.

Athletic star at Oakwood C.I. Excels in running since this is the only way he can keep away from his female admirers. Tries to emulate Charles Laughton's "Beachcomber" act all summer. Enjoys books and music.

**Charles Emery Locke**  
Owen Sound, Ont.

Apprenticed with L. A. Stephen. Chief hobby is bowling, and is waiting patiently for the end of the term for another session at the Olympia. One ambition is to have an apprentice under his guidance.

**Everett Arthur Lovell**  
Oshawa, Ont.

Preceptor was E. A. Lovell. Was vice-president of graduating class; and a member of Bladderwrack Club. Resides at Central Y.M.C.A. Hobbies are photography and stamp collecting. Ambition is to play golf with a "pH" of 70.

**John Lynford McClintock**  
Toronto, Ont.

High School training obtained at Streetsville. Claims main interest in life is work of pharmacy and earning a living, which is too darn noble for anybody—even John Lynford.

**Joseph Johnston McCormick**  
Watford, Ont.

"Jack" matriculated in Forest and apprenticed in Sarnia. Fond of golf, especially the nineteenth hole. He is a camera fiend, racket-swinger and swimmer as well as a good hitch-hiker. Plans to have more leisure time by owning a store of his own.

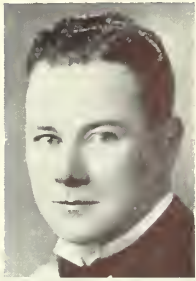

**Thomas Joseph McCormick**  
Kingston, Ont.

Graduate of Regiopolis College, Kingston. Fought for the Irish at R. C. Ward's, Kingston. Managed Opfer House for two years while not arguing with Donihee. Was a member of Executive, I; Septette, II, and all parties — week-ends preferred!

**Robert Murray McDonald**  
Embro, Ont.

"Bob" apprenticed with Joe Senelick, Toronto, after he graduated from Embro Continuation School. Friends call him "Dependable Bob" He is very quiet, which eases our jealousy over his good looks.

**James Glenn McEwen**  
Wyoming, Ont.

After long years in Petrolia High School, he rolled pills for E. A. Sole of Sarnia. Is fond of baseball and private interviews. When not working for Liggett's he dreams about "seeing the world".

**Isobel H. McGeachie**  
Dutton, Ont.

A Dutton High School grad, who cheerfully served customers for J. F. Hockin. The most industrious girl in the Lab. She loves to ask questions, but expects intelligent answers. Isobel leaves school with our very best wishes.

**Margaret Eleanor MacMillan**  
Toronto, Ont.

"Marg" graduated from St. Clement's and then apprenticed with her father in the Medical Arts Building, Toronto. Seems to have a faint recollection of drugs used there. Would like to practise her profession in a hospital but we shall see. Was on Executive, II.

**Joseph Patrick McMullen**  
Cayuga, Ont.

After attending High School at Cayuga, he served his apprenticeship with B. J. Hammond. Chief hobbies are assaying and titrating. Hopes some day to own a drug store on the style of Eaton's College Street on the banks of the Grand River near Cayuga.

**William A. MacPhail**  
Ottawa, Ont.

Matriculated from Lisgar C.I. and folded powder papers for Mr. Molot. "Moonlight and Dottie", night clubs, movies, golf, dancing and boosting Ottawa, absorb his surplus energy and spare time. Plans to see North America after establishing the "most progressive" drug business in Ontario.

**Marcus Murray (ΠΠΦ)**  
Toronto, Ont.

Matriculated from Harbord C.I. and apprenticed with Singer's Pharmacy. Looks more like Bennie Goodman than does the maestro himself. Has no favourite subject. Has met the love of his life and will make quite a "family man".

**Joseph Earle Matthews**  
Gananoque, Ont.

First toddled about in Gananoque, where he went to school and later swept floors for W. E. Austin. He is a strong I.O.O.F. worker; enjoys golf and canoeing; likes Independent Stores best and wants one of his own.

**Duncan Earl Meyer**  
Toronto, Ont.

First learning obtained at East York C.I., then at store of J. W. Preston. Is a real photography fan. Plans to work in a pharmaceutical laboratory or own a retail pharmacy with ten delivery boys for fast service.

**Clifford Edmund Mickle**  
Amherstburg, Ont.

Matriculated from General Amherst. When not pounding counters for G. Tamblyn, enjoys moonlight cruises. Intrigued by tales of travelling salesmen, so may be one to find out for himself.

**Thomas Downie Millar**  
Riverside, Ont.

Home is in Riverside but matriculated in Walkerville. Learned A.B.C.'s of Pharmacy while with Haynes, Windsor. Really plans to travel the world and manage a drug store.

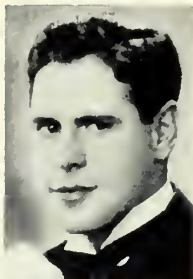

**Yvon Mineau**  
Ottawa, Ont.

First learning obtained at Lisgar C.I. Apprenticed with Harry Armstrong. Speaks French and English equally well. Quiet, steady lad, should make a fine druggist and husband. Loves Eastern Ontario and is content to stay there.

**William Sonme Morrison**  
London, Ont.

After matriculating from Sir Adam Beck C.I., he sold aspirins for F. H. Muir, London. Plans to own a store and worry about his own business as soon as possible.

**Clarence Albert Neal**  
Toronto, Ont.

Clarence first swung a pestle for his father, A. W. Neal, of Toronto. Claims to have put his summers in at work, swimming, work, golf, and work. Sounds rather arduous. Future plans are to manage and direct his own store.

**Albert George Orr**  
Creemore, Ont.

"Al" matriculated from Victoria H.S., Edmonton, came East and served his apprenticeship with H. M. Corbett of Creemore. Future plans: to be a druggist.

**Frank James O'Sullivan**  
Campbellford, Ont.

Another one of those handsome boys, Frank filled capsules for F. N. Brown before coming to College. Declines to mention future plans, but they probably include matrimony before long.

**Vincent C. Patenaude**  
Ottawa, Ont.

"Vinnie" matriculated from Ottawa University. Learned the meaning of "meniscus" from Maurice Murphy within hearing distance of the Peace Tower Carillon. Follows the World's Series and plays the horses on the nose. He is now building up a head of steam to be a high-pressure salesman.

**Giliane Jeanne Picard**  
Hull, Que.

Lent grace to F. Belanger's store in Ottawa, and her quiet charm impressed many a good man of pharmacy. "Gil" has future ambitions, but with feminine prerogative does not voice them.

**Roy Robert Pigeon**  
Toronto, Ont.

Roy matriculated from Humber-side C.I. and put in the required length of time with I. S. Wolfe. An ace table-tennis player and one of those popular fellows who drives a car, Roy was liked by all.

**Cyril Austin Powell**  
Oshawa, Ont.

His preceptor was E. A. Lovell. Played Volleyball and Softball for Pharmacy I, II, and was a member of the Bladderwrack Club. He resided at Central "Y". His hobbies include hunting and harassing horrible Hirudo, and his interests are music and yachting. His ambition is to own a pharmacy.

**James Reith**  
Grand Valley, Ont.

A Grand Valley (not a misprint) Continuation School Alumnus, he loafed three years for R. Meikleham of Galt. Is a singer of note—such notes! Incompatibilities—diet and Steele's butterscotch pie. Played Pharmacy Hockey. Was Secretary I, II; Opfer House I, II.

**Juliette Annette Renaud**  
Tecumseh, Ont.

A smiling and popular graduate of Walkerville C.I., she spent three years increasing the male business of G. Rochon. Tecumseh. Likes dancing, tennis, and moonlight *Et vero* a mad pharmacist. Ambition is to pronounce *hyoscyanus*, and to see through a joke the same day. Was on Executive I, II.

**Wilfrid F. Rewbotham**  
St. Thomas, Ont.

Was introduced to the drug business by S. K. Salton. Played Softball for O.C.P. Professes a liking for golf and bridge. Plans to conduct a successful business.

**Irwin Ritz (PII Φ)**  
Toronto, Ont.

Was a track star at Harbord C.I. Ran around Niren's Drug Store for three long years. Hair on his head can be seen only through a microscope, coil immersion lens. Enjoys books, snooker, raisin bread and roast duck.

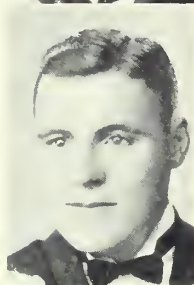

**John William Rodbourne**  
Belleville, Ont.

"Bill" pounded pills for three years with J. V. Doyle. One of those inimitable fellows that the class couldn't get along without. Notwithstanding that moustache, Bill is a mighty level-headed chap, and we predict a bright future for him.

**Edward M. Roth**  
Toronto, Ont.

"Eddie" likes ping-pong, squash and females. Likes to work. Is campaigning for a law to have two week-ends every week. He is a graduate of Jarvis C.I.

**Gerald Nelson Ryan**  
Ottawa, Ont.

"Gerry" did his accurate dispensing with T. G. Dawson. Was Captain of Soccer Team '40, played Basketball and Volleyball, and served on Class Executive II. Ambition—"to live life to the utmost".

**Ronald Hughes Sage**  
Ingersoll, Ont.

Began learning the art of the apothecary with Thurtel's Drug Store, Ingersoll. After attending Ingersoll C.I., spent his summers at work, tennis and swimming. Hopes to enter the retail business, to get married and to pursue happiness with great gusto.

**Frank R. St. Pierre**  
Windsor, Ont.

Matriculated from St. Joseph's H.S. prior to increasing the business of G. E. Copeland for three years. Frank plies his trade during the summer to support the expenses of his hobbies—poker, dancing, and canoeing.

**William Leslie J. Shannette**  
Brockville, Ont.

Bill worked for three years with Fullerton's Drugs in Brockville. Is a very popular member of the L.C.B. Club. Spent summers collecting spermaceti from sperm whales. Graduated from Regiopolis College, Kingston, Ont. Future plans—spermaceti salesman.

**Clarence William Shipley**  
Oakville, Ont.

Clare was introduced to pharmacy by W. T. Weiland, of Oakville, Ont. Cherished ambition is to produce a decent golf score and possibly "get a birdie" on the 19th hole.

**Douglas Albert Small**  
St. Thomas, Ont.

His preceptor was George H. Small. Graduated from St. Thomas C.I. Was Class President both years. His hobby is swinging to Horace Lapp. His ambition is to pick fish berries along the Malibar Coast and to work in a drug store.

**Sidney George Smallman**  
Port Perry, Ont.

His preceptor was A. M. Lawrence. His interests are—hockey, good shows, and tennis. His hobby is—collecting cuttlefish bones from Lake Ontario. He is one of Pharmacy's more conservative men.

**William Henry Smith**  
Toronto, Ont.

Matriculated from Woodstock C.I. Flourished under tutelage of Frank White, London. Is a husky lad, very adept with a snooker cue, and also with his studies. Won College Silver Medal I. Plans to open Smith's Pharmacy Hall.

**John James Smythe**  
Stratford, Ont.

Washed graduates for B. E. Niles, in Stratford. Attended Stratford C.I. Hopes to own a modern pharmacy, (no soda fountain) and to direct a swing band with his saxophone. Was a member of Opfer House I.

**Murray Renfrew Snodgrass**  
Brantford, Ont.

Began opening the store at 7.30 a.m. for N. N. Lee, in Brantford, where he attended Brantford C.V.I.. Played Hockey and Lacrosse for Pharmacy; spent summers as an ice man. Hopes to keep the drug trade thriving.

**John Henry Snyder**  
Delhi, Ont.

Matriculated from Delhi School. Was Pharmacy representative on Library Executive at Hart House. Plans to operate an ethical drug store, also a bungalow and its accoutrements. Is a worthy member of the "Four Horsemen" from Wellesley.

**Lloyd George Somerville**  
St. Mary's, Ont.

A budding pharmacist from St. Marys, where he attended school and worked for W. A. McIntyre. Lloyd spent his summers supervising St. Mary's swimming pool. Hopes to bless someone with a first-class druggist when he graduates. Was a member of Opfer House I.

**Paul-Aimé Soucy**  
Hull, Que.

Graced the premises of G. E. Dupuis, in Ottawa, for three years, with his ready grin and charming accent. Likes hockey, baseball, and was manager of the Pharmacy Hockey Team. Plans research work in Biology or Botany.

**Joseph Starr (PIIΦ)**  
Toronto, Ont.

Matriculated from Parkdale C.I., narrowly missing all the scholarships. Affectionately called "Warble Fly" by his associates. As attested by his name, he is a star in basketball and ping-pong and likes to sneak in the odd snooker game.

**Lloyd George Taylor**  
Forest, Ont.

Graduated from Forest H.S. Activities outside the college are dancing and cheering "Sarnia Imperials". Hopes to find some place where drug stores close at six p.m.

**Hugh Boyd Thomson**  
Hamilton, Ont.

His preceptor was Mr. Zimmerman. Is interested in pharmacy, sports and dancing. His ambition is to adopt the halogen family and to help run a successful drug store.

**John Joseph Tierney**  
Arnprior, Ont.

His preceptor was H. D. McCord. Was a resident of Central "Y" and a member of Bladderwrack Club. Enjoys good detective stories, even in school. Interests are badminton and tennis. Aspires to own a store, to see the World Series and to raise a family.

**Herbert Ross Tiers**  
Fenelon Falls, Ont.

Interested in sports, chiefly swimming, and peroxide blondes. Spends his time collecting stavesacre seeds and haunting Everson.

**Robert Francis Timmons**  
St. Catharines, Ont.

His preceptor was R. S. Melick, in Brantford. Graduated from St. Michael's H.S., Toronto. Was an able assistant in the taming of bacteria in Microbiology. He is the red-cheeked chap who says: "Long underwear is a throw-back to the hair shirt age."

**Murray J. Waltman (PIIΦ)**  
Toronto, Ont.

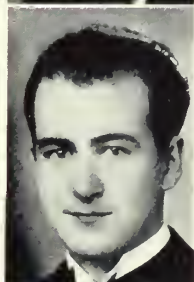

Graduated from Harbord C.I., and apprenticed at Vaunclair Drugs. He is a fine salesman and is well known for his meticulous habits. He is also quite a fiend for basketball, sewing circles, ping-pong and knitting clubs.

**Morris Jack Warner**  
Toronto, Ont.

Murray matriculated at Harbord C.I. His favourite subjects are pharmacy and "materia medica". He is still trying to break a century in golf. Plays and works hard. Favourite months are April and May. Would like to own a professional pharmacy.

**Raymond Forest Weeks**  
Oshawa, Ont.

His preceptor was W. H. Karn. A resident of the Central "Y" and a member of the Bladderwrack Club and Dormitory Council. He is interested in hockey, golf, tennis, and the policies of dictators. His ambition is to instruct in a senior chemistry laboratory and to operate an "ethical" pharmacy.

**Howard Rosslyn Wight**

# *Social Science*

## **SOCIAL SCIENCE TO THE GRADUATING CLASS**

*by*

**Miss A. C. McGregor, S.S.**

**I**T is with pride and confidence that we see you, the members of the twenty-fifth graduating class of the Department of Social Science, turn from the familiar halls of this University to whatever parts of Canada will claim your services. You have been preparing yourselves for a relatively new profession inherent in which is an exacting dual responsibility. You believe that social work involves continuous effort toward developing not only individual capacity but also toward securing greater opportunity for individuals to live satisfying and useful lives. Sometimes, perhaps often, in times of war or peace, you will feel frustrated by adverse conditions which yield very slowly to change because of individual or collective indifference or selfishness, or lack of resources or knowledge. And working at your particular tasks in urban or rural districts, with adults or children, individually or in groups, you will be aware, all too often, of the inadequacy of your knowledge, yet challenged by it. For convinced that your personal understanding must deepen and broaden as part of the endless search for justice and truth and beauty, you will not only find in each day's work immediate tasks to be done with whatever sensitivity and skill you possess but you will also see conditions which will intensify your determination to share constructively, as citizens or social workers, in the long struggle for better living and working conditions for all.

In wishing you success and happiness the members of the full time staff join with me in adding a word of sincere thanks for your steady cooperation during a period of re-adjustment when, as students and staff members, we shared regret over recent changes mingled with hopes of bright days to come.

# *Nursing*

## **N U R S I N G TO THE GRADUATING CLASS**

*by*

**Miss E. K. Russell,**

**B.A., B.Paed.**

**I**T is difficult to frame a message for the 1940 Toronto-nensis. Never before have any of us tried to write in graver circumstances and this thought is enough to make us pause long in the act of choosing words. But if the responsibility of the writer is great, so also is the opportunity: hence I send my message weighting it with profound hope that some word may serve your need.

As you, the graduates of 1940, go forth you know that hard days lie ahead. You know that the first duty of each one is to accept the heavy responsibility of citizenship in a world at war. Thus each one must pick up her share of the burden, and her share of the necessary activity. Every shirker will add more to the well-nigh intolerable load that others are carrying.

And after the war what is to come? Is it to be, at best, merely a temporary state of non-war, or is the world to move steadily—even if very slowly—toward a reality of peace? Your generation will have much to do with the answer to this question, and the nature of the answer will depend much upon your ability to think clearly and your willingness to do so. You will need great wisdom and great charity. Has your sojourn at the University given you more of strength and courage for this task? If so your time has been well spent and your school should be satisfied. With all our hearts we hope that you will prove worthy of the opportunity that is yours.

# Hart House

## THE FOUNDERS' PRAYER

*"The Prayer of the Founders is that Hart House under the guidance of its Warden, may serve in the generations to come the highest interests of this University by drawing into a common fellowship the members of the several Colleges and Faculties, and by gathering into a true society the teacher and the student, the graduate and the undergraduate; further, that the members of Hart House may discover within its walls the true education that is to be found in good fellowship, in friendly disputation and debate, in the conversation of wise and earnest men, in music, pictures and the play, in the casual book, in sports and games and the mastery of the body; and lastly, that just as in the days of war this House was devoted to the training in arms of the young soldier, so in the time of peace its halls may be dedicated to the task of arming youth with strength and suppleness of limb, with clarity of mind and depth of understanding, and with a spirit of true religion and high endeavour."*

HART HOUSE is so called in memory of the late Hart Massey. Begun in 1911, it was completed in 1919 and presented, fully equipped, to the University of Toronto by the Trustees of the Massey Foundation. To the Hon. Vincent Massey, Chairman of the Massey Foundation, is due the idea of Hart House, as well as the form it assumed under his personal supervision. From the autumn of 1914 until November, 1918, it was used for military purposes, and within its walls thousands of men were trained for service overseas. On the first anniversary of the Armistice (11th November, 1919) Hart House was formally opened by His Excellency the Duke of Devonshire, who was at that time the Governor-General of Canada. The late Mr. Henry Sproatt and Mr. Ernest Rolph were the architects of the building which comes as near to meeting the requirements of the ideal house for student activities as any on this continent or perhaps in the world.

In its widest interpretation Hart House, which is for the use of men only and is non-residential, seeks to provide for all the activities of the undergraduate's life which lie outside the actual lecture rooms. Architecturally of great beauty and built round a quadrangle, Hart House is unique in that it houses under one roof a finely proportioned hall, common rooms of every description, a library, debates room, music room, a small chapel, together with rooms for the use of the Student Christian Movement, an art gallery, a print room and an arts and crafts room, photographic rooms, a billiard room, squash racquets courts, an indoor rifle range, senior common rooms for both faculty and graduate members, a few bedrooms for guests, offices of the Comptroller's department, the office and private rooms of the Warden and in the athletic wing an upper and lower gymnasium both admirably equipped, separate rooms for boxing, wrestling and fencing, an indoor running track, a room for rowing practice, a large swimming pool and the offices of the Financial Secretary of the Athletic Association, the Director of Athletics and the Director of Medical Services for men students. Below the quadrangle is a fully equipped theatre with foyer, green room, dressing rooms, wardrobe and the office of the Director of the Theatre. Every male undergraduate of the University is required to be a member of Hart House towards the upkeep of which he pays an annual fee of twelve dollars. The House has no endowment and these fees are its chief source of revenue.

The gymnasias, swimming pool and locker rooms are under the control and direction of the Athletic Directorate through Mr. T. A. Reed, Financial Secretary of the Athletic Association.

The outstanding event of the early summer was the luncheon given to Their Majesties King George VI and Queen Elizabeth on 22nd May in the Great Hall of Hart House by the Lieutenant-Governor and the Executive Council of Ontario.

After presenting new colours to the Toronto Scottish Regiment on the back campus, the Queen passed under the Soldiers' Tower on foot and reached the south-west door of Hart House at 1.05 p.m. The King coming on foot direct from the Parliament Buildings reached the building at almost the same moment. They were received at the door by Dr. H. J. Cody and Mrs. Cody and the Warden. They signed the Visitors' Book in the map room and then proceeded by way of the quadrangle to the Great Hall. The guests numbering 479 were standing in their places when Their Majesties entered at 1.15 p.m. The King sat immediately under the royal arms, the Lieutenant-Governor on his left and Mrs. Matthews on his right. Her Majesty sat with the Lieutenant-Governor on her right and the Prime Minister of Ontario on her left. There were no speeches but the Lieutenant-Governor in one simple sentence proposed first the health of the King and then of the Queen. After lunch Their Majesties and staff withdrew from the Hall and went upstairs for a brief rest. Shortly before 2.30 p.m. Their Majesties left the House by the south-east door near the inscription, receiving a tremendous ovation from the crowds outside. Both the King and Queen showed great interest in Hart House, being obviously familiar with the purpose of its life. Their Majesties, it was learned, had thoroughly familiarized themselves with the history and traditions of the House even before they had left England.

The care of Hart House and its welfare have to a large extent been entrusted to the undergraduates themselves. There are a number of standing and special committees, the personnel and duties of which, subject to the authority of the Board of Stewards, are as follows:

### **HOUSE COMMITTEE**

The House Committee is the senior of the standing committees with supervision over the activities of the House, including the general control of the Great Hall, the kitchens and the tuck shop. The billiard room and barber shop are under its care and it is also responsible to the Board of Stewards for seeing that the structure and equipment of the House are kept in good repair. The annual elections of the committees of Hart House are under the management of this committee. Arrangements for the All University Fall Dance which is the first large informal dance of the year are also carried out by the House Committee.

The members of the House Committee for 1939-1940 are: Professor W. J. T. Wright, Chairman; the Warden, Professor T. M. C. Taylor, Mr. J. J. D. Brunke, graduate representative; the Comptroller, the Assistant Comptroller, D. E. Ryerson, Ontario College of Education representative; D. L. Mumford, Athletic Association representative; R. A. Colquhoun, D. M. Deacon, L. S. Hildes, R. B. Hutcheson, J. A. MacVicar, G. S. Patchet, R. T. M. Tamblyn, E. Sigston, J. O. S. Smith, and C. S. Wright, Secretary.

### **LIBRARY COMMITTEE**

The library in Hart House is recognized as one of the most beautiful rooms in the whole building.

In accordance with the idea of the Founders, the Library Committee has from the very first been engaged in the building up of a collection of books such as might be found in a good private library and the room has always been a popular resort for all who like to spend their leisure hours reading the casual book.

At present there are over five thousand volumes on the shelves about half of which are fiction, while the rest are composed chiefly of biography, history, language and general literature. Additions to the library are made at regular intervals and the activities of the committee are mainly centred around the selection of new books for purchase. Owing to the generosity of the Massey Foundation new shelves were placed in the alcove where all fiction books are now to be found. This year three library evenings were held at which the speakers were Gregory Clark, well-known journalist; Napier Moore, editor of Maclean's magazine; and Hector Charlesworth, noted author and critic.

The Library Committee is also responsible for the selection of periodicals for use in the reading room and in this department of the House a wide range of weekly and monthly journals may be found.

The members of the Library Committee for 1939-1940 are: Professor N. J. Endicott, Chairman; the Warden, Dr. A. E. Barker, Mr. D. C. Wells, graduate representative; R. A. J. Phillips, Curator; H. L. Aboud, C. L. Dubin, J. P. Dunn, A. G. Gibson, A. L. Haines, A. R. Kilgour, J. W. Scott, J. H. Snyder, V. D. Wigmore, and R. L. Whitelaw, Secretary.

### MUSIC COMMITTEE

The Sunday Evening Concerts this year were given by the following artists: The Hart House String Quartet; Margaret Parsons, pianist; George Lambert, baritone; the Tudor Singers under the direction of Dr. Healey Willan; Elie Spivak, violinist; Jeannette Caillé, pianist; Gordon Hallett and Clifford Poole, two piano recital, and the Hart House Glee Club.

The usual series of Friday Afternoon Recitals took place from the first of November to the end of February. Songsters were again held on certain Sunday evenings during the year in the music room and were directed by Mr. J. Campbell-McInnes.

The Friday midday sing songs continued to be as popular as in other years under the able leadership of G. Ross Workman. On these occasions men gather after lunch in the east common-room to sing under Mr. Workman's direction.

An interesting feature this year was the revival of informal recitals by some of the best undergraduate pianists in the east common-room between 1.30 and 2.00 p.m. on certain Thursdays. Members apparently appreciated the opportunity of hearing good music well played.

The members of the Music Committee for 1939-1940 are: Professor M. D. C. Tait, Chairman; the Warden, Dr. A. M. Wynne, Sir Ernest MacMillan, Mr. F. R. MacKelcan, graduate representative; D. M. Bean, I. A. Blackstone, T. K. Cragg, C. J. Fairfield, E. A. M. Grange, D. M. Kirk, D. A. Lang, F. B. Rainsberry, T. A. Wilkinson, and C. H. Holmes, Secretary.

### GLEE CLUB COMMITTEE

Under the enthusiastic direction of Dr. Charles Peaker, the Glee Club had a most successful year. They assisted at the Armistice Day service and gave a carol programme at lunch-time in the Great Hall just before Christmas. This programme was broadcast from 1.45 to 2.00 p.m. on the following day over the eastern network of the Canadian Broadcasting Corporation. The announcer began by describing the Great Hall which at the time was full of undergraduates having lunch, the programme thus being given in a setting characteristic of Hart House. The Glee Club also gave the last Sunday Evening Concert of the year on 25th February, providing a most satisfactory close to the year's activities.

The members of the Glee Club Committee for 1939-1940 are: Dr. A. M. Wynne, Chairman; the Warden, the Rev. Dr. W. H. Grant, graduate representative; Dr. Charles Peaker, Conductor; the Assistant Secretary of Hart House, C. H. Holmes, N. J. Abbott, J. C. Bain, J. L. MacDowell, W. G. Weare, and A. E. A. Ongley, Secretary.

### ART COMMITTEE

The activities of the Art Committee include the holding of exhibitions in the gallery and the print room, the administration of the arts and crafts room, the management of art classes and the occasional purchase of pictures. This year "Maurice", by Liliás Torrance Newton, and "In the Woods", by Paraskeva Clark, were added to the Hart House collection of Canadian paintings.

The exhibitions during 1939-1940 have included the work of Peter Haworth and B. Cogill Haworth, John Russell, F. H. Brigden, Louis Muhlstock, F. S. Haines and Clarence Chong, the annual exhibition of photographs arranged by the Camera Committee, a display of Jugoslavian posters by Dr. J. H. Elliott, work by students in the Department of Fine Art, an exhibition of paintings of Caribou Eskimo by Mrs. D. Marsh, the work of undergraduate members, the work of graduate members and members of the faculty, a one-man camera show by Ronny Jaques and an exhibition in April consisting entirely of work carried out at the art classes through the winter. On several occasions noon hour reviews of exhibitions were given by the artists concerned, and in November Mr. John Rothenstein, Director of the Tate Gallery, London, spoke to a group of members.

This year again the art classes and the work in the arts and crafts room have been combined under one instructor. Mr. Carl Schaefer, whose skill and enthusiasm as an art teacher are well known in Toronto, acted in this capacity. W. B. Burwell acted as Keeper of the Prints in the absence through sickness of W. M. Nicholls.

"The Young Canadian", by C. F. Comfort, and "Memory's Melodies", by William Wood, were loaned to the New York World's Fair and were returned in good condition.

The members of the Art Committee for 1939-1940 are: Mr. R. G. Riddell, Chairman; the Warden, Dr. R. A. Cleghorn, Dr. D. M. Tanner, graduate representative; W. M. Nicholls, Keeper of the Prints; W. E. Burgis, T. C. Daly, J. F. Freeman, W. B. Harper, R. S. Harris, A. S. Mallon, M. A. Murphy, D. R. Tennent, J. C. Todds, and J. W. Barnes, Secretary.

### **CAMERA COMMITTEE**

The Camera Committee, which is a special committee of Hart House, is responsible for the management of the dark rooms, the care of photographic equipment and the general encouragement of photography among the members of the House. The annual exhibition of photographic work by members of the House, arranged by this committee, took place in January, when one hundred and nine of the one hundred and seventy-five prints submitted were hung. Each year the committee selects from its annual exhibition a few outstanding prints for a permanent collection owned by Hart House.

In the fall the committee explain to beginners the use of the valuable equipment in the rooms and later give instruction in various phases of photographic work. The interest in photography has increased from year to year and the committee have been forced several times to give serious attention to accommodation in the camera rooms.

The members of the Camera Committee for 1939-1940 are: Professor A. F. Coventry, Chairman; the Warden, Mr. B. C. Matson, graduate representative; the Assistant Comptroller, M. A. Ashworth, W. H. Cockcroft, L. M. Hampson, H. H. Mullinger, A. J. L. Solway, C. E. Sylvester, and Q. R. Ball, Secretary.

### **SQUASH RACQUETS COMMITTEE**

The Squash Racquets Committee, now a standing committee of Hart House by authority of the Board of Stewards, are responsible for the general control of the squash courts and the arrangement of tournaments with outside clubs. Hart House was represented this year in the Canadian Squash Racquets Championship at Toronto in January, the Toronto City Squash Championship at the Badminton and Racquet Club, the Province of Quebec Squash Racquets Championship at Montreal in January and in the Ontario Squash Racquets Championship at Toronto in March. During the year matches were played with the Carlton Club, the Hamilton Squash Club and the Hamilton Thistle Club. The individual tournament was held as in previous years, but this winter for the first time squash racquets was included in intra-mural sports and this took the place of the usual inter-faculty tournament.

The classes for beginners and the team practices were continued this year and have resulted in great enthusiasm for the game and a continued high standard of play.

The members of the Squash Racquets Committee for 1939-1940 are: Mr. A. B. Fennell, Chairman; the Warden, Dr. R. Richmond, graduate representative; L. F. P. Fitzpatrick, H. L. Kerr, C. S. Lazier, P. W. Rankin, H. B. Hussey and H. S. Wainberg, Secretary.

## DEBATES COMMITTEE

On 31st January, 1924, the first debate ever held in Hart House took place. This debate was on the open parliamentary system, special Rules of Procedure being drawn up by the committee. The debates room in Hart House was arranged as far as possible similar to the Provincial or Federal House. After the four speakers "on the paper" had finished their speeches the debate was open to any member who having caught the Speaker's eye might then rise and address the House. At 10.30 p.m. the House divided on the motion. The aim of Hart House debates is to encourage real debating in contrast to the competitive system by which speeches are carefully prepared for weeks beforehand and also to encourage among undergraduates an interest in public affairs.

Among visitors who have spoken "on the paper" or from the floor of the House are the Hon. E. C. Drury, G. S. Ewart, K.C., the Rt. Hon. W. L. Mackenzie King, the Hon. J. W. Nickle, K.C., the Hon. Hugh Guthrie, the Hon. Manning Doherty, the Hon. G. Howard Ferguson, Miss Agnes Macphail, E. J. Garland, the Hon. G. S. Henry, the Hon. Ernest Lapointe, J. S. Woodsworth, the Rt. Hon. R. B. Bennett, the Hon. H. H. Stevens, Professor Stephen Leacock, the Hon. Major C. G. Power and the Hon. Norman McL. Rogers.

This year, however, it was thought wiser to suspend debates. It was clear that at such a time of crisis debates could not avoid being concerned directly or indirectly with the war and the rigid censorship regulations made such discussions difficult, especially in view of the wide publicity which Hart House debates receive in the press.

The members of the Debates Committee for 1939-1940 are: Professor C. A. Ashley, Chairman; the Warden, Professor A. F. W. Plumptre, Mr. G. A. McGillivray and Mr. J. L. Wilson, graduate representatives; D. A. Bristow, A. H. Crosbie, R. R. Easton, C. L. Francis, P. C. McGillicuddy, A. E. Maloney, C. G. Sanderson, and J. George, Secretary.

## GRADUATE COMMITTEE

The Graduate Committee which is a special committee of Hart House is responsible for the activities of the senior members. Dinners held at certain intervals throughout the year and the Graduates Ball which normally takes place on New Year's Eve are organised by this committee. This year the committee felt it best, in view of the fact that New Year's Eve fell on Sunday, to suspend the Graduates Ball for one year. The committee also have general supervision over the graduate athletic activities as well as the graduate dining-room and sitting-room. The annual meeting of senior members of Hart House is held in March of each year when the Graduate Committee is elected.

In spite of a senior membership smaller than that of last year there has been a continued wide interest in the athletic programme planned by the committee. A large number of members have regularly attended the exercise classes and the basketball and baseball games. The golf classes have also attracted a steady attendance and the Revolver Club in its fourth year has developed an enthusiastic membership.

The members of the Graduate Committee for 1939-1940 are: Mr. A. M. Bell, Chairman; the Warden, A. S. Burton, J. L. Grogan, R. H. Hillery, N. F. Mallon, D. B. Murray, N. R. McKibbin, C. H. Vinnels, the Comptroller, the Assistant Secretary, and H. J. Sissons, Secretary.

### BOARD OF STEWARDS

The Board of Stewards is the governing body of Hart House and is so constituted as to include among its numbers the secretaries of the standing committees and representatives of the chief organisations in Hart House. Subject to the superior authority of the Board of Governors of the University the direction, management and administration of Hart House, including matters of discipline, are entrusted to the Board of Stewards. The Board is assisted by a Finance Committee which make recommendations with regard to financial matters. The general supervision of the whole House is entrusted to the Warden who is appointed by the Board of Governors of the University and is ex-officio chairman of the Board of Stewards. He is assisted by the Comptroller of Hart House, J. R. Gilley, S.P.S. '21; the Assistant Comptroller, W. R. Cowan, S.P.S. '24; the Secretary of Hart House, H. J. Sissons, Victoria '37; and the Assistant Secretary, E. A. Wilkinson, Victoria '38.

The members of the Board for Stewards for 1939-1940 are: The Warden, Chairman ex-officio; the Rev. Dr. H. J. Cody, the Hon. Vincent Massey, representative of the Board of Governors; Professor H. Wasteneys and Professor K. B. Jackson, representatives of the President; Mr. T. A. Reed, Financial Secretary of the Athletic Association; A. G. Burns, Faculty Union; A. M. Bell, Graduate Committee; S. C. Best, Student Christian Movement; E. S. Jarvis, Athletic Directorate; W. W. Small, Students' Administrative Council; C. S. Wright, House Committee; R. L. Whitelaw, Library Committee; C. H. Holmes, Music Committee; J. W. Barnes, Art Committee; H. S. Wainberg, Squash Racquets Committee; J. George, Debates Committee; and J. R. Gilley, the Comptroller, Secretary.

### THE STUDENT CHRISTIAN MOVEMENT

The religious life of Hart House is under the guidance of the General Secretary of the Student Christian Movement, the Rev. Dr. Wilfred Lockhart, who has his offices in Hart House. The Chapel is always open for private prayer and meditation and there are weekly services during term and a monthly celebration of Holy Communion.

A regular feature of the Movement's programme in Hart House is the popular Wednesday noon-hour series from 1.30-2.00 p.m. in the music room. This year the general theme has been "The Christian and the War" and included the following as speakers: Dr. Leopold Kohr, Canon W. W. Judd, the Rev. J. Finlay, Dr. C. E. Silcox, B. K. Sandwell, J. R. Mutchmor, His Imperial Highness the Archduke Felix of Austria, Norman Sommerville, K.C., G. Raymond Booth, Dr. Salem Bland, Dr. W. C. Lockhart and Dr. J. R. P. Sclater.

In January a series on the subject "By What Authority?" was taken by Rabbi Eisendrath, Professor E. Gilson, Principal W. T. Brown, Professor F. D. Coggan and the Rev. Dr. G. C. Pidgeon.

While the war has meant that fewer visitors have been available than in previous years, among those who have been brought to the University this year are: Robert Mackie, Geneva; D. T. Niles, India; Dr. J. R. Mott, New York; Edwin Espy, Geneva; and Dr. T. Z. Koo, China.

During the Christmas vacation the S.C.M. in Toronto was host to the students of North America for their conference on the "World Mission of Christianity" when almost five hundred undergraduates from the United States and Canada met in the University from 27th December to 1st January. This conference brought outstanding Christian leaders from all parts of the world and not least in significance was the unique Sunday evening concert in the Great Hall on New Year's Eve when greetings were expressed by students of some twenty different countries in their native tongues.

## The Students' Administrative Council

THIS University during the past year has been blessed by an absence of the bitter quarrels and minor bickerings which have developed between certain student organizations in other universities across the country. Responsibility for this happy state of affairs may be traced directly to the co-operative attitude of the Students' Administrative Council as representative of the fundamental common sense of Toronto's student body.

The Council has been fortunate in having as President this year Mr. Sydney Hermant, U.C. '35, whose wide knowledge of Canadian student affairs gained as an undergraduate executive also resulted in his election as President of the National Federation of Canadian University Students for the next two years. Professor Chant has continued as one of the helpful Faculty counsellors, with Dr. Lorriman as the new member to replace Professor Cockburn. Mr. P. C. McGillicuddy and Miss Katherine Bennett were the capable Vice-Presidents, with Mr. McGillicuddy also acting as Student Service Commissioner and N.F.C.U.S. Representative.

The Publications Committee with Mr. G. H. K. Strathy as Commissioner had a most peaceful year, thanks very largely to *The Varsity* Editor, Mr. S. W. Albright, and his splendid staff who produced a paper of the highest standard and frequently sacrificed a newspaper "scoop" rather than emphasize happenings which might cause friction in the University.

The Finance Committee, with Mr. S. M. S. Dunn as Commissioner, reports a satisfactory year, considering general conditions. It was possible for the Council to purchase a reproducing machine which has been loaned to the Canadian Officers' Training Corps for the duration of the war; loans amounting to \$6,700 were made to undergraduates from the Loan Fund, and contributions were made to International Student Service and other worth-while projects.

Due to war conditions and the consequent cancellation of intercollegiate debates and out-of-town trips for the band, the work of the Debates Committee and the Sporting Activities Committee was considerably lessened. The University Symphony Orchestra gave a most successful concert in Convocation Hall, sponsored and financed by the Council, and later repeated this in Guelph at the Ontario Agricultural College.

The various services maintained by the Council, such as the Rooming Service and the Women's Book Exchange, have been of great value to the undergraduates. The demand upon the Employment Service, in particular, is steadily increasing, and from July 1st to March 1st of the past year openings for employment were found for over 1,200 students.

The Council last year instituted a new Honour Award which is voted to certain graduating students who have made an outstanding contribution to the undergraduate life of the university as a whole. These awards were presented by Dr. Cody at the Convocation Garden Parties, which, as in the past few years, have been organized and financed by the Council. It is hoped to continue this custom.

The Council represented the student body at the Remembrance Day Service on November 11th and at the Memorial Service for Lord Tweedsmuir in February. The annual dinner for the masthead of *The Varsity* was held at the Royal York in October and the Council members in their turn were entertained by Dr. and Mrs. Cody at the Women's Union at a dinner which has become a delightful annual institution.

## The University of Toronto Band

THE past year has been an exceptional one for the Varsity Band. Due to existing conditions all the band trips were suspended, although the band appeared at all the hometown games. The out-of-town trips have always been the enticing feature of the band and consequently the band suffered somewhat. However, due to the untiring efforts of Canada's senior bandmaster, Capt. John Slatter, the band came through in a manner true to its former traditions. It is hoped that next year the trips may be resumed as formerly.

The Armistice Service, which was such a significant occasion this year, was well represented by the band. It was a pleasure for the band to parade for such a large contingent of the Canadian Officers Training Corps.

A new feature this year was the band party. This affair, in place of the annual banquet, was a fitting end to the season's activities. Mr. E. A. Macdonald of the Students' Administrative Council and Capt. Slatter were the guests of honour.

We wish to thank the S.A.C. for their interest and financial support of the band, and particularly Mr. Alex Macdonald who has made the band the efficient organization that it is at present.

This year the band will not lose as many through graduation so we can all look forward to a more promising time next year. We hope that by that time Capt. Slatter will have finished the thirty-ninth chapter of his memoirs.

Officers for the year:—

Bandmaster—Capt. John Slatter.

Drum-Major and President—Lionel R. Dent.

Secretary—John Flagler.

Quarter-master—Hal. Butterill.

## The University of Toronto Symphony Orchestra

THIS was the University Symphony Orchestra's sixth season, and under Donald Ryerson's baton it was one of its most successful. Mr. Ryerson is the orchestra's third conductor, his predecessors on the podium having been John Weinzwieg, who founded the organization, and Brook McElheran.

Sponsored by the Students' Administrative Council, the orchestra is an all-university activity, open to students of every college and faculty. Its annual concert was given in Convocation Hall on February 15th before an appreciative and representative audience.

The program included Beethoven's Symphony No. I, Mendelssohn's *Fingal's Cave* overture and the waltz, *Artists' Life*, by Johann Strauss. An interesting feature of the evening was the performance of a work by a young Canadian composer, Godfrey Ridout's *A Song in Summer*.

The pleasant custom of giving a concert at the Ontario Agricultural College in Guelph, instituted last year, was continued. The orchestra made the trip there by bus on February 19th, and repeated most of its Toronto program for a large and enthusiastic audience. It was handsomely entertained by the College both before and after the concert.

## Torontonensis

THE Editor of this year's *Torontonensis* makes no claim to any radical departure or startling innovations from the standards set up by his predecessors. Nevertheless, the war has manifested its influence on this volume in many obvious ways. An attempt has been made to have the header pages of each section more artistic, while at the same time to avoid undue ornateness.

The ink used in this edition has been chosen to make the pictures show to best advantage. The biography section is essentially the same as last year's because it was felt to be the most suitable arrangement.

The faithful execution of their tasks on the part of the Faculty and College representatives and their remarkable promptness in attending to detail has won them the deep gratitude of the Editor. They edited all the biographies and copy, wherever necessary, very capably.

The members of the Board of Editors have carried out their various tasks in the most co-operative manner and with great care. They have in no small way lightened the Editor's task by their assistance. The proof-reading was carried on most efficiently by F. D. Blackley, the Proofs Editor—a new position on the staff this year. The photographic work—title pages and Campus Life—was more than admirably handled by Errol Cahoon, a newcomer to this department of *Torontonensis*. To the Business Manager, Mr. E. A. Macdonald, goes the sincere thanks of the Editor for his co-operation and helpful advice.

## The Varsity

**D**ESPITE a background of severe international confusion, aspects of which have manifested themselves to University of Toronto students in a variety of forms, *The Varsity* was able to maintain a comparatively normal programme of publishing during the 1939-40 academic session. Daily the campus news was gathered, and daily the paper went to press.

Equipped with an unusually adequate staff of men and women from almost every faculty in the University, the ideal of an All-University of Toronto undergraduate newspaper was the guiding light both of its editors and its publishers; and the activities of the paper were constantly directed toward that end.

While the three-year-old Canadian *University Press* functioned with unparalleled efficiency, news was printed not only of our own campus, but of almost every other Canadian campus as well; and U. of T. news found its way to distant universities through the same medium.

As a climax to a successful year, Larry Smith was appointed to the editorship for the season 1940-41 on the recommendation of the staff.

## The Commerce Club

THE year 1939-1940 marks the Nineteenth Anniversary of the founding of the Commerce Club. This Club is the official organization of undergraduates in the Commerce and Finance Course. Its objects are: to discuss current political, financial and economical trends with those who are in close contact with world affairs; and to serve as a unifying influence between undergraduates, graduates and staff.

In order to further these objects, a series of smokers was arranged by the Commerce Club for its members. At these smokers, prominent men as guest speakers led discussions on many interesting topics. The Club had the privilege of hearing Dr. Morgan on his experiences in Italy this past summer; Dr. Koper on the economic conditions in Germany under war conditions; Mr. R. C. Bingham, formerly of the Indian Civil Service, and Dr. Ante on Character Analysis and Salesmanship.

As usual, the Club ran tournaments in ping-pong and squash, L. Fitzpatrick winning the Crocombe Trophy, emblematic of the Club squash championship.

The Commerce At-Home and the Banquet, which have become annual features of the Club, were both very well attended and declared a success by all. Dr. R. H. Coats, Dominion Statistician, who was guest speaker at the annual dinner held on December 7th, 1939, gave a most interesting address.

The executive would like to thank Professor C. A. Ashley for his constant co-operation and advice; they are greatly indebted to him.

## The University Chemical Club

THE University Chemical Club is the official and professional organization for graduate and undergraduate students in chemistry and related courses. The activities of the Club include monthly meetings, usually addressed by prominent men in their respective fields of chemistry and industry, visits to plants, and occasional social activities.

The fact that Canada is at war has had a great effect on the ease with which permission can be obtained to visit industrial plants. We can, however, report very successful visits to the Eldorado Radium Refinery at Port Hope, the Phillips Glass Co. work at Oshawa, the St. Lawrence Starch Co., and the Steel Company of Canada.

The visit of Club members to the Eldorado Radium Refinery was preceded by an open meeting of the Club which was addressed by M. Marcel Pochon, chief chemist with Eldorado.

The University Chemical Club joined with the Toronto Chemical Association and the Industrial Chemical Club to present a Ladies' Night in the form of a dinner and dance held at the Boulevard Club. This most successful season was climaxed by the Annual Banquet, held this year in Burwash Hall of Victoria University.

The fundamental aims of the Club are to provide opportunity for association between students and members of the staff, and to give undergraduates some idea of industrial methods. In addition to this, the members of the Club realize the fact that the prosecution of Canada's war effort will come to depend more and more upon her scientists. They can serve to the highest degree by training to the best of their ability for the particular type of work which lies ahead of them.

### Women's Interfaculty Debating Union

THE Varsity Women's Interfaculty Debating Union is composed of two representatives from each of the four Arts colleges. This year the number of debates was increased, and there are four debates to decide the winner of the trophy. Victoria College defeated University College, St. Michael's defeated University College and then in turn gave way to Trinity. The final contest was between Victoria and Trinity Colleges.

This Union is also a part of the Intercollegiate Debating Union, in which each university takes part in two debates. Again this year the union consisted of McMaster, Queen's and Varsity only, because McGill and Western at the last minute failed to signify their intention of debating with any of the universities in the union. Varsity won her home debate, but lost to McMaster, who defeated Queen's and again is in possession of the trophy.

The annual meeting of the Intercollegiate Executive took place at McMaster on February 17th, at which representatives from McGill and Western were present, and the coming year will see both of them actively taking part in the Union.

At Varsity this year there was established a system of awards which can be obtained by Intercollegiate, Interfaculty and Inter-year debating and an active interest in debating.

Women's Interfaculty debating is a connecting link between the Colleges in our University, and between this and other Universities. Everyone can participate, and the Intercollegiate debaters are chosen at a competitive try-out held in the early fall.

We feel that this unifying force is very valuable; and evidently so do others, because the interest displayed in debating this year is certainly on the increase.

### Teachers' Course Association

**D**URING the Summer session of 1939, approximately 300 students attended Teachers' Course classes. The Association organized various social events, including dances at Hart House and Hanlan's Point, and a lake cruise to Port Dalhousie. Tennis facilities were available at St. Hilda's College, and baseball was played with teams of other Summer courses.

Approximately 500 students were in attendance at the Winter session when social functions included a reception dance at the Ontario College of Education following the annual meeting, an informal dance at the Savarin, ice and roller skating parties followed by a dance at the Central Y.M.C.A., a dinner at the Oak Room of the Union Station at which Dr. W. R. Taylor of the University staff spoke on "The Past Salutes the Future", a supper dance at the Roof Gardens of the Royal York Hotel, and the ladies of the Course held an afternoon tea and fashion talk.

The Scholarship Fund drive was continued through the Summer and Fall and several hundred dollars were subscribed, the aim being to raise \$6,000 to provide a worthwhile scholarship enabling the student standing highest in the second year of the Course to spend the final year intramurally, and also to serve as a loan fund for members who desire to further their education. A scholarship was awarded to the student who obtained highest standing in first year English in each session.

The Teachers' Course Paper, *Campus Comment*, was issued regularly and proved helpful.

Eleven students graduated from the Course last Fall and 34 are graduating in June.

## The Student Christian Movement

THE Student Christian Movement in the University of Toronto is a fellowship of undergraduates which is founded on the conviction "that in Jesus Christ are found the supreme revelation of God and the means to the full realization of life".

It is a member of the Student Christian Movement of Canada and of the World's Student Christian Federation. In this way it shares in a Canadian wide and a world-wide fellowship of Christian undergraduates.

The Student Christian Movement is organized in the university through executives in the various colleges and faculties, which are linked together in the central organization of the Council. It offers the opportunity for an intelligent scrutiny of the fundamental problems of life and the meaning and message of Jesus Christ for today.

This year the S.C.M. in Toronto was host to the North American Conference of the Student Volunteer Movement on "The World Mission of Christianity" which met in the University from December 27th, 1939, to January 1st, 1940. Other outstanding aspects of its program beyond its regular study-groups, worship services, seminars, conference, etc., were the regular weekly noon-hour addresses in the Women's Union and in Hart House, and its co-operative effort with the Jewish Student Society in maintaining a refugee student in the University.

## The Varsity Christian Fellowship

THE Varsity Christian Fellowship is a branch of the Inter-Varsity Christian Fellowship which originated in the Universities of Great Britain in 1877. The organization now embraces groups of Christian students throughout the world. Closely affiliated with the I.V.C.F. in Canada is the Inter-School Christian Fellowship with branches in many of the secondary schools.

The Fellowship is founded on the conviction that personal relationship with God is realized only through faith in Jesus Christ, His Son. Its aim is to deepen and strengthen the spiritual lives of its members and to seek to lead others to a personal faith in Him, that they may share the life abundant which He gives to those who commit their lives entirely into His hands.

The activities of the group fall into two divisions. The study groups, dealing with important phases of Christianity, are designed to establish Christians in the faith. The Open Meetings aim to interest those who have not identified themselves with Jesus Christ. Prayer Meetings are held daily from 1.40 to 1.55 p.m. in Room 38, University College, and in Jackson Hall, Victoria College.

"Student House", 624 Spadina, is the newly-acquired headquarters of the V.C.F. This home provides a centre near the campus for Bible-study, prayer groups, social evenings and recreational activities, under the capable leadership of the Warden, Mr. Henry Matthews, M.A.

Many students are finding that the programme of the Fellowship fills a need in their lives, and we trust that in the coming years God may use our witness more effectively for the extension of His Kingdom.

## **East House**

THE present school year has been memorable in the annals of East House. From the first roar of the cannon in September until the splash of the final water bag in May, the corridors have listened to exclamations of mirth and laughter, subdued whispers of dire plots and occasionally the droning monotones of individuals suddenly aware of examinations next day. In all, life has progressed smoothly but interestingly.

For the first time in years, East House has been without the guidance of a house master. We certainly have missed the friendship of Mr. Wiren and the warm informality of his Sunday evening fireside chats. We wish him and Mrs. Wiren the best that life can offer.

The personnel of our house has assembled from widely-scattered points of the globe as of yore. Members have come here from Australia, Switzerland and all parts of Canada. Each has contributed greatly to residence life and proved himself a worthy supporter of the traditions of East House.

Athletically we have upheld our usual high standard and hope to retain the interhouse shield another year.

In conclusion, we bid god-speed to our graduating members and invite them to visit us whenever possible in years to come. Their departure leaves us with a feeling of inadequacy for the future, but one summer's vacation will transform ignorant freshmen into supermen sophomores and considering the frosh of this year, East House has every reason to look forward with pleasant anticipation to 1940-41.

## North House

IT is generally acknowledged that a student attends a university to gain an education. Education applies not only to the small amount of book-learning assimilated by the student in his short stay, but also to that rounding out and broadening of his character. Nowhere is this final polish acquired to such a high degree as in the residence.

Here the student meets men from all Canada and from every faculty on the Campus. He is under no obligation to be friends, but he finds, that through the residence he has the ability to make friends.

North House, with the other residences was meant as a university rooming house for out-of-town students. The difference which North House holds over a rooming house is due to the efforts of Dr. Gilchrist.

Dr. Gilchrist's sacrifice and devotion to North House will long be remembered by the University. His interest and belief that the boys needed more than a rooming house, has gradually introduced changes in which North House led the other residences. Some of these ideas, first introduced into North House were thought of as failures, without first having the chance to prove their worth. The perseverance of Dr. Gilchrist has led to the acceptance of these experiments with the full realization of their worth.

The idea of a resident housemaster was suggested by Dr. Gilchrist and he himself was appointed first, the other houses following not long after. He gave us a finely furnished common room, a much-needed meeting place for discussions and friendly gatherings.

This year, Dr. Gilchrist, after giving twenty-five years to guiding the residences in their problems, has left the residence. He leaves behind him the memory of a fine and understanding man, upon whom all men of North House will look as a personal friend, and deeply feel the sense of loss on his leaving the residence.

## South House

FOR the second time in the history of the house we returned this fall in time of war—all of us uncertain what the next few months would bring. Rumours were rife—the residences were to be turned over to the army, or the air force, or some other organization and we would all have to leave before Christmas. But, like most rumors, these, too, proved false and after a few weeks of uncertainty the house settled down to its normal routine. However, for the first time in many years the annual bed-race down St. George Street was not held; no doubt much to the relief of the freshmen.

The Residence At-Home, in the Roof Garden of the Royal York, was once again very successful, even better than in former years. Our other important social event was the Fourth Alumni Banquet at the Park Plaza Hotel. It, too, proved a decided success, as both the graduates and the superintendent's bills testified.

Our record in sport has, perhaps, not been up to our usual standard, but we did win the swimming meet.

The cosmopolitan atmosphere of the house has been maintained with students from as far away as Australia and Poland.

The year has been a comparatively quiet one and the affairs of the house have proceeded smoothly under the capable presidency of Allan Thompson.

### The Modern History Club

THE Modern History Club is an organization designed to promote interest and fellowship among the members of the Modern History Course. To this end, monthly meetings, a trip to some point of historical interest, a dance, and a banquet are held. This year's programme commenced with our trip, to Fort Erie, on October 29th. Except for the shortage of sandwiches, as too few had brought food, and none could be obtained in the town of Fort Erie on Sunday, the excursion was an unqualified success. For the first regular meeting, on November 7th, Mr. T. A. Reed delivered his extremely interesting lecture on "Toronto", one which all Toronto students of history should hear. On December 12th, Dr. C. W. Jeffreys spoke to us on "Hats, Hair, and History". Although perhaps of special interest to the girls, everyone enjoyed Dr. Jeffrey's presentation of the subject, which he illustrated with his sketches. At the January meeting, Mr. Freeman Tovell, one of our members, gave us his vivid impressions of Germany and Russia, gathered during his trip through those countries just before the outbreak of war. The annual dance, well attended, was held on January 31st, at the Royal York. The year wound up with the regular meeting in February, and as the climax to a successful year, the banquet in March. However, we could not conclude this outline of our activities without expressing our sincere appreciation to our staff advisors, Professors G. W. Brown and R. M. Saunders—not excluding Professor Wilkinson for his invaluable assistance on our trip—for their helpful co-operation during the past year.

## University College Literary and Athletic Association

THE "Lit" Executive is the administrator for all the male undergraduate activities of the College. Inspiration has featured the administration to raise this year's literary athletic and social activities to new vigour.

The open meetings featured two former society presidents as speakers: Paul Bridle, survivor of the Athenia disaster, and Sidney Hermant, newly elected to the presidencies of the S.A.C. and N.F.C.U.S. The Women's Undergraduate Association played hosts to the "Lit" with skits fun and frolic and the Lit reciprocated with a brilliant show. At the nomination meeting, John Clarry and Eric Hardy won the Robinette Debates Trophy. The Maurice Cody Prize was awarded to Lloyd Francis. The members joined in paying tribute to the fine work of Professor L. A. MacKay, Honorary President for the past two years.

U.C. took four interfaculty athletic championships this year: golf, senior swimming, volleyball and the Durnan individual swimmer's trophy (won by Ged Clawson). These championships were the by-products of the higher position reached by U.C. in the fight for the T. A. Reed Interfaculty Trophy.

The Parliamentary Club had spirited sessions and brought out a wealth of oratorical talent. Editor Terrace began a new policy in *The Undergraduate* with the addition of a "college activity" section.

The "Follies" under the producer-director Lou Weingarten presented glamorous girls and sparkling wit in the best show on the campus. The orchestra, the Modernaires, proved so delightful that it was featured again at the Arts Ball and the Junior-Senior dance. These were far ahead of any dances of recent years.

The Society greatly improved the Junior Common Room and it has become the social centre for the College. The executive featured frequent joint meetings with the executive of the W.U.A. This closer co-operation contributed to the greater success of all the College activities.

### University College Women's Undergraduate Association

EVERY woman registered in University College is a member of the Women's Undergraduate Association (popularly known as the W.U.A.), which is the self-government organization of the women of University College.

The Athletic Director (this year, Helen Gurney) is an important member of this Council, to which she gives full reports, for the W.U.A. assumes full financial responsibility for women's athletics in the College.

The Music Director (this year, Dora Follett) is another important person. for the U.C. Glee Club is supported by the Association. This year, for the first time, it elected an independent executive to lessen the Music Director's work.

Social Service was directed this year by Lib Field. The University drive for the Federation of Community Service achieved 105% of its objective; this year, for the first time, there was canvassing also of the students of the College. Our Social Service Director has responsibility for volunteers to work at the University Settlement. The Red Cross worked through the W.U.A. to get volunteers for tagging. This year the W.U.A. helped in the financial drive made by the International Student Service.

Social Programme (of which Sheila Scott was Director) included the lectures of the fall term given by Dr. Davey, the open joint meeting, and Sunday evening musicales. The Dean's Christmas party—to which both the Glee Club and the Players' Guild contributed—was preceded by noon-hour carol singing at the Women's Union. The year executives are directly responsible for parties such as the First Year Dance, the Graduation Banquet, and the "Junior-Senior", but they report to the W.U.A. and to the Men's Literary and Athletic Society, and receive financial backing from these organizations.

The W.U.A. subsidises annually the Women's Interfaculty Debating Union, the S.C.M., the U.C. Players' Guild, and *The Undergraduate*. It appoints official representatives to *Torontonensis* and *The Undergraduate*. This year it sent four delegates to the C.S.A. conference held during Christmas week at St. Anne de Bellevue. It appointed an official representative to the International Student Service, and sent representatives to meetings regarding Youth Hostels, and to the Central University Women's Committee regarding war work.

## University College Parliamentary Club

**F**OLLOWING two years' precedent, the University College Parliamentary Club has firmly established itself as a co-educational institution. Mary Shortt ably carried on the tradition of the first woman Prime Minister, Sally Macdonald, of leading a vigorous and critical government. Mere males, however, held their own with five Prime Ministers: Don Blackley, Harold Botnick, Eric Hardy, John Clarry, and Irving Gould. Edgar Simon ended the year as Leader of the Opposition.

Outstanding debate of the year was held with Laval University represented by Paul Renault and Lewis Cannon on the issue of conscription. A joint debate with Victoria College on the question of a Third Term for President Roosevelt resulted in the House deciding against it by a vote of 22 to 28.

Other subjects discussed included both serious and lighter topics — a women's C.O.T.C. was rejected; but not conscription of wealth to prosecute the war; amendment of the divorce laws was favoured and also the giving of corsages; measures to control advertising were adopted and the Acting Speaker cast the deciding vote to declare beauty more influential than brains.

Lord McGillicuddy of Sunnyside proved a colourful and unorthodox Governor-General. The Rt. Hon. Lloyd Francis, as Speaker, presided with fine dignity and sparkling wit over the sessions, aided by a very capable deputy, the Rt. Hon. Harold Botnick. Charlie Walls acted as Clerk of the House.

## The Undergraduate Magazine

THERE is not much to be said about the "Undergraduate" which has not been said in previous issues of *Torontonensis*; the publication of two issues as in previous years has been made possible by the lavish aid of the Women's Undergraduate Association, The University College Literary and Athletic Society, and The University College Alumni; by the somewhat less lavish aid of several of the better businesses of Toronto, and by the still less lavish aid of the literarily inclined members of University College itself.

Prizes were awarded this year, as before, to encourage literary and artistic activity in the College; but there has been a feeling that the magazine did not exude sufficient "college spirit", to the satisfaction of which lack we introduced a Sports Section. Almost anything may happen to the "Undergraduate" in future years.

### University College Men's Residence

THE academic and social life of University College Men's Residence swung into action for the 1939-40 season under the able guidance of Dean Cochrane, who has returned after a year's absence in Europe.

In true "73" spirit, members of the House have again attained prominence in the political and athletic life of both the College and the University. While the tendency towards the studious life has been accelerated by the increase of scholarship men, the "old guard", led by that famous organization, the Dance Committee, have successfully retained our status in the "social whirl".

Under a most energetic executive, the Athletic Committee have finally been able to interest the inmates in exercise other than ping pong, and the Discussion Club has undergone profitable rejuvenation.

While the increase in that intellectual pastime, bridge, is looked upon with favour, the fascination of the green baize tables of Hart House for the freshmen is viewed with some alarm. Egged on by our new Tutor, Mr. Bruck, we are confident that the delinquent freshmen will switch from the cue to the pen in ample time to enable the House to duplicate last year's record of 100 per cent invincibility in the May jousts with the Faculty.

# University College Players' Guild

## UNIVERSITY COLLEGE PLAYERS EXECUTIVE

*President*, FRANCES HALPENNY; *Vice-President*, IRWIN BLACKSTONE; *Secretary*, FRANK WINN; *Treasurer*, ALAN BRUCE-ROBERTSON; *Publicity*, HEATHER HILL; *Stage Manager*, BUD MILNES.

Cast of the Players' Guild presentation of scenes from "*Mary of Scotland*" by Maxwell Anderson, which won the Cody Award in the University Drama Festival:—

*Mary of Scotland*: MARY BRUCK; *Bothwell*: GEOFFREY JOHNSON; *Elizabeth of England*: EVELYN COOK; *John Knox*: JOHN HAYES; *Beaton*: ELIZABETH STONE; *Guards*: FRANK WINN, ALAN BRUCE-ROBERTSON; *Directors*: FRANCES HALPENNY; *Sets*: SIDNEY KEY.

THIS year the Players' Guild joined with the Trinity Dramatic Society and the Victoria Dramatic Society to present a series of plays on Wednesday afternoons in Hart House Theatre under the sponsorship of the University Drama Committee. Behind this new departure was the feeling of those interested in drama that the separation of the societies did not further the cause of a contribution to the field of dramatics that truly represented the University. Moreover, it was felt that this co-operation might profit the work of the individual societies by way of example and exchange of ideas. And then, as fewer plays were now demanded from each society, it would not be so difficult to find directors and the quality of the plays presented would be higher. The scheme worked very successfully this year and should produce even better results next year, when the inevitable rough spots of this first year of experiment have been smoothed over.

The Guild presented the first play in the series, namely, the third act of "The Constant Wife", by Somerset Maugham, directed by Noveen Mitchell. The sophisticated comedy came over very well despite a lack of balance between the two main characters and there were at least two performances of very obvious merit.

Our second contribution was a light costume play, "Mirror to Elizabeth", by T. B. Morris, directed by Frances Halpenny. The production was chiefly notable for the way in which all the characters worked in together to present the full value of the successive situations and for the work of a sizeable group of first-year girls who show great promise.

Our third presentation, "The Lift That Failed", by Percival Wilde, directed by Irwin Blackstone, was rather of the experimental type, taking place as it did in an elevator. The production was perhaps jerky and a little slow, but the characters of the motley group in the lift were well seized.

Our fourth presentation was "The Boy Comes Home", by A. A. Milne, directed by T. C. Daly. The cast were handicapped by not being able to give undivided attention to it as it was given during the term examinations; but for all that it was an enjoyable production and a competent one.

Mention must also be made of our Christmas play and tableaux, directed by Phyllis Greisman. The latter were especially noteworthy, much praise being given to the effective grouping and gestures and the fine lighting effects.

And, of course, we are proudest of our Festival Entry. The cast was a very fine one and one that was at all times willing to give time and thought to the making of a fine production.

On the whole then, the Guild has had a successful, worthwhile and interesting year. Prospects for next year look very good indeed, for this year's executive have been delighted by the number of new people who have appeared who are full of enthusiasm and who have undeniable talent.

### Victoria College Union

EVERY undergraduate in Victoria College is a member of the Victoria College Union. The Executive provides a central organization through which the men and women of the College may be approached and through which they may accomplish official action. It affiliates all existing societies under one administrative body and is responsible for the financial welfare of the Debating Parliament, Women's Literary Society and *Acta Victoriana*, the official undergraduate publication.

The problems of the Executive have been reduced to a minimum this year by the success of the major college activities. The extra-curricular round of events was initiated by the presentation of the "Bob"—which again proved to be "the best ever". The productions presented by the Dramatic Society and the Music Club created widespread interest and maintained the high standards set in the past.

The spirit of good fellowship was the dominant feature of the Vic At Home, which brought to a close the season's social activities.

It is hoped that the large attendances at the Open Meetings this year indicate the increased interest of all undergraduates in the affairs of the College.

### Annesley Student Government Association

THE Annesley Student Government Association is the result of a petition sent to the Senate of Victoria College in the year 1912. This petition expressed the feeling then prevalent among the students that it was highly advisable to assume individual and communal responsibility in the life and conduct of the Women's Residences. Such responsibility, it was thought, would make for the development of character and the promotion of loyalty to the best interests of the residences. The Association was founded upon an agreement between the authorities of Victoria College and the resident women students, which agreement entrusted to the latter the management of all non-academic matters pertaining to conduct while in residence. Annesley Hall was the first women's residence in Canada to adopt this system of self-government and with necessary modifications it has been functioning steadily and effectively since its introduction. Each woman student in the residences of Victoria College is automatically a member of A.S.G.A. and is subject to the legislation of its constitution. Representation on the executive from each of the four years is a factor in realizing the individual responsibility which each girl owes to the party she herself has helped to elect. It is this spirit of active co-operation between executive and members which is one of the reasons for the many practical successes attained since the inauguration of the system. The other reason is the sympathetic support given to the Association by Dean Jessie Macpherson and by the Dons, as a body and as individuals. With such assistance A.S.G.A. may hope to accomplish even more in the future and show itself a greater power in the life of Victoria College.

### The Sixty-Seventh Bob

**F**OLLOWING a sixty-six year old tradition the Bob Committee of 1939 welcomed the class of 4T3 into the portals of Victoria College. A hectic two weeks of writing and preparing skits, drawing up a programme, and rehearsing (?), resulted, as all previous ones have done, in the best Bob ever.

In the faculty skit our esteemed professors were seen attempting to decide which Dr. Brown was *the* Dr. Brown. The freshmen were presented as the horrible apparitions from the witch scene of Macbeth. The last act was a musical revue in lighter vein.

This year's committee is proud to have carried on one of Victoria's oldest traditions and wish future Bob Committees every success.

*Absent:* Mary CARTER.

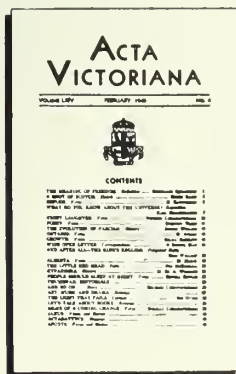

## Acta Victoriana

THIS year we started on the assumption that *Acta*, without sacrificing the high artistic and intellectual reputation which it has definitely established, could stand a bit of popularizing both for its writers and its readers. Hence our somewhat journalistic tactics which to the uninitiated must have seemed a bit cheap though healthy.

Changes were suggested in the Editorial Board so as to make the magazine more representative of the College. These will be put into effect next year. All *Acta's* possible claims to snobbery, priggishness, and exclusiveness were thrown to the winds by holding open meetings for conscientious objectors. All meetings, in fact, were made open to anybody. We even went chummy — calling ourselves by our first names on the masthead! To stir up the somewhat critically apathetic though interested reception of *Acta*, we had an open letter issue — which served its purpose. To encourage creative work we held more contests than ever and new writers were given the added glory of possibly being made

contributing editors. Staff members obligingly gave up their time-honoured right to monopolize all the prizes in favour of new people. The first issue was dedicated to the freshman year, dealing with their problems and written by them as much as possible. Last of six was the novel Victorianensis and Graduate issue, recording in prose and photographs Victoria's accomplishments of the year.

Any success the magazine has had this year is because of the enthusiastic, self-sacrificing co-operation of the staff, the contributors, and the subscribers and undergraduates as a whole.

#### VICTORIA COLLEGE MUSIC CLUB

*Second Row: LLOYD RUTLEDGE, Publicity Manager; MARY LOUISE BOTT, Associate Business Manager; EDWIN KIRKLAND, Business Manager.*

*First Row: DONALD DEACON, Treasurer; JEAN MARTIN, Associate President; NORAH PATTERSON, Secretary; WALTER ROBERTS, President.*

### The Victoria College Music Club

THE operetta "Patience" from the famous Gilbert and Sullivan repertoire was the production of the Victoria College Music Club for the 1939-40 season. Under the distinguished direction of Thomas J. Crawford, Mus.Bac., F.R.C.O., five performances were given in Hart House Theatre in January. For the first time in its history the music club went "on the road" as far as Exhibition Park where they gave a repeat performance for the troops in training.

The executive and members of the music club derive a real enjoyment from the club's activities. They have the distinction of taking part in first class production as well as becoming acquainted with the ever popular Gilbert and Sullivan works. Whatever success the club has had this season it is their hope that it will be transmitted to those who follow.

#### VICTORIA COLLEGE DRAMATIC SOCIETY

*Second Row: RICHARD STEWART, Vice-President; JOYCE BOOTH, Secretary; TOM PATON, Business Manager; ANGUS LOTT, Treasurer.*

*First Row: BETTY CUNNINGHAM, Associate President; C. HOWARD NAPHTALI, President; MARY CARTER, Associate Business Manager.*

### The Victoria College Dramatic Society

THIS year the Victoria College Dramatic Society offered a somewhat more variegated list of activities. The fundamental tenet of the Society was that every member should be given the opportunity to do what he or she wished to do in the field of drama. The executive strove to place more emphasis on phases of dramatic work other than acting itself. Instead of being content with giving its members parts in its numerous productions, the Society tried to give them opportunities for specialized studies in the basic aspects of the drama. Diction classes under the supervision of the Rev. G. MacMullen were established. In the Read-through groups members were enabled to experiment with characterization and interpretation in a way which otherwise would not have been possible. The establishment of a Little Theatre in Alumni Hall gave to all members the chance to act and an opportunity for training in the technical aspects of the stage. The plays in Hart House Theatre afforded the opportunity to act in a fully equipped theatre. The pièce de résistance of the Society was "Our Town" which, produced in December under the distinguished direction of Mr. E. G. Sterndale-Bennett, proved an unprecedented success. The enjoyable experience of taking "Our Town" 'on the road' as far as Kitchener was an innovation which added much to the 'esprit de corps' of the whole Society. It is that spirit of friendly co-operation which has done so much to ensure the success of this year's activities.

*Absent: BETH SPRINGER.*

#### TRINITY COLLEGE BOARD OF STEWARDS

*Second Row: P. A. CHRISTIE, Third Year Resident Representative; P. A. G. ALLEY, Second Year Non-Resident Representative; G. W. REED, Fourth Year Resident Representative; S. ARMOUR, Second Year Resident Representative; H. M. BRUCE, Third Year Non-Resident Representative.*

*First Row: L. J. DELANEY, T.C.A.A. Representative; F. F. NOCK, B.A., Head of College; REV. G. F. KINGSTON, Ph.D., Chairman; G. H. K. STRATHY, Secretary, T.C.L.I. Representative, S.A.C. Representative; R. W. DAVIES, Treasurer, Fourth Year Non-Resident Representative.*

## The Trinity College Board of Stewards

UP until a few years ago, all matters concerning the male students of Trinity College were dealt with by an assembly of the whole student body, known as the College Meeting. But, as the result of the increase in both the amount and the complexity of the business with which the students were faced, it became apparent that some form of executive structure would be necessary for efficient administration. Accordingly, in the fall of 1935, the College Meeting created an executive body, known as the Board of Stewards.

The Board is composed of the Dean of Residence, the Head of College, the Trinity representative to the S.A.C., a representative from the Literary Institute, a representative from the Athletic Association, and a resident and a non-resident representative from each of the three senior years.

By its constitution, the Board must report to the College Meeting at least twice a term, thus affording the students an opportunity of discussing the problems with which the Board is faced.

In its brief history, the Board has proven itself to be one of the indispensable bodies in Trinity College as a whole.

#### TRINITY COLLEGE LITERARY INSTITUTE

*Third Row: H. E. G. BULL, Keeper of the Mace; H. L. ABOUD, Debates Secretary; A. B. WHITELAW, Assistant Treasurer; G. H. K. STRATHY, Vice-President and Board of Stewards Representative; L. McQUADE, Curator.*

*Second Row: G. T. LUCAS, Treasurer; C. S. LAZIER, President; A. H. CROSBIE, Speaker; S. ARMOUR, Deputy Speaker; E. F. ROBINSON, Secretary.*

*First Row: D. F. ROULEAU, Clerk of the House; W. L. N. SOMERVILLE, First Year Councillor.*

## The Trinity College Literary Institute

THE Trinity College Literary Institute has now completed its eighty-ninth year as one of the most important societies of Trinity College. The motto, "*Feros Cultus Voce Formare*", suggests that the primary function of the Institute is the encouragement both of public speaking and of logical thinking by means of debates on a variety of subjects.

The meetings, held every Friday evening, are conducted under strict Parliamentary rules of procedure with the Speaker in the chair. The House is divided into Government and Opposition which are elected by the men students of the College and which hold office until turned out for real or imagined offenses, such as a supposed mismanagement of the ordinary duties assigned to them, or for some suspected "scandal". During the year "Open Meetings" are held frequently, and debates with other Colleges and Faculties take place.

The "Lit", however, is more than a debating society. It is responsible for the upkeep of the Rhodes Room and the Rownthwaite Room at the College, and the two Common Rooms at Trinity House; it is responsible also for supplying periodicals and newspapers both at the College and at the House.

Furthermore, the "Lit" is in charge of the *Conversazione*, one of the outstanding dances on the Campus.

We have been particularly fortunate this year in having a large number of timely and hotly contested debates, and some excellent speakers, members as well as guests. The meetings have been well attended, and there has been displayed a remarkable interest in the welfare of the "Lit".

#### TRINITY UNIVERSITY REVIEW BOARD OF MANAGEMENT

*Third Row:* E. A. PULKER, Assistant Business Manager; R. S. HARRIS, Assistant Editor; WILLIAM COLGATE, Chairman; E. J. BROWER, Associate Editor; P. A. CHRISTIE, Assistant Editor.

*Second Row:* A. E. A. ONGLEY, Business Manager; F. S. KER, Assistant Editor; A. E. BARKER, PhD., Convocation Editor; J. N. EMERSON, Associate Editor; J. M. S. CARELESS, Assistant Editor.

*First Row:* A. S. GIBSON, Assistant Editor; E. F. ROBINSON, Assistant Editor; JAMES GEORGE, Editor; A. S. THOMPSON, Assistant Editor; D. G. WATSON, Assistant Editor.

### The Trinity University Review

TRADITIONS, for some obscure sentimental reason, seem important to "the salt of the earth", but, if we must think of the past instead of the future, we can point to fifty-one years of successful publication. Originally, the magazine was known as *Rouge et Noir*, a sobriquet derived from the College colours. The name was changed early in its career because prospective advertisers were wary of a title which reminded them of a gambling game, but the policy of "*The Review*" has remained constant throughout its existence. Its aim has been to provide a record of the "literature, thought and events" which constitute college life.

The Board of Management has, after a period of several years of quiescence, recommenced its courtship of the *St. Hilda's Chronicle*, and it is to be hoped that next year the logical union may be happily consummated and an offspring more worthy of both parties produced.

A financial surplus has made possible the expansion of *The Review* this year. Cuts, photographs, and a more aggressive cover are some of the innovations.

It is the secret hope of this year's Board of Management of *The Review* that, past generations having produced poets like Archibald Lampman, they will unearth embryonic artists who will one day carry on the tradition.

#### ST. HILDA'S COLLEGE HOUSE COMMITTEE

*Second Row: LOUISE MATTHEW, Head of Second Year; MARGARET BRAVIN, Head of First Year; ROSEMARY ANNESLEY, Head of Third Year.*

*First Row: MRS. KIRKWOOD, Dean; CHRISTINA GILCHRIST, Head of College.*

### St. Hilda's House Committee

THE House Committee of St. Hilda's College consists of Mrs. Kirkwood, the Dean of Women and Principal of the College, the Head of College and the Heads of the three lower years. It meets to discuss the agenda for College meetings. It also acts as an executive for residence dances.

St. Hilda's is run on the year system. Each year is a distinct unit within the College, with its own duties and privileges. The Heads of the various societies are elected from the two senior years, and these years, the Fourth particularly, are responsible for the general discipline and management of the College. The Sophomore year trains the Freshies who have certain duties to perform.

College meetings are held regularly to deal with matters concerning the undergraduates as a whole. The Head of the fourth year, who is Head of College, is President; the Head of the third year, Secretary; the Head of the second year, Treasurer. The Heads of the years are chosen by the academic standing on which they enter College.

The Literary Society is active in promoting inter-year dramatics and debating, and brings interesting speakers to the College.

The Women's Auxiliary holds a yearly bazaar and tea, the proceeds of which go for missions. It also sponsors a social service department.

Receptions are held periodically at St. Hilda's. Each year has a formal dance, and the second and third years give a dance for the graduating year.

#### ST. HILDA'S LITERARY SOCIETY

*Second Row: A. IRELAND, S. SHARPE, J. GOODWIN, M. PAINE, B. CONWAY.*

*Front Row: M. CAMERON, M. DOUBT, C. ROUS, President: H. WORTHINGTON, G. IRWIN.*

### St. Hilda's Literary Society

THE standard set by the Society reached an even higher level than that of previous seasons, with a varied and interesting programme of speakers, plays, debates, and discussions. The practice of having a sing-song at the close of each meeting was revived this year, and these were ably led by Joan Griffith. Each year did a resident and non-resident play; the cup for the best play went to the third year non-residents. Inter-year debating was vigorously carried on, and the shield went to the sophomores, who won it last year as freshies. This year Saint Hilda's won the Women's Interfaculty Debating Shield. Our season closed with the Literary Society Dinner at which awards were made.

### St. Hilda's Chronicle

LAST year the editor of the *St. Hilda's Chronicle* made a successful drive to increase college interest in the magazine. The Executive of 1939-40 has endeavoured to carry this aim further and the result has been more and better material. They sought alumnae support to increase the circulation of *The Chronicle* to other colleges. In the second term, the executives of both *The Trinity University Review* and *The Chronicle* proposed the amalgamation of the two magazines to the respective college meetings, but as yet voting has not been held in Trinity.

## Medical Society

THE Medical Society has been active for the past forty-five years. During that time there has been little change in the original constitution and traditions. As has been the custom in the past, a large percentage of the Society's funds will be donated for the maintenance of bursaries.

The Society is composed of members from each of the six years. Representatives of the various medical committees, over which the Society has an indirect control, are also members. These committees are the Medical Athletic Association, the Medical Women's Undergraduate Association, the Medical "At Home" Committee, the Medical Journal, Daffydil Committee, the Graduation Banquet, and the Canadian Association of Medical Students and Internes.

The Canadian Association of Medical Students and Internes is composed of Medical Students across Canada. The importance of this movement is realized and the Medical Society is keenly interested in its development. Certain measures of student health have been carried out, besides establishing an Internes Board to facilitate Internes appointments.

The Society of this year extends best wishes of continued success to the Medical Society of the next year and those of the years to come.

#### MEDICAL WOMEN'S UNDERGRADUATE ASSOCIATION EXECUTIVE

*Second Row: MAJORIE MOSBAUGH, President of Athletic Society; JOAN FARQUHARSON, First Year Representative; PAT HAMILTON, Torontonensis Representative.*

*Absent: MING CHONG, Secretary; ISOBEL RIGG, Second Year Representative.*

## Medical Women's Undergraduate Association

THIS year the M.W.U.A. celebrates the twenty-third anniversary of its founding in 1917. It has been a most successful year in many ways. Its activities began on October 19th with a meeting at which the girls of 4T5 were initiated. All did not proceed in the usual manner, however, as the meeting was brought to a close by the class of 4T0 undergoing a long delayed initiation.

The November meeting was held at the School of Nursing, the speaker being Mrs. Malcolm Wallace. She addressed us on the founding and history of the Red Cross.

At the Christmas party the usual plan of giving toys to the University Settlement for redistribution was adhered to.

The nomination of officers for 1940-1941 took place at the February meeting.

That best known institution of the M.W.U.A., the Nabob tea, took place early in March before the depression of April and May had dampened the spirits of either the members of the Faculty or the students.

The service for the graduating class was held in Knox College Chapel under the leadership of one of the alumnae and was notable for its sincere simplicity.

Those of us leaving the Association this year wish it every success in the future.

## University of Toronto Medical Journal

THE MEDICAL JOURNAL in its seventeenth year saw many changes. The personnel of the staff was extended to include two new men. One of these was responsible for short fillers of historical and general interest, at the end of articles in order that each might begin at the top of a page. These were of such success that some students who had not read the Journal before now proceeded to do so. The other was responsible for pre-clinical articles, for it has been our policy to try to interest the largest possible number of students. Medical students possibly have the failing of any other student, that of looking back at the earlier years of the course as being in the limbo of forgotten things. We in the upper years are apt to treat Anatomy and Physiology with great condescension, so we hope these articles will stimulate to renewed activity those of us who belittle in our minds the basic sciences.

The Abstracts' section was bigger and better than ever, and was this year printed in large type. Not to be behind the times, the Journal presented an interesting and instructive series of articles under the general heading of "The Army Medical Officer". For the first time in many years the Journal was printed, very capably, at the University of Toronto Press.

We wish to thank all members of our Advisory Staff for their helpful advice. They were always ready to back us up on any ideas, indeed were responsible for a good few themselves. To all doctors on the staff of the Medical School and elsewhere who have written articles we extend our gratitude.

## Medical "At Home"

THE Medical "At Home" this year was under the able leadership of W. E. Ortved. In spite of its more conservative style, this year's dance with its many new innovations held up the fine traditions of past years. The famous, distinctive music by Bert Niosi, Canada's "King of Swing", was enjoyed by every one present.

The patrons and patronesses were President and Mrs. H. J. Cody, Dr. and Mrs. W. E. Gallie, Dr. and Mrs. E. S. Ryerson, Dr. and Mrs. Duncan Graham, Dr. and Mrs. Alan Brown, Dr. and Mrs. W. A. Scott, Dr. and Mrs. R. F. Farquharson, Dr. and Mrs. W. Boyd, Dr. and Mrs. J. C. B. Grant, and Dr. and Mrs. W. H. T. Baillie.

## Engineering Society

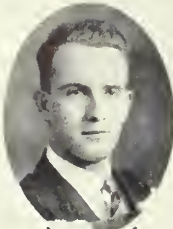

THERE is but one faculty yell as universally known as our Alma Mater's "Toronto", and that is the "Toike Oike" — distinctive trademark of Schoolmen wherever they gather, young or old. The actual translation of "Toike Oike" is lost in antiquity, but to those who use the cheer it broadcasts that intangible bond of unity which only Schoolmen possess — "SCHOOL SPIRIT". School Spirit and the Engineering Society were born together in 1885. Since that date the Society has become the most active, and the most financially sound faculty undergraduate organization on the campus. This position of leadership has been maintained this year through active participation in the many and varied extra curricula activities on this campus.

The Engineering Society has experienced this year innovations as well as increased success in all major social functions and meetings. A detailed record of each Freshman's talents was placed on file, an active part played in the Tenth Tri-ennial Reunion of the Engineering Alumni, individual registration of senior years with the Association of Professional Engineers, a comprehensive Brief of Student Opinion regarding Engineering Curricula was presented to Dr. Dugald C. Jackson of M.I.T. making a survey of School, and the School year climaxed at the annual Meeting by the stirring address of the first student president, H. E. T. Haultain, Professor Emeritus of Mining Engineering.

## S.P.S. Fourth Year

AS we sit back and review the four short years since we were the freshest of the frosh, we think of that first day of registration, the ignominy and later the pride of wearing the green tie, the glorious defeat of the Sophs in a shower of tomatoes and flour at the flag rush, the year parties, the Soph-Frosh dance, our first School At-Home, and School Nite, the thrills of the elections, those exams which crept up on us unawares, and lastly, do you remember the night the results came out?

Who could forget the good times we had in second year (the easy year) and those three and four lab reports every week in third year that took years off our lives and spoiled many an evening?

Then came fourth year, our last, with the uncertainty of the war and so many in the C.O.T.C. It is hard to realize that we are on the last lap, that we are now to fill the shoes of the seniors who awed us in first year. Graduation week, with the permanent executive elections, the Graduation Ball and the Kipling Ritual, climaxes four years of work and play. We have our iron-rings—we are engineers—except for some slight formalities in April. We have pulled together for four years so let's support our permanent executive and stick together for years to come.

### School At-Home

ON the 19th of January, to the haunting music of Bob Shuttleworth and his boys, Schoolmen and their lovely ladies celebrated another School At-Home in the Concert Hall of the Royal York Hotel.

This, however, was not just another School night, but with its ten-act Floor Show and the fine mural decorations depicting the several branches of Engineering, its set a new mark in School functions.

The patrons and patronesses were:

Dr. and Mrs. H. J. Cody  
Dean and Mrs. C. H. Mitchell  
Prof. and Mrs. R. W. Angus  
Prof. and Mrs. J. W. Bain  
Prof. and Mrs. H. H. Madill

Prof. and Mrs. C. G. Williams  
Prof. and Mrs. W. J. T. Wright  
Prof. and Mrs. R. R. McLaughlin  
Mr. and Mrs. W. S. Wilson

The music ended all too soon at 4.00 a.m., but usually reliable sources inform us that the party carried on under its own joyous momentum until a much later hour.

Highlights of the evening would include a song which had something to do with Astor, sung by Messrs. Pearl and Foran; the gentleman who had an inexhaustible supply of lighted cigarettes and cigars in his pocket; and an alluring chorus of dancing girls.

## School Dinner

"**T**HERE is no gathering at which I feel more at home than when I am in the company of Engineers". This introductory remark of the guest of honour sounded the keynote of the Fiftieth Annual School Dinner, held in the Great Hall of Hart House, Wednesday, November 22nd, 1939.

"Preparedness and Transportation" was the subject of the address by the guest of honour, the Honourable C. D. Howe, Minister of Transport in the Federal Cabinet of the Dominion of Canada. The speaker assured the Engineers that Canada was efficiently prepared to meet all demands made upon the nation's resources for the defence of the Empire.

The Golden Anniversary Dinner was highlighted by the participation, for the first time, of the ladies enrolled in the Faculty of Applied Science and Engineering. They were welcomed as fellow-Engineers worthy of the privilege bestowed upon them. Sir William Mulock, venerable Chancellor of the University, was accorded a five-minute ovation, and Professor C. H. C. Wright was royally received for his active participation in fifty School Dinners.

Dr. H. J. Cody, President of the University, entertainingly replied to the toast to the University, and Dean C. H. Mitchell demonstrated the value of the well-balanced training of the Engineer.

### School Nite

"THE best in twenty years", "The music was perfect". These and other comments were heard on every hand from Faculty and students alike as the great entertainment drew to a close. School Nite broke all previous records in entertainment and attendance. Set in the spacious and gaily decorated Hart House, nearly a thousand couples enjoyed the finest informal party on the Campus.

The Revue, produced and directed by Bill Brisco, opened the evening with a performance seldom equalled on the legitimate stage. The orchestra, comprised entirely of Engineers, Glen Miller'ed "In the Mood", "She Had to Go and Lose It at the Astor" under the capable conducting of Park Merrifield. Original tunes and songs were featured by those well-known Schoolmen, Tom Watson, Syd Dunn and Bill Brisco. Lucky prizes of the night fell on unsuspecting heads, — the Second Show trophy of a brand-new shovel of large capacity being captured by Dean Mitchell. (Sure enough, in the next edition of the *Toike Oike*, the Dean was the author of an article, "Spades, Scoops and Shovels.")

Richard Avonde, Commodores, Mel Hammill and Lloyd Kerr supplied lilting waltzes and torrid swing music. Canada's fastest swimmer, Bob Pirie, was ably supported by those shapely natators, the Mermaids, in Hart House. The "Nite" edition of the *Toike Oike* supplied sparking enjoyment with the buffet supper in the Great Hall.

### Transactions and Year Book

UNDER the shadow of war, close to one thousand strong, the men of School returned in September, 1939, to resume their lives of comradeship and friendly rivalries under the influence of a spirit which is the direct antithesis of that which has loosed the forces of power and destruction in other parts of the world.

The primary result of the war was the enlistment of a large number of Engineers in the C.O.T.C., but aside from this, life at School passed in much the same way as it has in previous years. And, as always, we of the staff of Transactions and Year Book have attempted to mirror and retain the images of the headlights of the diversified activities in which Schoolmen have engaged.

Among the items to be found is a list of those graduates of School who are at present serving in the active forces of Canada. Also recorded are the exploits of those who have fought for the Blue and Gold on the sporting battlefields close to home.

Speeches, dinners, parties, and those famous School dances have all received their share of attention, as well as more technical aspects as presented in papers or before the Society's general meetings.

## Toike Oike

THE Toike Oike, "devoted to the interests of the Undergraduates of the Faculty of Applied Science, published every now and then by the Engineering Society of the University of Toronto", has again made its appearance to presage every major social event of the Schoolman's year. The Freshman and Reception editions, devoted perhaps as much to the Sophomores as to the Frosh, were followed during the Christmas term by the special Engineering Alumni Reunion Edition, School Dinner Edition, and a Christmas Edition. Events publicized during the Easter term were School At-Home, School Nite, School Election, and Graduation Ball.

The column devoted to Athletics, appropriately headed "Sportoike" was conducted in a manner similar to that of previous years, to keep School in touch with its gladiators and to administer the occasional pep talk. A decided improvement in the paper was the addition of a feature devoted to the progress and plans of the Engineering Society Executive. A fine spirit of co-operation was forthcoming from the various Club Chairmen in submitting reports on the activities of the different clubs.

And thanks are especially due to Dean Mitchell for the time and effort spent in regularly contributing his thought-provoking philosophy.

### Architectural Club

**H**IGH-HO! Another year, another graduate! But, however the graduating year may have suffered numerically, the junior years are certainly making up for it. Our stay at Gull Lake camp this year was much pleasanter owing to the presence there of the girls of the second year, and Mrs. Carswell, who chaperoned them. The senior years found a certain quieting effect owing to their presence, which however, could not still their enthusiastic rendition of "Hymn 107" whenever the occasion seemed to demand it. Remember Paul Pentland's peculiar choice of bed-fellows—imagine wantin to sleep with a canoe!

On our return to school, we viewed with mixed feelings the definitely unco-educational freshman class, who seemed to have acquired in a minimum of time the ability of making the maximum amount of draughting-room noise, besides not being particularly decorative. However, they have become a great bunch of lads, and will be an asset to the department and the profession.

It was a pleasant surprise to find a new student in the second year, and two new members in the fourth year. The three students are from English schools, where architectural teaching has been more or less discontinued "for the duration". A real gain for us!

## Civil Club

THE raison d'être of the Civil Club is three-fold. Primarily its function is to promote fellowship and acquaintance among the undergraduates in Civil Engineering. Meetings are held monthly at which prominent engineers are invited to speak, on various topics of interest. As an affiliated organization of the Engineering, it forms an important link between the Department of Civil Engineering and School.

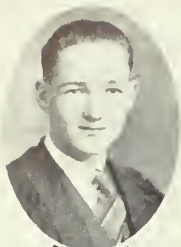

At the first dinner of the year, the freshmen were welcomed to our select society. Professor C. R. Young spoke on "The Status of the Engineering in Canada",—a condensation of an important paper to have been given at a world conference of engineers.

On November 3rd, the club had an interesting and entertaining trip to the Lackawana Plant, Bethlehem Steel Corporation.

Mr. J. C. W. Irwin, at an evening smoker held on November 29th, presented a very adequate discussion on the pressing need for "Conservation of Our Natural Resources". Professor R. F. Legget of the staff kindly addressed the second smoker on January 30th. His entertaining and polished presentation of the relation of geology to engineering under the title, "Building Downward", was of real interest to everyone.

A luncheon meeting and a rollicking dance party climaxed a successful year in the activities of the Civil Club.

## DEBATING CLUB EXECUTIVE

Faculty of Applied Science

UNIVERSITY OF TORONTO

1939-1940

### Debates Club

LOOKING over the club transactions during the fall and spring terms, a certain variety strikes us. There was the "Mock Trial of Hitler", when Ed. Pashler combed his hair diagonally across his forehead and went on trial as wild-man Hitler. In a two-man discussion on "Engineers as Executives", George Kelk and "Mayn" Bleaken dug up the information that a very large majority of college-trained presidents of industries were graduates in technical training. The public speaking contest was given a laugh when Jack Williamson couldn't make up his mind as to the selection of subjects written on pieces of paper. So Jack pressed his thumb on each piece of paper in turn and the first one to stick was the one chosen. The Club arranged for Mr. Jeff Rowat, General Sales Manager, Canadian SKF Company, to speak on "Selling as a Profession". He emphasized success from better expression of ideas.

On strict debates, the first Segsworth Debate, between Third and Fourth Years on whether there should be girls in S.P.S., was taken by Third Year who thought girls were a good thing. The second debate in the series was a tug-of-war between First and Second Years on the question of more practical instruction at College. The winner of the finals holds the Segsworth Debating Shield for the coming year.

## ELECTRICAL CLUB EXECUTIVE

and Engineering

UNIVERSITY OF TORONTO

1939-1940

### Electrical Club

THE Electrical Club has had another active and successful year. The meetings were well attended and fostered inter-year friendship, a primary object of the Club.

Early last Fall, Professor T. R. Loudon gave an interesting address on "The Engineer and the Army", in which he outlined the use of technical training to the best advantage in the military field. Professor Cass-Beggs, survivor of the Athenia disaster, related his experiences aboard the ill-fated vessel.

In late October, the Club visited the Dunlop Observatory, where Professor R. K. Young demonstrated the operation of the large telescope, and explained the mechanism. At the December smoker, Mr. J. W. Bateman, Canadian General Electric, spoke on "Recent Improvements in Lighting", with practical demonstrations with many new lamps. Mr. Henry Parker entertained the Club with clever anecdotes in his entertaining address, "Inspirations in Radio", at the January meeting.

The annual dance, held this year with the Mechanicals and Engineering Physicists, was a rousing success, although a certain broadcasting company was inclined to believe otherwise.

Our Bowling Night which appears destined to become an annual event, provided an evening of riotous fun, bringing out all the members, bowlers and non-bowlers. Some of the boys had difficulty in making a hundred, but everyone thoroughly enjoyed themselves.

### Engineering Physics Club

THE aims of the Engineering Physics Club are to promote lasting friendship between the members of all years in Engineering Physics, and to cultivate the interest of those who will be our employers in this new field of endeavour.

The Club activities began with the annual Club Dinner, when Dr. John Satterly entertained us with the interesting topic, "The Union of the Engineer and the Physicist"—supplementing this address with a timely discussion on "War Conditions in England". This dinner will long be remembered by the Frosh!

During various Smokers held in Hart House, such topics as "The Evolution of the Engineer", "Development of Power in Ontario", and "Work Done by the Research Council at Ottawa", were thoroughly discussed. Particular mention must be made of the excellent colour combination pictures depicting the construction of a transmission line in Northern Ontario, brought to us by Mr. Davidson of the Ontario Hydro Power Commission.

The apex of our social activities was reached on December 4th with a dance, held in conjunction with the Electricals and Mechanicals at the Arcadian, which was judged the "best ever" by all who attended.

## Industrial Chemical Club

GOOD things must come to an end and it was with much regret that we closed the year in which we got together once in a while for some fun and some serious discussions. These meetings were no little education in themselves.

This year our renowned trip to Buffalo became unique when our visits to the P. and G. Soap Works, Alliance Paper Mills and the Ontario Paper Mills were such outstanding successes, judging by the enthusiasm with which they were enjoyed.

At the regular meetings, a new note in entertainment was introduced and was enjoyed by everyone. Johns-Manville showed an interesting film on "Heat". Our Honorary Chairman, Mr. Buchan of Bakelite Corporation, presented an entertaining motion picture on Bakelite and answered all questions regarding the manufacture of this formaldehyde phenol derivative. Professor Allcut maintaining the high standard of discussions, gave a thought provoking discourse on "The Properties of Heat Insulating Materials". Mr. W. J. T. Wright's talk and the entertainment combined to make the January-February meeting a most memorable one.

The Executive has had much pleasure this year in serving the members of the Industrial Chemical Club and extends its wish for increasing success in succeeding years.

### The Mechanical Club

THE Mechanical Club has had twelve years of successful service as an independent club. The club dance, held in conjunction with Electricals and Engineering Physicists was such a rousing success that a well-known broadcasting company left the air on several occasions from sheer fright.

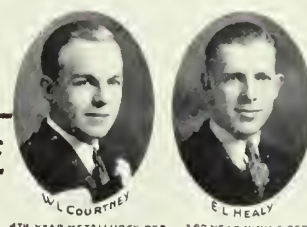

Professor R. W. Angus gave an interesting illustrated talk on "Hydraulic Development in Europe", at the first meeting of the year, while the next smoker was entertained by a former Honorary-Chairman and Engineering Society President '24, Mr. W. A. Osbourne, who spoke on "The Integral Furnace Boiler".

The third meeting was held in conjunction with the Mining and Metallurgical Club at which Mr. P. J. Dunlop described "Dust Control" at the Hollinger Consolidated Gold Mines. At a later smoker Mr. B. J. Elkin described "Modern Methods in Aircraft Production". On another occasion the members were guests of the A.S.M.E., when Mr. H. H. Angus spoke on "Practical Problems in Air Conditioning".

There were many note-worthy inspection trips to various points in Ontario and each had its individual highlights. The club closed the year with its Annual Dinner which was addressed by the club's Honorary-Chairman, Mr. S. Lorne Fear.

## MINING AND METALLURGICAL CLUB EXECUTIVE

## Mining and Metallurgical Club

THE activities of the Mining and Metallurgical Club began in October, with the customary "Initiation Smoker" held in the Music Room at Hart House. The Freshmen were introduced to the senior students in a healthier fashion than in the past, but the party was none the less humorous.

Mr. P. J. Dunlop, Ventilation Engineer, Hollinger Consolidated Gold Mines, presented a technical paper, "Dust Control at the Hollinger Milling Plant," to the November meeting, held with the Mechanical Club.

Dr. Dugald C. Jackson, Professor Emeritus of Electrical Engineering, M.I.T., who has been making an advisory study of the Engineering Curricula of the Faculty, favoured the Club with a luncheon address on the subject "Engineering", on November 22nd.

The first dinner of the year was held at the Canadian Military Institute in December, when President J. Gordon Hardy, Falconbridge Nickel Mines, related a witty account of his operations and travel abroad during the early years of his professional career.

Our gratitude is expressed to Mr. N. J. Parkinson, Honorary-Chairman, for his great assistance in arranging programs for our dinner meetings; to Mr. R. M. P. Hamilton for acting as A.I.M.E. Counsellor; and to Professor C. G. Williams, Prof. G. A. Guess, and Professor G. B. Langford for their kind guidance.

## Dental Students' Parliament

THE Students' Parliament is the official undergraduate organization of the Dental Faculty and has enjoyed a long history, dating back to 1875, when the Students' Parliament was inaugurated by the Royal College of Dental Surgeons of Ontario. Its constitution has been amended from time to time to conform with increasing demands placed upon the organization.

The official executive is known as the Cabinet, which is composed of thirteen members, headed by a president, and including a secretary, treasurer, presidents of all the years, and various committee heads. The president also represents the Faculty on the Students' Administrative Council.

The purpose of the Students' Parliament is to provide an official channel of communication between student, Faculty and University and to administer to all undergraduate activities.

This year has been highly successful, due mainly to the unstinted efforts of all Cabinet members. The Cabinet also wishes to thank the Faculty members for their hearty co-operation and to extend best wishes to all succeeding Parliaments.

THE annual production of Dentantics took place in Hart House Theatre on Friday, March the 8th.

This year's show was unique in several ways. The Australian students produced a skit of their own which was a distinct credit to the show. The theatre was completely sold out, and the Faculty turned out almost to a man. This year's record of co-operation should encourage next year's committee to even greater heights.

THE publication of the Faculty of Dentistry year book *Hya Yaka* is now in its thirty-eighth year. Its annual appearance has been a source of great pleasure to both faculty staff and students.

The book which contains the efforts of the students is a means of encouraging them to further literary endeavour; provides future record of all social and sporting events of the year, and is a memento of the very pleasant period spent at the Dental College in preparation for a chosen profession. The year book staff under the editorship of Michael E. Lucyk has endeavoured to improve the book by greatly increasing the number of pages and reproducing many pages of pictures taken by the students around the College.

## Knox College Association

THE Knox College Association is an official organization representing the students residing within Knox College, and a government which administers the affairs and directs the activities pertaining to residence life.

The House Committee with the willing co-operation of all the members has succeeded in maintaining the position of Knox as one of the best residences on the Campus. The Worship Committee promotes and conducts religious worship in the residence with evening worship and morning chapel services. During the year communion service is held in the College chapel by the members of the faculty for all men in residence. The Athletic Committee promotes all intramural and interhouse athletics and has at all times ably represented Knox in University athletics. The Social Committee conducts all the social activities of the College, providing an informal Fall party, the annual Christmas dinner, and the formal Knox "At Home" in the spring term.

The monthly meetings of the Association, being parliamentary in form, provide opportunities for debate and development in extemporaneous speaking. Constructive criticism from the opposition benches not only enlivens the meetings, but makes for efficiency on the part of the Government.

As a government, the Association holds as ideal a democratic and genuine fellowship for the whole student body.

## Knox College Residence

**K**NOX COLLEGE Residence, while mainly for those men who are preparing for the ministry of the Presbyterian Church in Canada, is also a university home for many students of other faculties. Almost every faculty of the University is represented in the Residence, as is almost every stage of college life, from that of the freshman to that of the post-graduate, and among her numbers Knox is proud to possess many men who have won high scholastic awards. The varied interests of Knox men contribute to the corporate life of the student body and go far to broaden the outlook of the individual.

Student government prevails in the Residence, and without any severe measure of discipline it aims to provide a congenial atmosphere in which lasting friendships and pleasant memories will be cultivated. In this work there are many opportunities for administrative experience.

Knox College is one of the most beautiful buildings of its kind and it provides the facilities required to satisfy all the needs, spiritual and physical, of those who enjoy its hospitality. The gymnasium is very conducive to intramural and interhouse athletics and Knox is unique among the University residences with its athletic facilities. Thus the men who leave it this year do so regretfully, but with them they will long carry treasured thoughts of old Knox.

### Emmanuel College Students' Society

THE E.C.S.S., comprised of the whole student body, and functioning through its executive, aims at co-ordinating student activities, thus giving every member of the Society an opportunity of participating fully in the various phases of College life.

The Vice-President's Committee promotes contact between Church students in Arts and men in Theology in an endeavour to strengthen the fellowship between these two groups. The Worship Committee, with the valuable help of the staff, has sought to maintain and strengthen the spiritual life of the College through a Spiritual Retreat held in the Autumn, morning Chapel Services, evening Prayers in the Residence, and monthly celebrations of Holy Communion. The Missionary Committee, in arranging for study groups, special speakers, a Missionary Conference, and in being the focus of a financial campaign, has actively presented a world-wide view of the Church and has provided an opportunity for men to participate personally in these Missionary projects. The Residence Committee has greatly assisted in fostering the spirit of fellowship and congeniality among the members of the Houses. Sunday Evening Musicales under its direction, Teas arranged by the Faculty Wives' Association, and Class functions, have done much in enriching Residence and College life.

The Theological Society has aimed this year at stressing the fundamental importance of theology itself in our present-day ministry, and the unique place it holds in relation to pressing modern problems of thought and action. The Society has co-operated successfully in the discussion of vital theological problems common to all Protestant Colleges on the Campus.

## Veterinary Students' Administrative Council

THE Students' Administrative Council of the Ontario Veterinary College is composed of three seniors, three juniors, three sophomores, and two freshmen, making a total of eleven members elected by a majority vote.

The Student Council promotes student activities, overseas student functions, and acts as a means of communication between the faculty and the student body.

The Council gratefully acknowledge the co-operation given them by Dr. McGilvray, the faculty, the student body and the Students' Council at Toronto.

### The Undergraduate Association of Occupational Therapy

THE Undergraduate Association of Occupational Therapy was formed in November, 1938. The purpose of this Association is to promote fellowship between the students of the first and second years in the course of Occupational Therapy; to further such enterprises as might from time to time present themselves, making it possible for the Undergraduates to enjoy University life to its full; to aid financially, as far as possible, such enterprises of the Canadian Association of Occupational Therapy as may require assistance; and to elect one student to be a member of the Editorial Committee of the *Canadian Journal of Occupational Therapy and Physiotherapy*.

In 1918, Professor H. E. T. Haultain of the Faculty of Applied Science and Engineering was appointed Vocational Officer for Ontario under the Department of Soldiers' Civil Re-establishment and, with a committee made up of the members of the staff of the Faculty of Applied Science, established a six weeks' course in Occupational Therapy which was later extended to three months. The last of the military courses was given in September, 1919, within which time three hundred "aides" had been trained. At the suggestion of Dr. Goldwin W. Howland and the Canadian Association of Occupational Therapy, the University of Toronto, in 1926, established a two-year diploma course, the entrance requirements being in accordance with the standards of the Faculty of Arts. This is the only course given in Canada, and in a recent survey was listed as one of six courses which met the requirements of the American Medical Association.

### Physiotherapy Undergraduate Association

THE Physiotherapy Undergraduate Association is the official organization of the students in Physiotherapy. Every girl in the course is a member and the executive consists of officers elected from both first and second years.

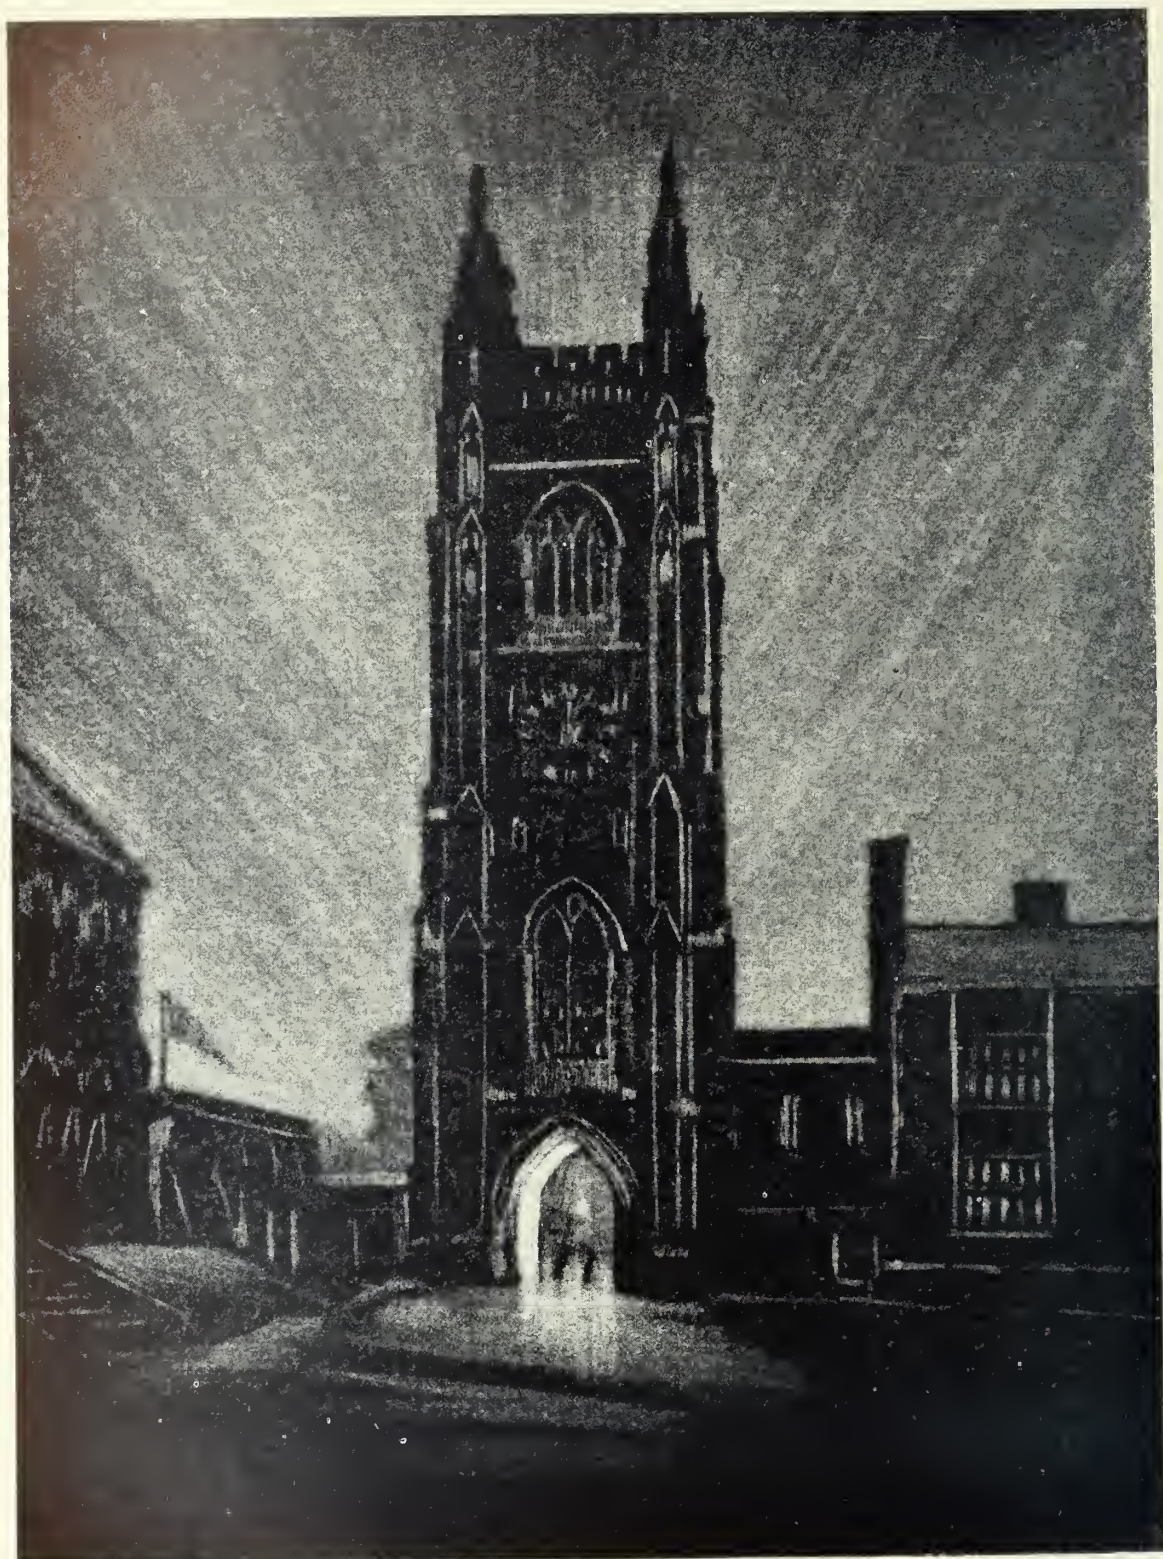

This organization was formed in the autumn of 1939 for the purpose of uniting the members of the course into one compact and co-operative group. It was felt that it would help further friendship between the members, and also to establish it as one, among other campus organizations. The Physiotherapy Undergraduate Association holds a meeting once a month during the college session at the new Physiotherapy headquarters, 184 College Street.

Our Association, combined with the Occupational Therapy Association, formed this year a joint Athletic Association which sponsors badminton and basketball.

The executive hopes that the Association, begun this year, will grow and take its place as an enthusiastic and progressive organization on the Campus.

Reviewing the results of the 1939-40 athletic season we find the Blue and White of Toronto proudly leading the way in nearly every form of sport sponsored by the C.I.A.U., as no less than 11 senior team trophies and 5 individual championships found a final resting place in the Varsity trophy cases.

Perhaps the most pleasing accomplishment of all was the splendid success enjoyed by the senior hockey team, winning the C.I.A.U. and the I.I.I.H.L. championships as well as the Pacific Coast Invitation Tournament. They were the outstanding team of the season.

In intermediate competition our teams have also made a fine record by winning 8 out of the 11 championships in this division.

### Senior Intercollegiate Hockey

AT long last our hockey fortunes have proved more than gratifying; the team made a four-month stand of successes, and in so doing compiled a record of twenty wins out of a possible twenty-one, seventeen of which were consecutive.

After a preliminary exhibition campaign against local mercantile outfits, the team embarked December 23rd on a precedent-making jaunt to California to engage in a three-day "tournament" with U.C.L.A., Loyola, Gonzaga, U.S.C. and University of California; this resulted in the annexation of the International Intercollegiate Pacific Coast Ice Hockey Championship. After sleeping and eating our way back across the continent, we swept our eastern series with McGill Grads, St. Nicks, Princeton and Yale, the latter two being League games.

The height of our success was achieved during the January and February stretch, when we recorded victories over Queen's 4-0 and 3-2, and vanquished McGill in two sweet orgies by 9-4 and 5-1. The result of this, and two wins over Dartmouth and Harvard, was to bring to Hart House the I.I.I.H.L. Championship, and the C.I.H.U. crown, which have been held by McGill for the past three years. Our lone reversal was administered by Toronto Goodyears, O.H.A. Senior Champions, in a crowd-pleasing game in aid of the Finnish Relief Fund, played before 11,000 fans.

Five years of industry and sacrifice on the part of Ace Bailey have finally been rewarded. To his conscientious effort, exemplified by numerous chalk-talks, individual coaching, and patient yet eager enthusiasm, should be attributed the lion's share of the credit. It would be invidious to discriminate among individual players, inasmuch as their special strength this year lay in their co-ordination as a team; the key-note throughout has been determined team spirit and unselfish co-operation.

## The Johnny Copp Memorial Trophy

THIS trophy, presented to the University of Toronto Athletic Association by graduates and undergraduates, is awarded annually to the member of the senior rugby team who, in that season, by his sportsmanship, character and playing ability is adjudged the most valuable member of the team.

The team has selected Douglas Turner, S.P.S. IV, as the 1939 winner. One of the most outstanding players to wear the Blue and White in recent years, the name of Doug Turner will always recall memories of an ideal athlete with all the qualifications it takes to be a great player.

## Senior Intercollegiate Rugby

AFTER eight long years the University of Western Ontario has at last arrived at the top of the heap in the Senior Intercollegiate Rugby group. Fielding a team that was strong and colourful in all departments they swept through the league undefeated to capture the ancient Yates Cup for the first time since 1931.

Varsity started the season in impressive style by defeating McGill in Montreal in the first game of the year. This game was to remain a pleasant memory as the Blues absorbed four consecutive losses thereafter. Two, to a superb Western team and two jolting upsets to an inspired Tri-colour.

Welcoming McGill as long lost brothers in the final game of the season, Varsity played heads up rugby to win decisively and ended the schedule on a pleasant note.

### Intermediate Intercollegiate Rugby

COACH BILL BRYERS produced a much better Intermediate Rugby team this year than that of last year. More promising material turned out at the beginning of the season, and those who turned out showed more enthusiasm than last year's team. However, in spite of good coaching and enthusiasm, the team was again riddled with injuries which made it most difficult for the coach to mould his players into a smoothly synchronized team.

At times, in spite of all misfortunes, the team showed flashes of form and looked like a championship team, but it was slow in starting and by the time it began working smoothly the opposing team had a lead and the remainder of the game was a hard-fought, uphill struggle from Varsity's point of view. The team this year was composed mostly of freshmen and sophomores with little experience, which made it still more difficult to work together as a team.

We made a good showing by winning both Western games, 8-6 and 11-3 and one of the McMaster games 15-0. We lost both games with O.A.C. 21-5 and 29-4 and one game against McMaster 10-2. But the season's work revealed some players who with a little more experience should be capable of filling the places of the senior players who are graduating this year.

On the whole the intermediates did rather well this year and a great deal of credit for this must be given to Coach Bill Bryers and our trainer Frank Jackman, both of whom looked after the welfare of the players and instilled in them the will to win.

## Senior Intercollegiate Track

THE University of Toronto lost its hold on the Intercollegiate Track Championship, which it has held for the past two years, to its old rival McGill, on October 20th, 1939, at Toronto.

The final points tabulation was McGill 67, Toronto 61, Queen's 18 and Western 17, McMaster not being represented at this year's meet.

Two new records were set in the field events by W. Brown of Toronto, and although Toronto placed 7 firsts to McGill's 4, the points piled up by the seconds, thirds and fourths, proved enough to give McGill the championship.

W. Brown scored 3 firsts, bettering the old shot put mark of 39 ft. 8½ in. by 1 ft. 11¾ in. and his own broad jump record of 23 ft. 2¾ in. by 6¾ in. as well as placing first in the discus. His brother, Harold Brown, also placed first in his three events, the javelin, the 100 yard dash, and the 220 yard dash. Between the Messrs. Brown we amassed 30 points. J. W. Dales chalked up the other Toronto first by retaining his pole vaulting crown for another year. Proderick of Toronto placed a close second to Harold Brown in the 100 yard dash, as well as taking a third in the broad jump and a fourth in the 220. Armstrong in the 120 high hurdles and Barnett in the 3-mile were the other Toronto seconds. Toronto's new distance man, R. Delaney, placed third in both the one mile and the three mile run, while Bajurney and Armstrong took thirds in the discus and 220 low hurdles respectively. Other point-getters for Toronto were L. Delaney, Purdy and Finlayson.

Loaring of Western again won his specialties, the high and low hurdles and was extended to defeat Fritz of Queen's in the 440 which was the closest race of the day. Fritz however won the ½ mile. The McGill firsts were: Cook in the three miles; Cowan in the one mile, and Bryant in the high jump, the McGill relay team also placing first over Toronto's third.

### Intermediate Intercollegiate Track

THE Intermediate Intercollegiate Track Meet was held at Hamilton on October 26th, 1939, with Western, Toronto and O.A.C. being the guests of McMaster University. The final score showed Varsity in second place with a four point edge over McMaster; O.A.C. was first with 73 points, Toronto 44, McMaster 38, Western 9. Three new records were established and two others equalled during the day.

Toronto scored two firsts, Cass in the 220 yard hurdles and Goodwin in the three mile—the latter was the most spectacular race of its kind in some time. Trussler of Toronto scored seconds in the pole vault and javelin, Orr in the high jump, and Onasick and Isbister in the discus and 440 yards respectively; Toronto also placed second in the relay. The other points scored for Varsity were Piper and Moore with thirds in the one mile and discus; and in fourth place Lewarne, E. Loaring and Moore; Bell Onasick and Stinson scored once; Keehan and Orr scored twice.

Congratulations are due to Hec Phillips for producing an Intermediate team that did even better than he himself expected. The material for next year's senior team looks very impressive.

## Senior Intercollegiate Harrier

THE Senior Intercollegiate Harrier meet was held at R.M.C. this year on November 11th, 1939. McGill, the defending champions, again took the title with a low score of 15 points; U. of T. second with 35 points; R.M.C. had 48; O.A.C. 53 and Queen's 74 points.

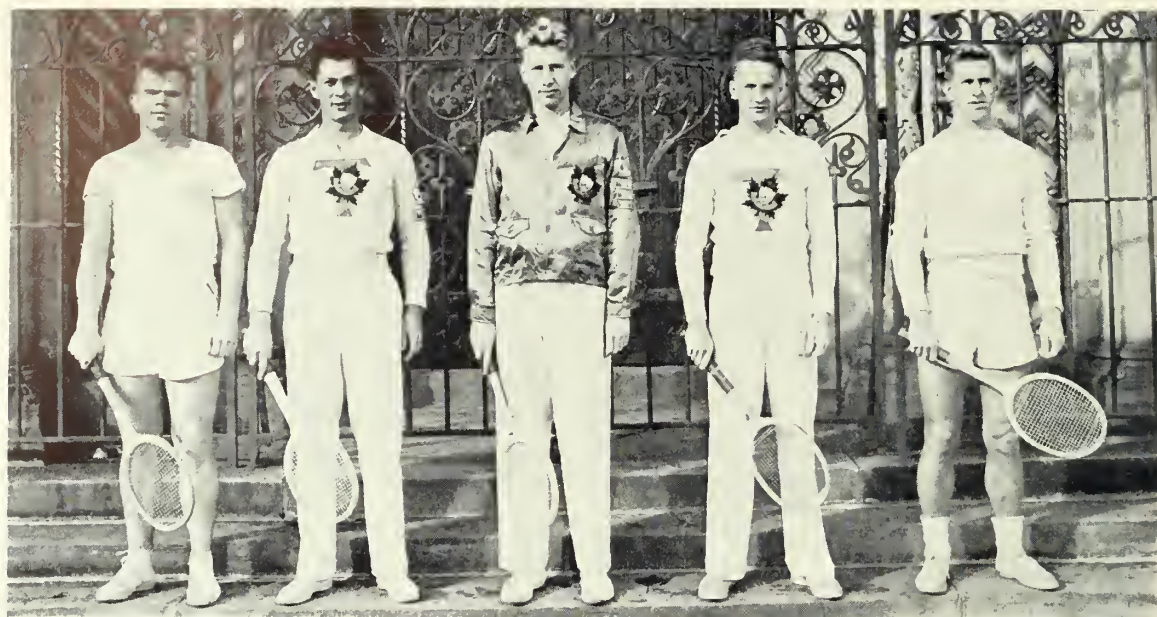

McGill's Lloyd Cooke topped the score sheet with a time of 32 minutes 15.7 seconds. For Toronto, Delaney finished fifth, Forrest 8th, Finlayson 12th and Barnett 18th, the first four men making a score of 35 points.

Varsity also ran in a dual meet at High Park with Alfred College in conjunction with the Senior Interfaculty. Alfred College won the meet easily as they have one of the highest ranking teams in the States. Toronto was again coached by Hec Phillips and trained by Abbie Foster.

## Intermediate Intercollegiate Harrier

THE Intermediate Intercollegiate Harrier race was held at Ontario Agricultural College on November 11th, 1939, with O.A.C., McMaster, Western and Toronto participating. Toronto successfully defended the championship by a narrow margin, in fact the fifth man was the deciding factor. The order of finish was Piper third, Taylor seventh, Saunders eighth, Olynk ninth and Hanna twelfth.

## Senior Intercollegiate Tennis Champions 1939-40

THE Senior Intercollegiate Tennis Tournament was conducted this year on the courts of the Toronto Lawn Tennis Club.

Competition was keen, but the Varsity squad managed to retain their hold on the championship for the fourth successive year. The final point standing indicates the nature of the struggle: Varsity 14, McGill 13, University of Montreal 11, Queen's 4.

Bruce Hall and Bill Small were the lone survivors from last year's squad, the newcomers being Jack Mullett, Ian MacCallum and Bob Rouland.

Hall and Small reached the intercollegiate singles finals with the former regaining the title he held two years ago. Derome and Gagnon, from U. of M., humbled Hall and Small in the doubles and went on to win the doubles title from Mullett and MacCallum.

## Intermediate Intercollegiate Tennis

**T**HIS year the Intermediate Intercollegiate Tennis Tournament was played on the courts of the Hamilton Tennis Club, with McMaster University acting as hosts, and for the fifth consecutive year the Toronto quintet succeeded in retaining the championship.

The team was composed of one veteran, R. Campbell, and four newcomers: J. C. Maynard, E. R. Willmot, W. A. Montgomery of Niagara Falls, and E. E. Davies of Australia. The tournament was played under the round-robin system, and at the completion of the singles play, Maynard, Campbell and Davies had won all their matches. No individual singles champion was declared due to inclement weather, but Davies, playing in No. 2 position for Varsity, would have qualified for an attempt at the title.

In the doubles, both Varsity teams succeeded in eliminating all opponents from the other colleges, making it an all-Toronto final. The doubles title finally went to Campbell and Maynard, triumphing over Davies and Montgomery in a twilight match.

## Senior Intercollegiate Soccer

THE season proved to be a most successful one for the Senior Soccer team. Undaunted by the loss of their capable coach, Mr. E. R. Slade, the Varsity boys set to work with a will—and with Jack Convey in the role of Captain and Coach—finished the season undefeated and thereby retained the Blackwood Trophy. In accomplishing this feat an exceptional record was established. In six league fixtures only two goals were scored by the opposition, while the Varsity men ran in twenty-seven counters. Moving farther afield Varsity engaged the champions and the finalists of the strong Toronto Garrison League. Decisive 3-0 and 6-0 victories indicated the strength of the current eleven.

Several outstanding members of the squad have competed for the Blue and White for the last time: Captain Jack Convey, Joe Muchan, Jock Honeyman, Tommy Rutherford, Les MacHattie, Jim Kane and Bill Small. However the remainder will provide a strong nucleus for next year's team and are set to carry on the torch.

## **Intermediate Intercollegiate Soccer**

**F**OR the third successive season the Intermediate Soccer team has concluded the schedule dead-locked at the top of the group with O.A.C. and this year are tie-champions, which is indeed a fitting honour for an undefeated team.

Once again a cosmopolitan atmosphere has persisted on the soccer field. England, Scotland, China, Japan, Newfoundland, the British West Indies—yes, and even Canada—all had representatives on the team.

Finally a word about our coach, Jack Convey. The teams were fortunate in securing such a capable successor to Mr. Slade. The task of guiding the destinies of two undefeated intercollegiate teams was no slight one, and we wish to take this opportunity of rendering our thanks.

## English Rugby

THE English Rugby Club met with a very successful year. With no new laurels to be gained the team managed to maintain its standing of past years and finished the season undefeated and thus winning their seventh successive intercollegiate title. In the fall the prospects for developing a team at times looked very slim. However the team members worked hard and many of them managed to carry both their English Rugby and C.O.T.C.

The team was fortunate in having Jimmy Bowles back as coach after a year's absence. Thanks to Jimmy's efforts and the very intense interest of Dan Coughlan, last year's coach, a winning team was produced. A preliminary series of games was held with the Toronto Irish who have always been an effective threat. This year an innovation was brought in with the establishment of home and home games with McGill. October 28th saw Varsity's Rugger team defeat McGill 11-8 in Montreal. Then on November 11th, in Varsity's own stadium Toronto won decisively with a score of 12-0, thus retaining the championship for them.

Always an integral part of U. of T.'s English Rugby teams the Australian component was as strong as ever this season. The team boasted six Australian who contributed very considerably both to team spirit and team achievements. Unfortunately, none of these men will be returning. Also graduating will be the Club's president, L. E. Prowse. "Lem" is in sixth year Medicine and leaves behind him a record of seven victories.

## Intercollegiate Golf

THE Islemere Golf Club, Montreal, was the venue of the 1939 Senior Intercollegiate Golf Championship.

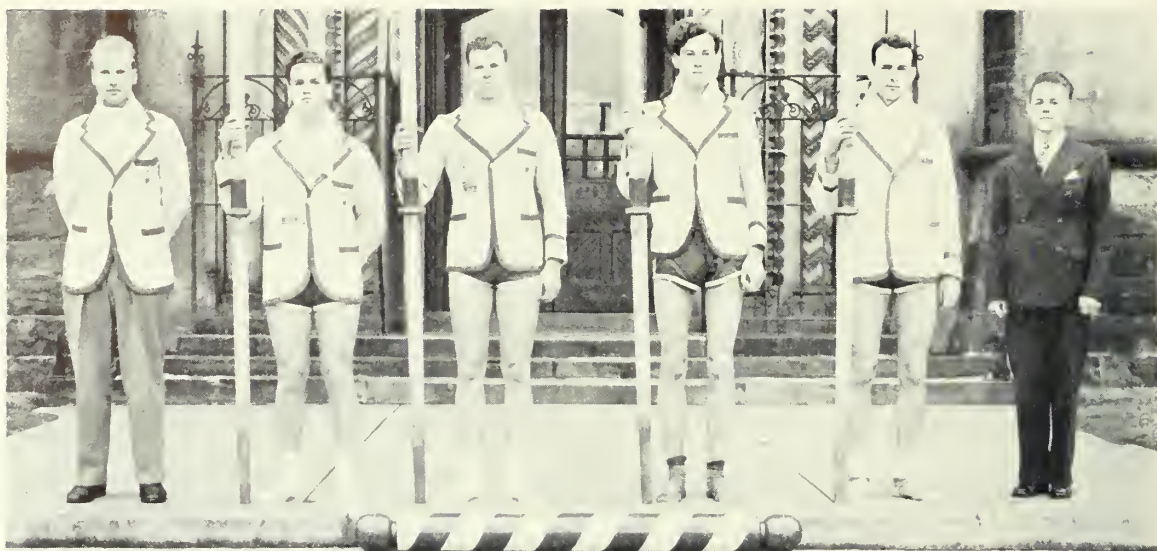

Competition for places on the Varsity team was very keen, and after the trials had been held, it was found that the team chosen to defend the Ruttan Cup consisted of Captain Bill Laird, Sonny Morse, and Clint Stephens of last year's team, with Ted King, Jack Boeckh and Robin Harris as the newcomers.

In the thirty-six hole individual matches Toronto obtained a substantial lead over McGill in the team match, while at the same time Sonny Morse of the Varsity squad captured the Canadian Intercollegiate crown with fine scores of 77 and 72. Clint Stephens, also of Toronto was runner-up with 75, 78. In the two-ball foursomes play held the following morning, Toronto again dominated the play and the squad led by Captain Bill Laird and Clint Stephens, won every match. The final point score found Toronto again in possession of the Ruttan Trophy by a margin of 19 to 8 for McGill. This marked the third successive year that the Varsity squad has emerged victorious.

The Intermediate team completed the golf sweep, defeating teams from Western, McMaster and O.A.C. in a tournament held at Glen Mawr Golf Course, Toronto. Our team was composed of Ralph Stuart, who won the individual title, Dave Stewart, Jack Newby and Bill Hunnisett.

In the Interfaculty Golf Tournament held at the Woodbine Club, U.C. emerged a winner after a close race with Trinity, S.P.S. and Meds.

## University of Toronto Rowing Club

THE Rowing Club opened its season on April 1st in a heavy snowstorm, but there was no serious training until the 24th of May. Coach Gord Bradshaw, after several trials, decided on a 150-lb. eight to officially represent Varsity. Byrnes in bow, was the only member having his first season. Kelly in two, Dale in three, Lawson in four, Hinch in five, Murphy in six, Macdonald in seven, Noakes in stroke, and coxswain Finlayson were all old hands.

They followed the usual local regattas with Argonauts, Don, St. Catharines, and Leander crews. The beginning of July found the crew in Ottawa where Bradshaw won the singles race and a huge silver cup. The crew won third place in their race, there being four crews in the race.

The big race was at the Canadian Henley in St. Catharines. They lost to Detroit by inches, matching them stroke for stroke for the mile and 550 yards. It was a hard race to lose after training religiously every night for two months. Especially for Macdonald who made weight only after fasting for two days. The day afterwards he put on 15 pounds.

The McGill-Varsity race came along after four weeks' training in September. The Varsity four with Macdonald, Yerex, Dale and Noakes, was successful against the first Red crew in Toronto since 1936.

The Loudon Regatta honours went to S.P.S. for the second time in as many years. Strange as it seems, Aerial Navigation, with only two entrants, were in second place, ahead of Meds., U.C., Vic. and O.C.E.

### Junior-Intermediate Hockey

THE Juniors started the season with the best prospects they have had for some years, of going places in the O.H.A. But their usual hard luck dogged them right from the start. A series of injuries riddled the team so that they were unable to make much of a showing in the games before the Christmas holidays. In the games after the holidays, they began to show the results of Jimmie MacPherson's able coaching. However, their jinx still followed them and although they fought hard in every game they were only successful in gaining one victory. The fact that they lost no less than nine games by a margin of one goal shows that they were in there fighting against every opponent. Towards the end of the season the heavy schedule introduced this year in the Junior O.H.A. "A" group, began to take its toll on the Varsity players. Against teams boasting some of the world's best junior hockey players, they showed remarkable results, but in the end they were defeated.

On coming up against teams of their own calibre in the Intermediate Intercollegiate group, the Juniors met with great success. They left no doubt of their superiority, winning all their games except one, with ease. They completed the Intermediate schedule in first place, bringing the Intermediate championship back to Toronto. In this accomplishment they were helped greatly by three players from the senior squad, who were ineligible to compete in the Junior O.H.A.

### Senior Boxing, Wrestling and Fencing

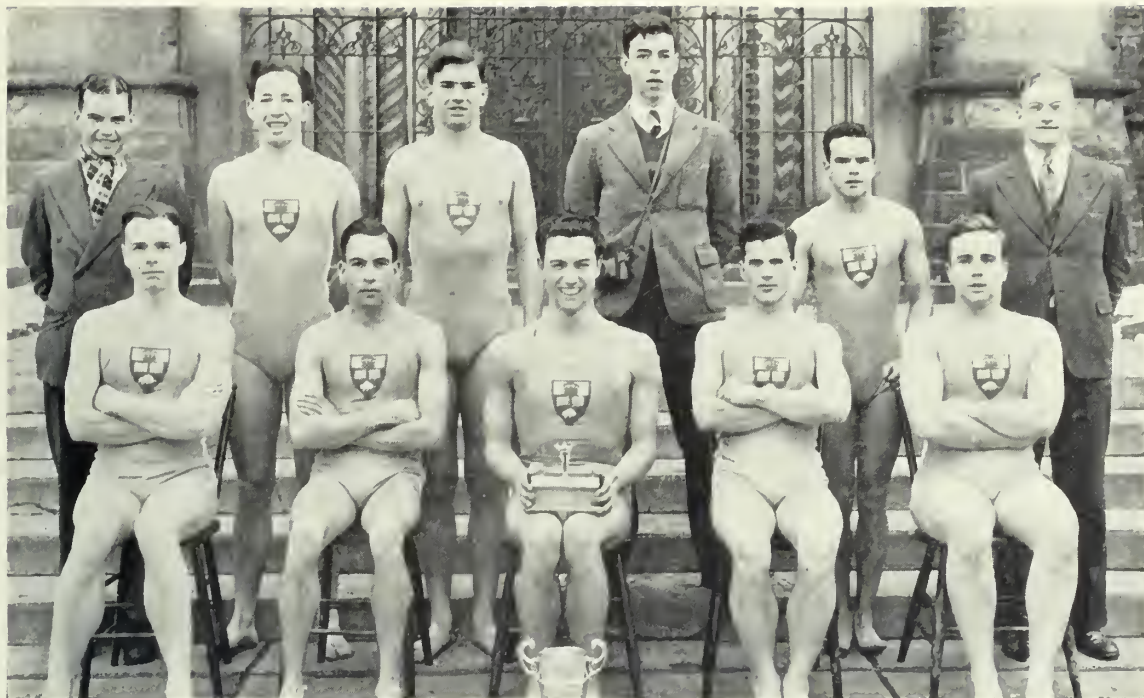

Varsity retained the Tom Gibson Trophy for the fourth successive year by winning the Senior Intercollegiate Assault-At-Arms held in Montreal, February 23rd and 24th. It took only six titles, three wrestling and three boxing, to win the Championship.

The three successful wrestlers, Mustard at 125 lbs., and Schwenger at 175 lbs., and Capt. Dobson at 135 lbs., retained their titles. The winning boxers were Patterson 145 lbs., Ramore at 155 lbs., McLean at 175 lbs. The fencing team, composed of Garcia, Tapsell and Horsey, took second place this year in team competition with Tapsell being 1st in the Individual Competition.

The senior squad in Boxing, Wrestling and Fencing had a busy season in international competition, meeting teams from Rochester, Buffalo, and St. Lawrence in wrestling, Penn State, Cornell and United States Coast Guard in boxing, while the fencers met Buffalo, Lawrence Tech., and Wayne University. The experience they gained in this type of competition stood them in good stead when they entered the C.I.A.U. championships.

On March 2nd three teams were represented at the Intermediate Intercollegiate Assault-At-Arms, at the University of Western Ontario, London, where Western won the Championship. Varsity won three titles, McAdam 125 lbs., Mees 145 lbs., in boxing, and Johns 155 lbs. in wrestling. Varsity also won the team fencing with Clarkson of Toronto individual champion.

President of the Club Bill Schwenger competed for the last time in the Senior Assault, winning his 4th successive Intercollegiate Wrestling Title and his seventh first colour. We need more men like Bill.

## Senior Intercollegiate Swimming

THE University of Toronto senior swimming team continued its succession of victories to make it four in a row. The meet was held in Toronto on February 23rd, between McGill and Toronto, the McMaster team having withdrawn. The Varsity swimmers took an early lead and slowly drew away from their competitors to end up with a total of 43 points to McGill's 21. Individual honours go to Ged Clawson, this year's captain, who won the 100 yard free style and was just edged out of the 50 yard free style by Pete Bourne of McGill; and to Maurice Clarkson who maintained his supremacy in intercollegiate diving, and who turned in a fast 50 yard sprint to provide the margin of victory in the final relay.

American competition this year was curtailed because of difficulties arising from the present conflict. The Blue swimmers journeyed away only once, to Rochester, and dropped a very close meet by 38-37. Michigan State was the only other opposition this year, and they proved to be a very superior team who defeated us 55-20. Only Maurice Clarkson and Ged Clawson saved the day by winning the diving and the 100 yard free style respectively.

Unique about this year's team is the representation from the freshman year—Galan, who hails from Cuba, Mendelsohn and Robinson, in Medicine. They will be valuable members of the team for some years to come. The team suffers the loss of veterans Lloyd Hampson, and Doug Hicks, but Coach Winston McCatty can look forward hopefully to another successful season in 1940-41.

## Intermediate Intercollegiate Swimming

THE intermediate swimmers from Western, McMaster, and Toronto met in Hart House pool on March 2nd and the Varsity swimmers well rewarded the hard work of Coach Cressy McCatty by bringing the title back to Toronto. It was a close race between Western and the Blue swimmers, with McMaster trailing third, and if Western had entered a diver and a breast stroker the final results might have been different. As it was Varsity maintained a leading margin and finished with 40 points, Western garnering 31 and McMaster 6.

Two new records were set, both by Toronto swimmers. Roger Beames splashed through the 300-yard free style to set the new mark at 3 minutes, 37.8 seconds, and the medley relay team consisting of Mabee, Beames and Henderson, set the new time of 3 minutes 51.2 seconds.

Exhibition meets were held with Kitchener this year in a home and home series, with the Blue team faring rather well. The intermediates should provide some excellent material for Varsity senior championship aspirations for next year.

## Intercollegiate Gymnastic Team

THE Intercollegiate Gymnastic Team has had another very successful year. On February 23rd the team made a trip to Montreal for the intercollegiate competition, those taking part being Varsity, McGill and Queen's. On that occasion Varsity won the Caron Cup for team competition and the Werry Cup for individual competition, for the eighth consecutive year. This was Queen's first year of competition and they distinguished themselves by gaining second place both in the team and individual standing.

Lorne A. Patterson of S.P.S. and Stu Macdonald of Meds., who are graduating this year will be missed greatly. Both of these men have been mainstays of the team all through their college years. Lorne Patterson won the Werry Cup this year, was also first on the high bar and tied for second place with R. O. Brett on the mats. He has placed consistently high in previous years, and has always been an inspiration to the younger members of the club. E. S. Macdonald, three times winner of the Werry Cup, turned in a thoroughly creditable performance again this year. J. M. Toye, Vic III, stood third in the competition at Montreal, and was second on the parallel bars and the horse. D. S. Simpson, Vic II, and R. Mendizabal, Vic III, maintained the team's high standard at McGill. R. O. Brett, Dents III, will be a valuable man in future competition. D. M. Coyle, Trinity III, made the team again this year but suffered an attack of appendicitis, and was unable to go to Montreal. The club is inestimably indebted to Charles Zwyard, who has made gymnastics prominent on this campus, for his personal interest in coaching the members.

The Gym Club has been glad to be of assistance at U.C. Follies, School Nite and Alumni Night, and also at the athletic nights in Hart House.

## Senior Intercollegiate Basketball

IN those hectic pre-season days early last winter, the outlook was anything but bright on the University of Toronto basketball horizon. Faced with the loss of his stellar duet of Rogin and Aitcheson and Capt. Walt McGregor from last year's five, and the problem of organizing a winning combination from a group of athletes, most of whom had never played together before, Warren Stevens had no easy task cut out for him. During that trying period, the rail above the big gym was crowded with throngs of curious spectators—a few stalwarts who refused to let the sad prospects of this year's team dim their loyalty, and far more who predicted dire results for the Big Blues in league competition.

The first few games seemed to confirm the opinion of the latter group. Pitted against fast American college teams, defeat followed defeat for the hapless Torontonians. When their regular season in the Senior Intercollegiate League was slated to begin, the records revealed that, among others, the U. of T. five had suffered defeat at the hands of Rochester, Niagara, Syracuse, Cornell and Colgate.

The great transformation came with their first joust in Intercollegiate competition, in the form of a smashing victory over a highly amazed Western team. From the sadly confused group which they had been earlier in the season, the University of Toronto quintet became the surprise team of the league, whose smooth passing, scoring punch and general teamwork garnered praise from all quarters. The end of the season found them sharing the championship of the Senior Intercollegiate League with Western, showing a splendid record of four wins against two losses.

To mention individual stars of a fine team would be an impossible task, but surely tribute must be paid to Chick Mahoney, playing his last of three years of Varsity basketball, to Jack Lavarnway, Red Cahill, Harold Axon, Don Finlayson, Bill Roberts, Vern Charlesworth, Frank Minehan, Perc Singer, and all the rest who made this successful season possible.

## Intermediate Intercollegiate Basketball

**F**IVE wins and one loss was just enough to give Varsity's representatives a co-championship with Western in intermediate basketball. An unexpected loss to the Mustangs in London by a close score was the only defeat of the season. An intercollegiate ruling prevents a play-off, so the intermediate Blues following the lead of the seniors finished the season with company on the lofty pedestal which they have occupied for seven years alone.

Four veterans greeted Coach McCutcheon when practices were first called. All four made regular places on the team, Captain Jim Cregg and Bob Rouland scoring 113 points between them. Fran Mathews and Jim Shute, the other veterans, amassed a considerable point total and were also responsible for team play which resulted in many of Cregg's and Rouland's points. Orm Weir and Harold Brown, British Empire track start were used regularly in the guard positions along with Kent Davis and Don Pringle, two freshmen of exceptional promise.

Five other freshmen completed the squad, Ken Hoyle, Bill Kompf, Bill Parchello, Larry Moran and Bill Hutchings.

Shute, Cregg, and Rouland will be lost by graduation, but the rest, along with the capable manager, Jack Ronayne, will be returning for at least another year.

## Senior Intercollegiate Water Polo

THIS year the water polo games were held in Kingston, with Toronto meeting Queen's on December 8th and the winner meeting McGill on December 9th. The Blue splashers had little difficulty proving their superiority over the Tri-colour swimmers, and the game ended with five goals notched up by Toronto, Baldwin, Green and Mabee scoring against a lone counter for Queen's. The home team had lots of fight but were no match for the more experienced Varsity squad.

Saturday afternoon we saw McGill and Varsity struggling in a determined effort to win. It was a very close game in every sense of the word, and leach-like checking kept scoring down to a minimum. Towards the end of the first half Captain Ollie Mabee set Varsity hopes soaring by scoring what proved to be the only goal of the game. The second half saw both teams pressing hard, McGill trying to even it up, and Varsity trying to increase their lead. But close checking kept both teams off the score sheet to yield Varsity the victory 1-0.

The victory broke the strangle-hold McGill has had on the title for seven years, and started off a very successful season for the swimming club. Much of Toronto's success is directly due to the fine coaching of Winston McCatty, the able assistance of Nelson Earl, last year's captain, and to the training gained from playing against the powerful Central "Y" team in a series of practice games. This undoubtedly gave the Varsity swimmers an edge in experience and condition over McGill and Queen's. Hopes are high for a repetition next year as only "Mac" Carter is graduating, and interfaculty competition has developed abundant new material.

## University of Toronto Ski Club

THE general enthusiasm prevailing at present in Toronto for skiing has been shared in no small way by the University students. Long before the first snow fell, Jock Fleming and his crew were hard at work clearing trails and generally improving our property. The club grounds have become a popular meeting place for the students and their friends every week-end and as often during the week as lectures and conditions are favourable.

An energetic instruction programme for undergraduates was set forth in the fall by Rodney Scrivener, but did not receive the support it deserved due to the lack of snow and crowded time tables this year.

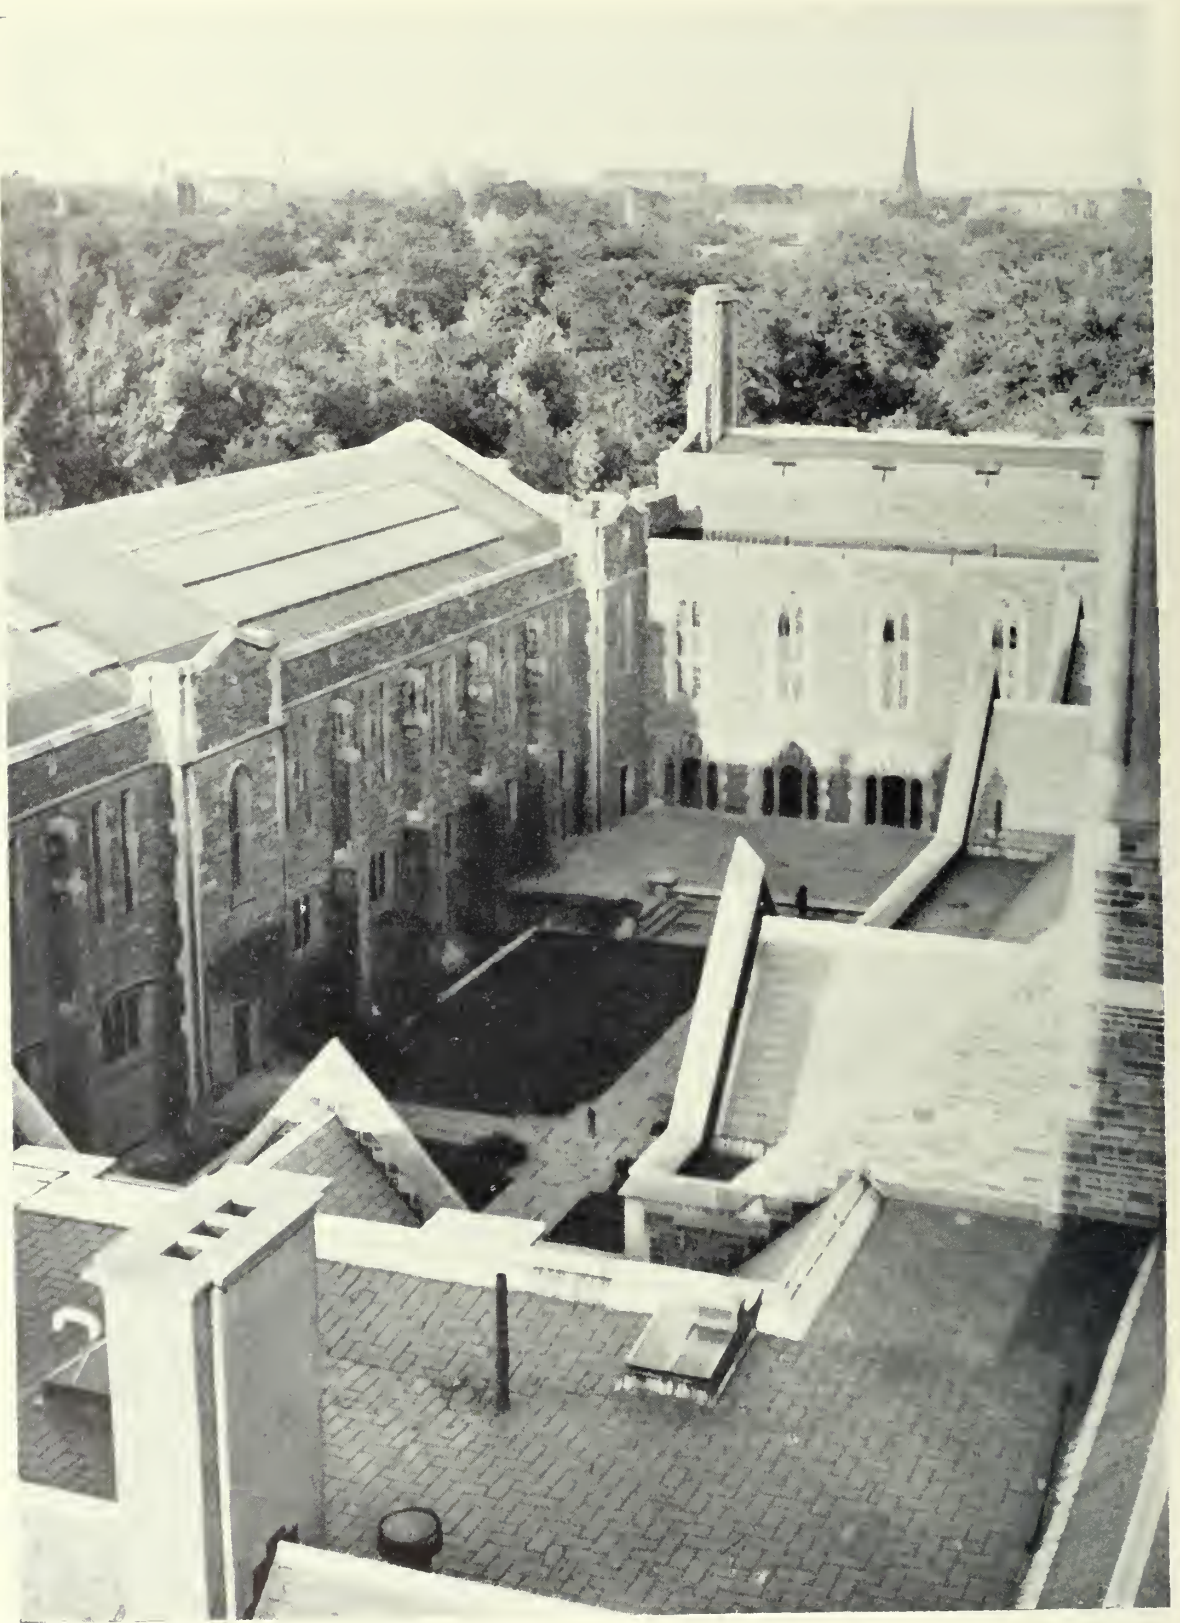

Two most successful ski trips were held this year and were thoroughly enjoyed by all students who made the excursions. The first was during the Christmas holidays and was under the capable guidance of the Canadian Youth Hostel. This trip was to the Laurentians and the second one was to Limberlost, this time by the Students' Council of the University of Toronto. Week-end ski parties are becoming increasingly popular throughout the country and the long line of cars and trains heading for the wide open spaces grows weekly.

Thanks to the careful training and unending enthusiasm of Mr. George Jost, our competitive section, headed by Tony Kingsmill, has had an unusually successful season. The interfaculty meet was well attended and the competition keen, although a few of the stars were still suffering from the effects of the night before. At St. Sauveur the U. of T. team carried off the Intermediate Intercollegiate Trophy despite some very stiff competition from McGill. This year's team consisted of John Ames, Hugh Gallie, Tony Kingsmill, Russ Smart and Dooley Murphy.

Our hats are off to President Eddie Dunlop for his capable handling of the club. Throughout the season he has spared neither time nor energy and this year's success is in no small part his doing. The open meetings each Thursday kept the whole University informed of the activities of the club and instructive entertainment was given. Three cheers for Punch Gallie who has kept the girls' section alive and turned it into a worthwhile University Club. The friendship and interest of Mrs. Von Seeman has been of immense value to the girls.

Even with a minimum of snow, this has probably been the club's best year and we are all looking forward to a grand season next winter.

## Intramural Activities

**A**FTER a very shaky start due to the unsettled conditions brought about by the declaration of war, the Intramural Activities programme settled down to a normal routine and a full schedule of sports was carried out for an increased number of participants. The splendid co-operation of the Officer Commanding the Canadian Officers' Training Corps made it possible for those undergraduates who were enrolled in the Corps to participate in the Intramural programme.

The Intramural Sports Committee, under the chairmanship of Murray Townsend, Meds., again acted as the administrative body and were responsible to a large extent for the smooth operation of the programme in which tournaments were run off without a hitch and almost five hundred games played with only two defaults. This Committee, composed of the athletic presidents of the various faculties, met regularly throughout the University year. John E. McCutcheon, Supervisor of Intramural Athletics, acted as Secretary of the Committee.

## Intramural High Point Championship for the T. A. Reed Trophy

Winners 1939-40: School of Practical Science

THIS trophy which is competed for annually by the Faculties and Colleges of the University is awarded on a point basis and embraces all phases of the athletic life of the undergraduate body.

The Colleges are divided into groups according to their registration and a point table has been arranged which makes it possible for small and large faculties to gain an equal number of points by putting forth an equivalent amount of effort. Thus the small faculties, where sport championships are scarce because of the small number of men available have an opportunity to gain recognition by consistent participation and ability to win in competition with opponents from the groups of their own size.

Points are awarded to faculties for entering teams, winning games, groups and championships and in individual sports for winning events, breaking records, entering men and for team championships. Points are also awarded faculties for having men on Intercollegiate teams.

This type of all-year competition has done a great deal to stimulate and sustain interest throughout the whole year and has increased competition to a point where every available facility is used to the limit. Over thirty-five hundred registrations, made up of over 2,000 individuals are made annually in the Intramural Department.

The handsome trophy for this competition was donated four years ago by the competing faculties and colleges and was named in honour of Mr. T. A. Reed, Secretary of the Athletic Association.

### University College Athletic Board

UNIVERSITY COLLEGE athletics are under the control of an Athletic Director elected by the male undergraduates of the College and a Board consisting of the Managers of the various teams. They are assisted in their endeavours by a Publicity Director and a Secretary elected from among themselves.

The main effort of the Board this year has been to create interest in all branches of sports among the students, not so much from a view of competitive success but rather from the more important viewpoint of the total number of men engaged in competition. The move has been reflected in the increased turnout.

This does not mean, however, that U.C. has not won its share of championships. G. H. Clawson won the Durnham Trophy for Swimming, and titles were obtained for Volleyball, Golf, and Swimming.

The Athletic Board would like to heartily thank J. E. McCutcheon, Director of Intramural Athletics, for his willingness to co-operate with them and the other college executives, and his unfailing interest in sport, whether played by first-class or mediocre teams.

### Trinity College Amateur Athletic Association

THIS Association is composed of every undergraduate male student enrolled in Trinity College. Each year this body elects an Executive Committee to control its business, which includes management of finances, purchasing and recording equipment for teams, electing managers and coaches, interpreting the Constitution and By-Laws of the Association and convening General Meetings, in which the opinion of the members may be voiced.

This year once again, our athletes are keeping the position of our College high in the Intramural sports standing. The Executive wishes to congratulate each and every man who has participated in Intramural and Intercollegiate competition. Noteworthy this year is general co-operation and enthusiasm in team sports. Their good showing is upholding the enviable record established by our members of former years.

The Executive sponsors certain events such as the Athletics' Dinner, Athletics' Dance (now in combination with the Trinity College Old Boys' Dance), and the annual Harrier. We wish to thank all those who have helped towards these successes. In connection with our relations with the University, we feel that we must voice our sincere appreciation of the U. of T. officials, and Mr. J. E. McCutcheon in particular, for their co-operation in this year of complications.

## Medical Athletic Association

THE Medical Athletic Association is comprised of every male undergraduate in the Faculty of Medicine. The government of the Association is in the hands of the Executive elected each year by the students.

The Executive is composed of the following members: an Honorary President chosen from the Faculty; a President, Vice-President and Secretary-Treasurer chosen from the Sixth, Fifth and Fourth Years respectively, and elected by all the undergraduates; and a representative from each of the junior years elected by their own year. The members of this chosen Executive are entitled to choose a Quartermaster from one of the upper years to purchase and look after equipment.

Once again this Faculty has enjoyed a very successful year. In a concentrated drive for the much-coveted T. A. Reed Trophy they have reached the third place and at the time of writing bid fair to catch the second spot holders. Many points were added to the total by the inauguration of a Soph-Frosh competitive spirit instilled in all athletic events, in which the leading year enjoys possession of the new trophy, the Meds Thunder Mug. Once again the total number of men engaged in competition was encouraging and their success is shown in the number of Med's Teams which have reached the play-offs in their various leagues. Several more teams were added to an already swelled list, making it easier for more to participate.

The Association has made arrangements to change the athletic system slightly next year in a manner which points towards great improvement.

## ATHLETIC ASSOCIATION EXECUTIVE

Faculty of Applied Science  
and Engineering

UNIVERSITY OF TORONTO

1939-1940

### S.P.S. Athletic Association

THE Engineering Faculty has been justly proud of the calibre of its teams competing in the Intramural Sports Schedule and the number of Schoolmen in competition has increased until upwards of three hundred men strove this year to place "School" to the fore. The athletic forces of this Faculty combined both quality and quantity to such degree as to cause grey hairs to appear on the heads of Athletic Leaders of other Faculties.

This year, the ponderous machinery of the S.P.S. Athletic Association gathered momentum very slowly and School began the season well down in the field of competition for the T. A. Reed Trophy. This may be attributed to the rather heavy time tables of the Engineers in combination with added hours spent in service with the C.O.T.C. The latter claims the activity of a higher percentage of Schoolmen than men of other Faculties. However, School has crept up to first place in the Intramural competition and expects to finish the season in top-ranking position.

As usual, the Faculty has been of service to the University in supplying its full share of men for Intercollegiate competition.

The Athletic Association expresses its gratitude to the industrious "Mac" McCutcheon, whose guiding hand insures the life and success of competition for the T. A. Reed Trophy.

### Bronze "S"

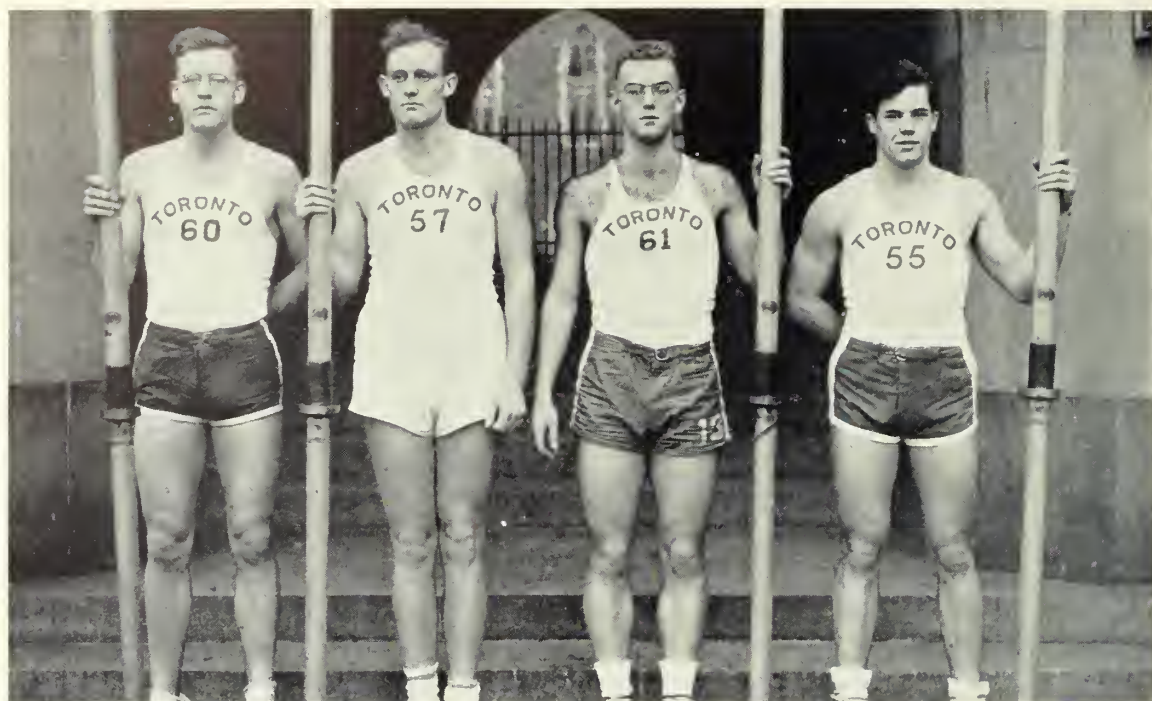

TO Doug Turner was awarded the highest athletic honour that may be obtained in S.P.S. The Bronze "S" is significant of high athletic ability, popularity, and service to the Faculty. In all of these divisions, Doug has a wonderful record.

In his first year Doug played on the Junior Intercollegiate Rugby Team and graduated to the Senior Team in his second year, where he played for three years and achieved remarkable success. He also played goal for three years on the S.P.S. Interfaculty Hockey Teams.

In his first year he was first year representative to the Athletic Association. In his fourth year he was elected to the position of 1st Vice-President of the Engineering Society Executive. At the same time he was elected to the Athletic Directorate of the University. As first Vice-President of the Engineering Society, Doug was the man directly responsible for the success of the School Dinner and the School At-Home.

His popularity speaks for itself and he is known well not only in this Faculty but throughout the entire University. We sincerely hope that Doug's successes may continue in the same brilliant plane. Congratulations, Doug Turner!

### Dental and Athletic Committee

THE Dental Athletic Committee supervises the athletics of the Faculty of Dentistry and is composed of members representing all the different branches of sport in which the Faculty has teams entered.

The Chairman of the Athletic Committee is elected from this group and holds a seat on the Students' Parliament Cabinet and also represents the Faculty on the Intramural Sports Committee.

This year, the Dental Interfaculty teams have been quite successful in the different sports and to the incoming executive may we extend our hopes for success in the 1940-41 session.

## Dental Athletics

**A** GAIN, the teams representing the Faculty of Dentistry have upheld the high standards of the College. Outstanding teams have been fielded in all branches of the athletic activities of the University. Although at this time we cannot claim any championship teams, our basketball, hockey and baseball teams are heading their respective groups.

As a faculty, Dentistry stands high in the running for the Reed Trophy, due to the whole-hearted support given to athletics by the students and Faculty.

## Emmanuel College Athletic Association

ATHLETICS in Emmanuel College take on new emphasis and meaning. For the first time, Emmanuel College has an Athletic Association, which although young in experience, has already proven its worth. The Association is comprised of every male undergraduate of Emmanuel. This body elects an Executive Committee yearly to control its business and further interest in athletics.

A very large percentage of the men in the College take part in both Intramural and Intercollegiate activities. To the amazement of all, the theologs led the race for the T. A. Reed trophy until Christmas by a handsome margin. New teams were entered in the soccer and lacrosse fields, winning for themselves the name of "Bearcats". Along with the other teams, they brought distinction to the College. Although no championships were won, several group honours were captured, and in harrier, track, and swimming, a good showing was made. Hall brought the Intramural and Intercollegiate Tennis singles titles to the College, while Rutherford, Forrest, Fennell, Brace, Green, Jackson and Oliver made Intercollegiate teams.

Even bigger things are expected next year, for what the College lacks in size is more than recompensed in the quality. In the future, the name of Emmanuel will be both respected and honoured on the whole campus.

## Ontario Veterinary College Athletic Association

THE Ontario Veterinary College Athletic Association is composed of every undergraduate in the Faculty of Veterinary Science. The governing body is elected annually by the student body, and the executive controls all athletics of the College.

Although hampered by the lack of athletic facilities on the campus, the Association has two fighting teams, a basketball and a hockey team, entered in inter-city and intra-city competitions. Both teams in the past have turned in very creditable records and this year are sure to better themselves.

This year saw the inauguration of a more expanded programme of athletics, whereby more of the students will be able to participate in sport. Due to the untiring efforts of the President, "Pat" Burns, keen intramural contests are being enjoyed.

The O.V.C.A.A. believes that the students need not look elsewhere for diversion as now interests are keen in all branches of sport.

## Women's Athletics

ONE and a half championships have been Varsity's portion in this year's intercollegiate competition—a sweeping win in the swimming and a tie with McGill in badminton. While this may not be quite so satisfactory from Toronto's point of view, it is certainly a much more equitable division than last year's complete Blue and White triumph in every field, and undoubtedly is to the advantage of intercollegiate sport as a whole.

An inexperienced tennis team, with the exception of the Captain, Marjorie Mosbaugh, went down to defeat in Kingston against powerful opposition in a tournament finally won by Queen's. Winifred Flanagan, "Sportswoman" on *The Varsity*, as the second singles player, put up a particularly good battle.

The Intercollegiate Swimming Meet was scheduled before Christmas this year as an experiment and was held in Hamilton on the afternoon of December 9th. Tradition was maintained when Toronto won every event, although, due to the slower pool, no records were broken. The teams were entertained at supper by McMaster after the meet, Mary Casson captained the team, which was once more fortunate to have the benefit of coaching by Mrs. Nisbet (Aileen Cochrane).

The struggle for basketball's famous "Bronze Baby" this year was staged at Toronto on March 1st and 2nd, and the hospitality efforts were apparently too great a strain on the team. They defeated Queen's in the preliminary on the Friday night but on Saturday afternoon went down fighting to a slightly superior Western team by three points. Beatrice Longley once more generously contributed her services as coach, Helen Gurney proved a most capable captain, and Zoe Christie acted as manager. The tournament and its attendant hospitality were splendidly organized and appreciation is due to the various committees who worked so hard and to the Deans and residence students who made it possible to accommodate the thirty-three guests. The Intermediates were not able to arrange a regular schedule, but played several exhibition games. They were capably coached by Miss Grace Doctor and managed by Margaret Foulds.

The badminton tournament was held in London this year and was played on the round robin plan, with a first and second singles and a doubles series. Toronto swept the doubles and second singles and broke even in the first singles, but McGill were able to create a tie by taking one point out of three in two of their losing matches. Catherine Bryans, the club President, acted as a most efficient manager for the team.

McGill once more included Toronto in the list for their International Invitation Ski Meet on March 10th. Having learned from last year's experience, McGill entered their truly outstanding "A" team and took the meet with a little to spare. Toronto had the satisfaction of taking second place against the splendid competition offered by Middlebury, Skidmore and Vassar. Marion Gallie acted as captain and manager.

In the various intramural series, the usual keen competition prevailed. Victoria took the tennis with Betty Bell of First Year winning the individual championship. The baseball once more provided more fun than science, with Vic. II winning the title in a triangular competition. The golf tournament was again held at Mississauga with University College as the hostesses, and the championship was retained by Marion Walker, U.C. II.

Thirteen basketball teams entered the series, and when the smoke of battle had cleared away, U.C. Seniors and Freshies were left to meet for the title in the finals held in Hart House. Each team took one game, but the Seniors had enough margin to win the round. The members of the team were almost the same as last year's Junior champions and were again coached by Mrs. Moffat (Erna Laing) and captained by Bobbie McDonald.

St. Hilda's clever team once more emerged as hockey champions after Vic. and U.C. had worn each other down with three tie games. The badminton was won by University College with both finalists representing the red and white. Shirley Geldert, U.C. I, won the championship. Physical Education retained the swimming championship by a large margin, winning all but two firsts at the meet. The individual champion is Margaret Hall of Physical Education with a total of 17 points.

Ruth Publow, Vic. III, won the bowling championship for the second year from the largest entry list to date. Recreational skiing, riding, golf and free and figure-skating have all flourished under the arrangements provided by the Athletic Fee.

The very notable assistance of the Men's Directorate and officials has been much appreciated, particularly in regard to the arrangements for the Inter-collegiate basketball tournament, and the services of the various coaches are also most gratefully acknowledged.

## University College Women's Athletics

THE season began very favourably with the interfaculty golf tournament which was competently managed by Marion Walker, U.C. Miss Walker also led the field for the second consecutive year. Mary Harding, U.C., was the low net winner.

The tennis matches were handled this year by Patsy McLaren. This was one of the most successful tournaments that U.C. has ever held. Beth Stewart was declared U.C. champion.

U.C. entered the usual three basketball teams. The teams were coached by Erna Moffatt, Joyce Chamberlain and Jean Clarke, and were managed by Anna Marie Smart, Erie Armstrong, and Gwen Taylor. The Seniors defeated the Freshies for the championship, thus bringing the cup to U.C. for the second consecutive year. This was the first time in University women's basketball that the finals brought together two teams representing the same college. There are four U.C. players on the Senior Intercollegiate Basketball team—Helen Gurney, Bobbie McDonald, Marg. Stock, and Zoë Christie.

Badminton also drew a large entry this year. The matches were handled by Kay Bryans. Shirley Geldert is both U.C. and U. of T. champion. U.C. won the interfaculty tournament.

This has been a very successful hockey season. The U.C. team, managed by Janie Warwick, was defeated in the semi-finals, after having played three tie games in the semi-final series.

The Intercollegiate Swimming Meet was held in the fall. U.C. was well represented by Bobbie McDonald, Betty Mortimer and Dot Hobson. Every member of this year's team won their events. The interfaculty meet was held in the spring term.

Skiing has been very popular this year. Marion Gallie, U.C., is the club president. U.C. has three members on the team which represented the University at the International Intercollegiate Invitation Meet in Quebec—the members are Marion Gallie, Hazel Brown, and Patsy McLaren.

### St. Hilda's Athletic Association

THE athletic season started off with our annual tennis tournament which was run off in fine fashion. The team which was chosen consisted of Connie Harrison, Mary Skeeles, Nadine Beardmore, Joan Griffith, Adine Seagram, and Helen Wright. Connie Harrison, who was on the Intercollegiate team, was St. Hilda's champion, and Adine Seagram was runner-up.

Our Freshie basketball team played hard, but with little success this year. We look on Joyce Porritt and Betty Knoll as very promising players. The Senior team, ably coached by Joan McMaster, almost made the grade, with players like Joan Griffith and Tibs Annesley on the forward line.

The hockey season began in January. The Saints, led by players like Paddy Lampman, Helen Wilson, and Joan Griffith, walked away with the Interfaculty Hockey Championship again.

The swimming meet was held in February, and the team chosen. It did very well in the Interfaculty Meet with Chrissie Gilchrist winning the plunge and Joan Griffith placing second in the diving. Joan was on the Intercollegiate team.

Tibs Annesley captured the Saint Hilda's championship in badminton, with Bobbie Griffiths as runner-up. Tibs also played doubles in the Intercollegiate Tournament.

Table Tennis, in its second year on our list of athletic activities, was played with much enthusiasm. Chrissie Gilchrist won the singles in the Tournament.

Best of luck next year, Saints!

The Medical Women have had a very successful year, and have participated in as many sports as possible. Marjorie Mosbaugh, our president, is well known for her athletic zeal, and has brought us many honours and recognition on the campus. We will be sorry to part with her, but she leaves behind her an Athletic Spirit which we will never forget.

We entered teams in most of the Interfaculty athletic groups, and although we did not win in any of our groups, we had heaps of fun.

# EATON'S

## .....THINGS THAT BELONG STICK!

In a boom era, as in eras of depression, there are things that belong and others that don't. Usually people who know their jobs manage to stick along through thick and thin . . . through bad times and good, just as you have stuck through the many years of your training . . . through tests and examinations to earn the right to belong to your chosen profession. Pretty much the same is true of business in general and departmental stores in particular. The fact that EATON'S has increased from a small store employing four people in 1869 to a Canada-wide organization employing twenty-eight thousand at present, would indicate that in the beginning we not only planted our roots deep in Canada, but more important, in the confidence of the Canadian buying public. This confidence we feel, has been established by the sound principles, laid down by our founder . . . Mr. Timothy Eaton. "Good value in good merchandise" . . . was one. "Strict veracity in advertising" . . . another. And behind them all . . . from 1869 to the present day, the Eaton Guarantee "Goods Satisfactory or Money Refunded" has been our assurance to you that your confidence in EATON'S cannot be misplaced.

## The NORTHERN-HAMMOND ORGAN★

*increases the RANGE and BEAUTY of any Orchestra*

"I was quite truthfully amazed at the superlative quality of the instrument." —Eugene Ormandy

"To my ears it seems the finest organ ever built." —Percy Grainger

The Hammond Organ is an ideal instrument for educational institutions. It possesses an amazing range of tonal effects and volume.

A versatile instrument, it can be used for Assemblies, Chapel Services, to accompany Choirs or augment Orchestras.

Completely electrical, it cannot get out of tune—is unaffected by changes in temperature or humidity. Upkeep cost is reduced to a minimum.

### ***And here are a few installations in Canadian Institutions:***

Conservatory of Music, Toronto  
 Havergal Ladies College, Toronto  
 Ontario Agricultural College, Guelph  
 Queen's University, Kingston  
 Mount Allison University, Sackville, N.B.  
 G. C. Lethbridge Studio, London  
 King's Hall College, Compton, P.Q.  
 Brentwood College, Victoria, B.C.

*Priced from \$1900 at Montreal*

★ The Hammond Organ is called "NORTHERN-HAMMOND" in Canada and is manufactured by Northern Electric under license from the Hammond Instrument Company.

# Keeping Faith with the Future

Far more than a manufacturing organization, Westinghouse carries on the pioneering spirit of its founder . . . keeping faith with the future of electrical progress:—

- By the training of new men.
- By the development of new methods.
- By the creation of new products.

When you buy an electrical product bearing the Westinghouse name you not only reap the benefit of this progress at the present, but you also make possible its continued advancement in the future.

# When Hamlet was at college . .

The only souvenir college students of Hamlet's day took away with them was the odd sword scar, won in some duel of honour.

Students of a later day keep college memories fresh in more convenient fashion. They put twenty-six leaden soldiers to work and permanize their past.

Age Publications Limited enjoys helping University of Toronto students realize this objective handsomely, efficiently, inexpensively. With its staff of highly skilled craftsmen, its long experience in journal and book publications of all kinds, its well-equipped plant, its richly creative art, lay-out and copywriting departments, and its convenient location, it offers printing purchasers the acme of dollar-value.
